An old gray mule, driven by a countryman, was overcome with that tired feeling this (Saturday) morning and laid himself down on the streets to rest, without undressing.

Newsdealers here have received notice from the New York Journal and New York World that after the 15th, these papers will be sold at two cents, "outside of Greater New York, Jersey City, and on all trains."

There is a general look of disgust on the faces of those who attended the "show" last night, and a kind of tired feeling prevails among them. They had no cause to complain, however, for THE STANDARD had told them what they were to expect.

Mr. H Wettstein, of Marengo, Ill., found that Ayer's Pills, taken when the first symptoms of la grippe appear, prevent further progress of the disease, and he has yet to find the first case where these pills did not cure the malady. Every dose was effective.

Mr. Harrison Nathaniel Johnson, of Mooresville, and Miss Annie Lou Harbin, of Statesville, were united in the holy bonds of matrimony in the Methodist church at Statesville yesterday evening by Rev. One of the fine Jersey cows belonging to Mr. David Earnhardt, of No. 4, gave birth recently to twin calve. Both are strong, healthy and fully developed.

Mr. F S Starrette, editor of the Mooresville Record, will probably soon be connected with the editorial department of the Charlotte Democrat.

A dose that is always seasonable is a dose of Simmons Liver Regulator. It regulates the liver and the liver regulates the person. If the liver is regular then health is good, but if sluggish or diseased then there is constant Biliousness, Indigestion, Headache and all the disorders of the stomach that one hears of. Try Simmons Liver Regulator and prove this.

NEW OFFICERS.

Knights of Pythias Hold an Interesting Meeting.

The Knights held a rousing meeting last night and elected officers for the ensuing year. This lodge is a strong one and much interest is being manifested. The new officers are:

C L Smith, C. C.; Holland Thompson, V. C.; Rev. W C Alexander, Pul.; M L Marsh, M. of F.; C A Pamplin, M. of Ex.; H M Barrow, K. of R. and S.; J C Fink, M. of A.; Albert Freeze, M. of W.

Very Considerate.

The Durham Sun of Thursday says: "The Raleigh board of aldermen passed an ordinance closing the saloons of that city at 11 o'clock at night, to take effect January 1st. Now the effect of ordinance is postponed until the 1st of March. This was done in respect to the legislature which will be in session from January to March. Raleigh seems to be very considerate towards the legislature, and wants the boys to have a good time and spend their money freely, without restraint. Raleigh always keeps one eye open on the main chance."

A New York doctor wants a divorce from his wife because she persists in loving her poodle dog more than him. She seems to have a preference for small dogs. As she doggedly refuses to be divorced from the little dog, he insists on being divorced from her.

IN a young girl's life there comes a time when the careless innocence of childhood changes to the modest, blushing maidenly self-consciousness of approaching maturity. The eye is brighter; the form is rounder; there is a touch of shy coquetry in the glance:—the girl has become a woman. She has entered that critical period so full of happy possibilities, yet so hedged about with the physical sufferings and dangers peculiar to her sex.

It has been said that to be a woman is to suffer. Too often this is true. A woman's whole nature is so bound up in the special functions of her womanhood that any disturbance of this sensitive organism throws the whole system out of harmony. "Female weakness" causes nine-tenths of all the wretchedness which women endure. It can never be permanently relieved by "local treatments." That is generally an expensive, embarrassing, useless, make-shift. What is needed is Dr. Pierce's Favorite Prescription to reach the innermost sources of the trouble and restore health and strength directly to the internal organs. This stops the weakening drains which sap life's foundation; heals all ulcerated conditions, gives the ligaments elastic power of themselves to correct misplacement of internal organs and imparts tone, vigor and vitality to the entire feminine organism. In a word the "Favorite Prescription" makes healthy, happy women.

Dr. Pierce is the Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. He has made a life-study of women's peculiar ailments. Over ninety pages of his great work, "The People's Common Sense Medical Adviser," are devoted to the consideration of diseases peculiar to women. Successful means of home-treatment are therein suggested, making it unnecessary to employ a physician, or to submit to his "examinations" and the stereotyped, but generally useless, "local treatment." Twenty-one (21) one-cent stamps, to cover cost of mailing *only*, will bring a copy of this useful book. Address, World's Dispensary Medical Association, Buffalo, N. Y.

THE SHOW.

Rotten to the Core--Everybody Disgusted.

The May Davenport Burlesque Company appeared at Armory Hall last night and showed themselves. They drew a very good house of men only. To say that the performance was rotten is putting it mildly. According to reports from many who were present, it was low, obscene and vulgar in every particular, and does not present a single redeeming feature. "The "company" remained in the city over night and left for Charlotte this morning, where they are billed for tonight.

The Year Round

Some Medicines belong to one season and some to another.

DR. KING'S ROYAL GERMETUER

IS IN SEASON ALL THE YEAR ROUND.

IN THE SPRING

It purifies the blood, removes languor and depression, invigorates and exhilarates the whole system.

IN THE SUMMER

It overcomes the relaxation and debility caused by hot weather and corrects bowel troubles that are so prevalent then. Besides, it makes the most delightful and refreshing drink.

IN THE FALL

When malaria "rides on every passing breeze," it is the great preventive and the unfailing cure of troubles resulting from that cause.

IN THE WINTER

It is still needed for curing Colds, Grip, Catarrh, Rheumatism, and the ills that belong to cold seasons.

It does these things, not in a feeble and uncertain way, but with assured and triumphant power.

Keep it in the Home at All Times.
