Rev. P M Trexler, of China Grove, spent Thanksgiving day in the city with Mr. and Mrs. Smith Shuping. His many friends were glad to see him on our streets again.

There were two break-downs on the streets at the same time Thursday. The running works of the front end of Corl's bus and the same particular parts of Brown Bros. bus broke down. The broken vehicles were soon repaired.

About two years ago, the Rev. Mr. Surf, of Blue Springs, Nebr., lost his hair after fever, and became nearly bald. He finally resolved to use Ayer's Hair Vigor, and now has as fine a head of hair as could be desired. This is certainly a fact worth remembering.

Rev. R H Parker will preach at Central church Sunday morning and night and will leave the city for his new charge at Lexington next Wednesday. Rev. J E Thompson, who will come to Central, is expected to arrive next Wednesday.

Mr. Gus Hartsell spent Thursday at Mt. Pleasant with his parents, Mr. and Mrs. W S Hartsell. Returning, Mr. Hartsell brought THE STANDARD an orange that was plucked from a tree grown by his mother. Its flavor we cannot vouch for, but its fragrant odor equals that of the orange blossom itself.

OF INTEREST TO LADIES.—The scalp may be kept white and clean, and the hair soft, pliant and glossy, by the use of Ayer's Hair Vigor. This preparation never fails to restore to faded and gray hair its original color. Sold by druggists and perfumers.

BABY'S COMING.

Nature intended that every woman should look forward to the coming of her baby with joy and hope, unclouded by anxiety. Almost painless parturition is quite the usual thing among uncivilized people. Even in our own country it occasionally happens with women in robust health and good condition. It ought to be the rule instead of the exception; and it is a fact that a very large proportion of the usual pain and suffering may be avoided by

looking after the mother's general health, and specially strengthening the particular organs concerned in parturition. Many mothers have been brought through the trying time almost painlessly by the aid of Dr. Pierce's Favorite Prescription. It prepares the system for delivery by imparting the organic strength and elasticity which the mother specially needs; shortens the time of labor and of confinement; promotes the secretion of abundant nourishment for the child and fortifies the entire constitution against the after period of depression and weakness. Its use should begin in the early months of gestation—the earlier the better.

Mrs. FRED HUNT, of Glenville, Schenectady Co., N. Y., says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with child, so I got two bottles last September, and December 15th, I had a twelve-pound baby girl. When I was confined I was not sick in any way. I did not suffer any pain, and when the child was born I walked into another room and went to bed. I never had an after-pain or any other pain. This is the eighth child and the largest of them all. I suffered everything that flesh could suffer with the other babies. I always had a doctor and then he could not help me very much, but this time my mother and my husband were alone with me. My baby was only seven days old when I got up and dressed and left my room and stayed up all day."

NOT LIKE OTHERS

There is a difference between medicines and medicines. Those of to-day, as a rule, differ from those of the past in many respects. Fully as great is the difference between Dr. King's

ROYAL GERMETUER

and the ordinary medicines of to-day. It is unlike them in

THESE FIVE THINGS:

- 1. It does not taste like a medicine. It is as pleasant to take as lemonade and makes a most refreshing drink.
- 2. It never nauseates the most delicate stomach.
- 3. It does not swap off one disease for another. It does not set up one form of disease in order to relieve another as is so often the case.
- 4. It contains no alcohol or opium in any form and is always harmless even when given to a babe one day old.
- 5. It does not patch simply, it cures. It reaches as nothing else does to the hidden sources of disease in the blood and removes the cause. It does this with an ease and power that have never been equaled.

For all troubles of the Blood, Stomach, Bowels, Kidneys and Nerves, and for all forms of MALARIAL POISON it stands pre-eminent—without a rival or a peer.
