The Federal Court docket next week will be quite a heavy one, and more than the usual number of moonshiners will probably spend Christmas in prison. The result of every December court is that 15 or 20 of them have to play Santa Claus in jail.—Charlotte Observer.

The little son of Mr. J E Eagle died yesterday evening at Forest Hill and was buried this evening at Big Lick. Its mother departed this life two years ago when little Sammie came into it to remain so short a time, only to leave a sorrowing father, brother, sister and grandmother now, all of whom have our sincere sympathy.

A dose that is always reasonable is a dose of Simmons Liver Regulator. It regulates the liver and the liver regulates the person. If the liver is regular then health is good, but if sluggish or diseased then there is constant Billiousness, Indigestion, Headache and all the disorders of the stomach that one hears of. Try Simmons Liver Regulator and prove this.

Same Here.
 Manager Marsh, of the Salisbury Opera House, publishes a card in the Salisbury World urging his patrons not to attend the performance of the May Davenport company, which shows there tonight. He booked the company before he knew the character of the show, and after learning of it, tried to cancel the date, but could not reach them in time. The same conditions prevail here in regard to this company, which will be here tomorrow night.

Women go on, heedlessly ignoring the dangers that lie right in the path of their thoughtlessness. They neglect little warnings until they get used to them. The warnings become louder and louder, and still they do not heed them. Their sickness increases like a snowball rolling down hill. The sickness comes on gradually, and they get used to it gradually, but it ruins their lives just the same. One woman in a hundred, perhaps, is perfectly healthy. Sometimes her weakness is inherited, sometimes acquired by carelessness. In every case, care and Dr. Pierce's Favorite Prescription will give her new life and strength and vitality. It will fill out the hollows in her cheeks, bring color to her lips, brighten her eyes, and make her really and truly a woman. The "Favorite Prescription" is of inestimable value at three stages in the lives of every woman—when the girl becomes a woman, when the woman becomes a mother, and when the mother becomes incapable of maternity. At these times it gives safety and strength. It is the only medicine now before the public for woman's peculiar ailments, adapted to her delicate organization by a regularly graduated physician—an experienced and skilled specialist in these maladies. It cannot do harm in any condition of the system. Its sales exceed the combined sales of all other medicines for women.

Every woman should have and read Dr. Pierce's Common Sense Medical Adviser, a great book of a thousand pages, profusely illustrated which will be sent free on receipt of 21 one-cent stamps, to pay for mailing only. Address, World's Dispensary Medical Association, No. 66; Main Street, Buffalo, N. Y.

The Year Round

Some Medicines belong to one season and some to another.
DR. KING'S ROYAL GERMETUER
 IS IN SEASON ALL THE YEAR ROUND.

IN THE SPRING
 It purifies the blood, removes languor and depression, invigorates and exhilarates the whole system.

IN THE SUMMER
 It overcomes the relaxation and debility caused by hot weather and corrects bowel troubles that are so prevalent then. Besides, it makes the most delightful and refreshing drink.

IN THE FALL
 When malaria "rides on every passing breeze," it is the great preventive and the unfailing cure of troubles resulting from that cause.

IN THE WINTER
 It is still needed for curing Colds, Grip, Catarrh, Rheumatism, and the ills that belong to cold seasons.

It does these things not in a feeble and uncertain way but with assured and triumphant power.

Keep it in the Home at All Times.
