STARBUCK'S CHARGE. says North Carolina Was in Debt and the Legislature Had to Levy

More Taxes. Starbuck is making the charge that when the Republicans got in at Raleigh they found there was a deficiency of \$69,000 and that it was necessary to levy taxes on boarding houses, &c., in order to meet it.

It is the most charitable construction to say that Mr. Starbuck really don't know any better. A man of ordinary intelligence and research would never make such a charge, for he would know.

The facts are that in 1892 and '93 many of the penitentiary convicts w out at work on the different rellroads, not only paying for themselves but making some would not challenge the court. money for the State. Several of the State charitable institutions expended the amount appropriated by reason of extra demands upon them, and there was in all, a shortage of over \$60,000, but it was not for want of money, for when Treasurer Worth went into office he received and gave his receipt for \$180,000 but none of this money could be paid to any of these institutions for want of action by the Legislature and this body not Garnering In. being in session it could not be special session.

As stated above the Treasurer of the State had \$180,000, but he couldn't pay it out without an order and so it is seen that Mr. Starbuck's excuse for levying extra taxes is a fake as well as his charge of a deficiency.

A TEXAS JUDGE.

Believed That Decisions Should Be Based On Equity, if Not Law.

"We used to call him the cactus edition of Blackstone," said the mayor, who had lived in Texas long enough to make a fortune, "and the blind-eyed goddess never had a more peculiar representative. The law never bothered him a bit, but he reverenced equity. He had a dignity all his own, but never allowed it to interfere with his love of a joke.

" 'How old are you?" asked one of the lawyers of a venerable spinster on the stand.

Marvelons Results.

From a letter written by Rev. J. Gunderman, of Diamondale, Mich., we are permitted to make this extract: I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist brought down with pneumonia succeeding La Grippe.
