A missing link, says a London cablegram to the New York Sun, has been discovered in Indo China, by a French explorer. It wears a tail and hair and talked reasonably. It escaped. Several others were seen.

The only inheritance many receive from their ancestors is impure blood. Fortunately, it is in everyone's to transmit a cleaner heritage to their posterity by the simple use of Ayer's Sarsaparilla, the only blood-purifier admitted at the Chicago World's Fair.

Mr. J W Cannon returned from the North Saturday night. He says that people up there look forward to doing great business next spring, following the inauguration of President-elect McKinley. Mr. Cannon is pleased with the general business outlook.

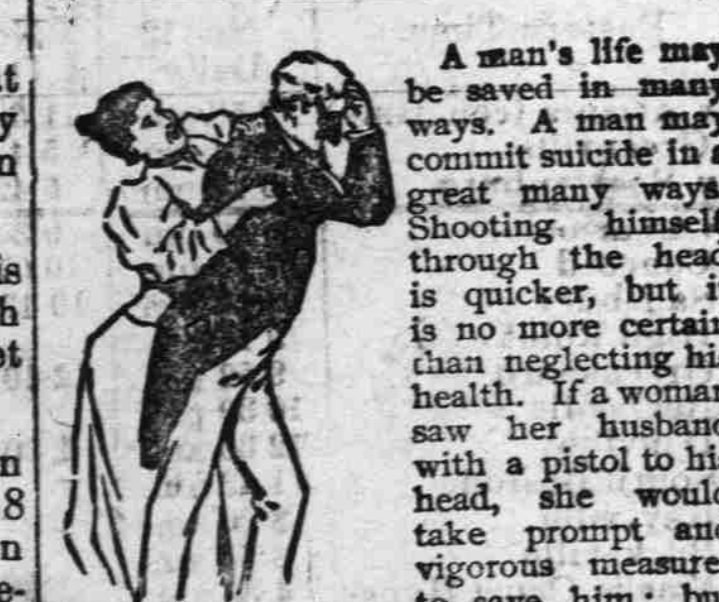

Scrofula is one of the most fatal among the scourges which afflict mankind. Chronic sores, cancerous humors, emaciation, and consumption, are the results of scrofula. Ayer's Sarsaparilla eradicates this poison, and restores to the blood, the elements of life and health.

Says the Raleigh News and Observer: "State Printer Stewart charges the State over \$12,000 for printing the pension lists. The same work was done by E M Uzzell under a Democratic administration for \$700. This is reform with a big R." Yes, reform comes high but a majority of the people of the State seem to want it and they must have it.

Forest Hill Methodist church congregation took up a special collection Sunday night for the Oxford Orphan Asylum and raised about \$15. A thank offering amounting to more than a quarter of a hundred dollars will go to that great institution from the Methodist congregations of this city.

**Will probably Snow To-night.**  
 It will not be surprising in the least if snow falls tonight. The forecast received at noon says, "Rain or snow tonight; partly cloudy tomorrow."

A man's life may be saved in many ways. A man may commit suicide in a great many ways. Shooting himself through the head is quicker, but it is no more certain than neglecting his health. If a woman saw her husband with a pistol to his head, she would take prompt and vigorous measures to save him; but the same woman might see her husband on the down-grade to disease and death without seeing the seriousness of it. One-sixth of all the people who die, die of consumption. Consumption doesn't come all at once. It is insidious. The seeds of it are seemingly insignificant. Most people do not know how it starts. Thousands of people are on the road to consumption and don't know it. Whenever there is loss of flesh—paleness—wasting away—look out. Consumption easily finds a foot-hold in a weakened body. Low vitality, impure or poor blood, imperfect digestion, nervousness, sleeplessness—all these lead to consumption.

Taken in time, Dr. Pierce's Golden Medical Discovery will prevent the development of the disease. Taken according to directions, it will positively and perfectly cure ninety-eight per cent. of all cases of consumption, whether incipient or fully developed. Consumption is a disease of the blood. The "Golden Medical Discovery" is a cure for all blood diseases, no matter in what part or how they manifest themselves.

If you want to know all about it, and what it has done for other people, send twenty-one (21) one-cent stamps to cover the cost of mailing only for a FREE COPY of Dr. Pierce's great 1008 page work, "Common Sense Medical Adviser." Every family should have a copy of this book for ready reference. World's Dispensary Medical Association, Buffalo, N. Y.

**Females Engage in a Scrap.**

The loud, boisterous and profane talking of Anna Peay, Carrie Jane Peay and Hannah Hall, on East Depot street Sunday afternoon, was as good a drawing card to get a crowd as was the circus on the day previous. The three women, all colored, were returning from church services and fell out about "giving the road" and who was entitled to the biggest half. It wound up in a general melee—mud slinging, punching and cursing. They were arrested and fined \$3 each and liberated from custody.
