## AN ARM LACERATED.

Clay Lowder Receives Injuries at a Cotton Gin That are Quite Serious.

Clay Lowder, a young white man interested in the cotton gin and saw mill owned by Safrin & Lowder, at the Gold Hill and Salisbury fork in No. 6 township, met with a serious accident this (Monday) morning. He was handling the gin and in attempting to raise the breast to restore the roll, his hand was caught in the saw, cutting off three of his fingers and badly lacerating his left arm up to the elbow. His hand and arm was cut and jagged by the teeth of the saw for fully ten minutes before assistance reached him. Master Earle Patterson heard the terrifying screams of the young man a quarter of a mile away, he being at his grandfathers, Capt. Wm. Propat's. Earle ran to the mill, where Messrs Jake Barringer and Robert Safrin were working, and had the machinery stopped until the young man could be released from his perilous situation. Mr. Lowder received a wound on his forehead also. While the accident was a serious one, it is not considered fatal.

## Hon. R. B. Lacy.

The speech of Hon. R. B. Lacy on Saturday night was of that dignified, conservative, unimpassioned, edifying class that it is well to listen to. While it was more particularly addressed to the laboring class it was not of the nature to make the relations of capital and labor the less congenial and pleasant. It was not our privilege to hear the speech, but we are assured that it was a success, a credit to himself and the cause he so faithfully represents.

Knights of old—crusaders who went to conquer the world, could not hope to succeed unless they were in virile, hearty health. A man cannot face difficulties if his stomach isn't in good order. Disordered digestion will make a sluggish coward out of any man. It makes his mind stagnant, and he cannot think quickly enough to accomplish anything. It makes his movements slow, and takes all of the snap out of him. Every man in business in America has a fight on his hands just as much as ever had belted knight. It is a matter of life and death, just the same with him as it was with the crusader. Indigestion and all the ills that go with it, most frequently start in constipation. That keeps all sorts of impurities in the body, forces them into the blood, and so deranges the whole system. Constipation is one of the commonest ills, and to it are traceable most of the disorders that make people sick. Once it gets a firm hold on a man, it is most difficult to overcome it. Temporary relief can be obtained in a thousand ways. There are medicines on the market that will help as long as you take them. There is only one remedy that is a real remedy—that you don't have to keep on taking forever. That is Dr. Pierce's Pleasant Pellets. The "Pellets" are tiny, sugar-coated granules, mild and efficient in their action. They effect a permanent cure. You don't become a slave to their use, as with other pills.

If you will send a one-cent stamp to cover cost of mailing only, we will send you FREE the most useful medical book extant. This is Dr. Pierce's Common Sense Medical Adviser, in plain English; a book of 1008 pages, profusely illustrated, the great expense of preparing which has been covered by the sale of 800,000 copies at the regular price, \$1.50 per copy. ## The Morgan & Wright Guarantee.

The guarantee of the "good tires" is broad enough to cover almost any kind of ailments and to satisfy the most exacting rider, but the line must be drawn somewhere, and Morgan & Wright are trying to make it known to riders everywhere that the guarantee does not cover damages resulting from the carrying of anti-leak preparations inside the tire. By having as much air as possible in the M. & W. quick-repair tire before putting the tool into the puncture, and following the few other simple instructions in the catalogue, a permanent repair can be made in two minutes, at the roadside, without removing the tire from the rim.
