THE LUTHERAN LADIES.

Without encouraging imbecility or lack of masculine self-reliance, noble woman, always proving herself worthy of the homage she receives at the hand of true manhood, knows how to come to the relief just when it is needed and plays her part in roll of untarnished goodness in ways that more and more convince us that we could not get along without her.

The ladies of St. James proved their skill in managing their feast on Tuesday night and Wednesday noon in a way that netted to their generous patrons a feast—good things for the body and a social repast for the mind and spirit in a social way, while they realized about \$40 net that will afford freedom from much anxious care in the well strained congregation.

Honor to our noble women!

The great football game of Charlotte yesterday seems to have been a success, viewing it from several standpoints. It was most vigorously contested and victory was very adroitly achieved by the Charlotte team. Financially, too, it was a success, leaving some surplus over expenditures. It was also not a failure in casualty if reported correctly by eye witnesses. One at least, has little to glory over while nursing himself of injuries sustained. It is well that the strength, dexterity and courage of the race he kept up to ideal American manhood but when we see the not infrequent results of an essentially rough and hazardous game, we shrink from encouraging the modes that are fought with so much danger. When duty calls danger should be considered only as far as it does not circumvent a faithful discharge thereof, but amusements may well be discouraged that so frequently bring pain and grief and disqualify young men for the very life service that athletic sports are intended to prepare them for.

Again we hear of the drunken judge. The Burnsville Eagle says that in the midst of a murder case Judge Norwood became so drunk that he had to dismiss court, and a man on each side of him helped him to his hotel. What a blot on our civilization and a mockery of our courts, that we tolerate such a shame as a drunken judge to defend the peace and dignity of the State. If Judge Norwood is in grasp of an irresistible demon he should in a sober moment yield his place to some one who would not bring reproach upon the lofty profession.

SEVERE BUT JUST.

Twenty-Eight Anarchists Condemned to Death and 56 to Life Service.

BARCELONA, Nov. 24.—The Attorney General, who is personally conducting the prosecution of the prisoners who are under arrest for connection with the bomb-throwing in a crowded street while a religious procession was passing on June 7 last, has announced that 28 of the prisoners will be sentenced to death and 56 condemned to penal servitude for life. Great precautions will be taken against disturbances when the sentences are published. The court will sit in the vault of the fortress of Mont Juich and only the military and the attorneys will be admitted. The crime was one of the most fiendish outrages committed by anarchists in the last few years. The usual religious observances of the feast of Corpus Christi were being observed and thousands of people lined the streets to witness the procession on its way to the ancient church of Santa Maria del Mar. Just as the procession was entering the church a bomb was exploded in the crowd, killing a dozen people outright and wounding 50 others, some of whom died from their injuries.

It seems like a flower placed on the grave of Hon. Charles R. Crisp, that his son Charles R. is to fill his unexpired time in Congress. The son is but 26 years old but is said to display many of the marked characteristics of his father.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and the discomfort seem less. Perhaps the nerves are most affected and this in turn disturbs the digestion. Nothing will ever completely relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Favorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting a physician.

Send 21 cents in one cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Pat's Surprise.
John Kernel tells of an Irishman who went to a dentist's to have a tooth extracted.

The dentist told his assistant to get behind the chair, and at the proper time jab a pin in the patient's leg, so that the pain there would distract attention from the greater agony in his jaw.

Tooth pull and pin stab came together, and the Irishman, with a howl of anguish, turned a double somersault.

"Oh, murder!" he yelled; "I didn't know the roots was so far down!" London Figaro.

Do You Use It?

It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Ayer's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and, just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished. But the roots must be there. If you wish your hair to retain its normal color, or if you wish to restore the lost tint of gray or faded hair use Ayer's Hair Vigor.
