

# INSURE AGAINST SICKNESS!

Every man, woman in his or her daily routine work may be attacked by Typhoid, Typhus or Scarlet Fever, Small Pox, Chicken Pox, Measles, Diphtheria, Erysipelas, Appendicitis, Meningitis, Diabetes, Pneumonia, Sunstroke, etc., etc.

All persons from the ages of 18 and 60, male or female, can secure this insurance.

Can you afford to be without it when it costs so little each year? \$200 a year pays for \$5,000 per week.

in the world writing ACCIDENT INSURANCE. Perhaps while you are seeing about it you have decided that you will take Life Insurance. If so, do you want a very cheap, yet safe form of insurance, written in a North Carolina Company? Then you want to insure in the Carolina Benevolent Association, Hon. S. B. Alexander, of Charlotte, N. C., President. This is something worthy your consideration.

Do you want your life insured in a good Southern Company, officered by Southerners of well known business ability, and integrity. A regular stipulated Premium Plan? Then you want to insure in the BANKERS LIFE ASSOCIATION of Atlanta, Ga., Hon. W. A. Hemphill, of the Atlanta Constitution, President. This company is now endorsed by numbers of the leading business men of North Carolina.

But you say that you will only insure in an

## OLD LINE COMPANY

Then if so, I represent one among the very best. The PHOENIX MUTUAL, of Hartford, Conn. Established in 1851, distributes its dividends annually. And while the PREMIUMS are the LOWEST, the DIVIDENDS are only equalled by three other companies doing business in North Carolina. (Two of these have now withdrawn from the State.)

Perhaps you want FIRE INSURANCE. I represent a first-class North Carolina Company, a good Virginia Company, a good company of New Orleans, one of the strongest Northern Companies and an English Company.

Certainly you are interested in some of the different forms of INSURANCE referred to above.

Then write me or call to see me at office, and oblige.

## A MOTHER TELLS HOW SHE SAVED DAUGHTERS LIFE.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering. Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For Sale by M. L. Marsh & Co., Druggist.

### Seventy-Nine Days Without Food.

An exchange says that "at Woonsocket, R. I., Hornum Guyette died Saturday of edema of the stomach, after having, it is claimed, lived without food seventy-nine days. During this time he ate only crushed ice."

This needs confirmation in medical journals to be credible. During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor, of Wind Ridge, Greene county, Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by M. L. Marsh & Co., Druggist.

## In Regard to One of Our Negroes.

The Statesville Landmark gives among the strange things the following about a Concord negro:

Amos of the Albemarle man, who can read any writing except a lawyer's but can't read print and of "Judge" Watts, of Statesville, who can tell the time by a watch but can't tell the time by a clock. Mr. Walter R. Thompson tells a story of a Concord negro who is a little ahead of either of those. When Mr. Thompson lived in Concord he numbered among his acquaintances a colored man who could write and read writing but was unable to read print. Mr. Thompson says he has seen the negro receipt bills and that he sometimes came to him to get him to copy a piece of print in writing so that he (the negro) could read it.

This story is unaccompanied by an affidavit, but Mr. Thompson stands ready to be sworn if necessary and the Landmark will vouch for his good standing.

It is a little remarkable how one can learn to write and read writing and yet be unable to read print, but there are many strange things in this old world.

### What Makes Success.

"We are forever going to begin work in earnest tomorrow," said Mr. Staybolt, "and we are never satisfied with the job we've got, and we perform the labor involved in it in only a half-hearted manner, but we are going to work in dead earnest when we get a job to suit us."

"The fact is that tomorrow, when we get to it, will be to us as today is to us now; we shan't feel any more like work. And that other job, when we come in actual contact with it and see it close at hand, won't suit us any better than the one we've got now does."

"The truth is that we are dawdler and slay of work and trying to get along just as easy as we can. We have to pitch in and go at things."

"The time for us to work is now, not tomorrow, and the job for us to refer to is the one we've got. Round that up in style, do the work completely and thoroughly, and you'll be surprised to find how you'll enjoy it, and what changes there are in it. And everybody that knows about your work or is in any way concerned or affected by it, as it is done well or ill, will be delighted to see it well done—everybody likes to see a job, whenever it is well done—and pleased with the deed, and there's money in it every time."

"It isn't the job that makes success; it's the man, and don't you forget it."—New York Sun.
