New Chairs for the Board to Sit On—Other Matters of Interest.

The October meeting of the board of town commissioners was held Tuesday night. The full board was present with one exception.

After the payment of bills, the tax collector's and the treasurer's bonds were presented and approved. You may as well prepare now for the payment of your taxes.

Mayor Morrison was instructed to purchase and equip the city hall with a sufficient number of new chairs. For many years the board has been using chairs from the firemen's hall, ignorant of the fact that they did not belong to the mayor's office.

Owing to the fact that the property at Forest Hill has changed hands and has been properly ditched, suitable to all concerned the matter of drainage was tabled.

The ordinance that had been standing for more than a year not to open new streets was repealed and a motion prevailed to open a street from M C Walter's store, on West Depot street to connect with Corbin street near G M Walter's residence.

It was also decided to extend Valley street from West Depot to Corbin street.

The colored population along Happy Hill and over in Coleburg will get the street opened that they have been asking for. A street will be opened from Lore's meadow to the colored graded school, the course of the street being left in the hands of the street committee.

The board condemned a right of way back of W J Hill's place of business to place sewer to connect further down with the main city sewer.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her recovery, but two bottles of Dr. King's New Discovery saved her life. Mr. Thomas Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought a bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful it is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Fetzer's Drug store. Regular size 50c. and \$1.00.

Acknowledgment.

The relatives of the late Mrs. M G Miller are much gratified by the unstinted kindness shown them by the good people of Concord during the four days of distress spent in their midst. To a sorrowing heart "there's naught in this bad world like sympathy"—sympathy that finds expression in tender ministrations to one's comfort and convenience. Kind Mrs. Dusenbury and her assistants at the hotel left nothing undone for relief.

Dr. Young's gratuitous attention from first to last to our loved one was so tender and friendly that our most grateful acknowledgements are called out. Rev. Alexander's ministrations were all that our own pastor could have been. The funeral service was in every way appropriate and in good taste and the delightful singing by Miss Rose Harris and Mr. Lentz was especially enjoyed. M. G. G. Harrisburg, Oct. 14, 1896.

COMPLETE FUSION NO GO.

The Whites Forced to Stand Together for Protection—Manly Urged from All Sides—It is This or Negro Supremacy, and its Symbol of Russellism—Chairman Ayer Disapproves It.

The Democratic Central Executive committee held a meeting Monday night at Democratic headquarters, and had a long conference upon the political situation.

The News and Observer says that in view of the danger of sending several gold men to Congress from this State, and the solidity of the negro vote augmented by a large importation by the free use of money, the committee decided to make an offer of fusion on the State and Congressional tickets with the Populist party.

Chairman Manly was authorized to address a communication to Chairman Ayer and request an immediate consideration of the proposition by his committee, as the time for printing and distributing tickets is now very short.

During the past few days many letters have come in from prominent Democrats and Populists in all sections of the State urging joint action between all advocates of free coinage, so that the cause of the white metal shall be triumphant on election day. There has been a widespread desire expressed also for such joint action as would make it certain that the State should be saved from Russellism and its attendant evils. As the matter now stands, the race is in doubt. The Democrats have reason to hope and believe that Mr. Watson will win, but they know that recent negro colonization endangers the prospect of success with two silver candidates in the field. There is not a patriotic man in the State—no matter whether he is for gold, silver or copper—who does not shudder at the mere thought of having a Governor so vicious and malignant and vindictive as Daniel L Russell. In order to make certain of his defeat the Democratic State Central committee last night formulated a proposition to the Populists looking to fusion upon the State ticket, as well as the Congressional ticket, to supplement the electoral fusion already agreed upon.

If it is accepted, the menace of Russellism passes away, and the whole State will breathe freer; and the silver advocates in all sections of the United States will rejoice to hear that the silver forces in North Carolina will send a solid silver delegation to the House of Representatives and a free silver Senator to uphold the hands of President William J Bryan.

But on Tuesday the following telegram was sent out from Raleigh which reads the matter of fusion:

WON'T GO WITH AYER.

RALEIGH, Oct. 13.—The Democratic proposition for fusion has caused a profound sensation in the State and the anger of the Democrats is intense.

Populist Chairman Ayer gave out the following this afternoon; "You can say for me that the proposition will not be accepted. We will not entertain any proposition whereby we lose any of our Congressmen in the first, third, fourth, sixth and

seventh districts, whose election is assured."

To the question: "Are you adverse to yielding the governorship?" He replied: "To that I have nothing to say." Influential Populists say it is entirely too late to make any change in the ticket, as it takes two weeks to get the news to Populists in the interior. Senator Butler is determined to favor the proposition and the Democratic managers are in hopes that it can be arranged.

Found dead!

There is something so shocking about sudden death that the mere mention of it wrenches the nerves of sensitive people. Millions of people pray for deliverance from it. Every Sunday in every Episcopal church in the world, these words are said:

"From battle, and murder and sudden death Good Lord, deliver us."

Just why sudden death should be shocking, and death after lingering disease easy to bear, would puzzle any one to tell. It would seem that it would be more terrible to see some loved one wasting away, daily becoming weaker—daily slipping toward a death no less certain because it was slow in coming. Consumption causes more deaths than heart disease—more than cholera—more than yellow fever—more than any other disease the world has ever known. And yet people are careless about it. A man in danger of sudden death from heart disease can avoid the danger simply by keeping quiet and avoiding excitement. Consumption goes right on with its deadly work, no matter what the man does or how he conducts himself, if he doesn't take the right medicine to cure it. Consumption affects the whole body. It is a blood disease. It permeates the whole system. It shows in the lungs because the blood goes to the lungs for purification. It carries impurities there to be made pure. If there is too much impurity, the lungs are over-worked—overloaded—the impurity stops there. The germs of disease stop there. They develop and multiply and then consumption takes definite form. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption, lingering coughs, throat and bronchial diseases if it is taken according to directions. Get it at drug stores, learn all about it in Dr. Pierce's great 100 page work, "Common Sense Medical Adviser," sent FREE on receipt of 21 one-cent stamps to cover cost of mailing only. It contains 1008 pages, profusely illustrated. It is a veritable medical library, complete in one volume. Every family should possess a copy for ready reference in case of sudden sickness or accidents. World's Dispensary Medical Association Buffalo, N. Y.
