THE STANDARD,  
Concord, N. C.

CONCORD, N. C., Sept. 2.

## HIS CALL.

He heard a call from out the skies,  
A call distinct and clear;

He heard a summons to arise  
From slothful dullness here;  
He heard a call to rise and show,  
The way to nobler things,

To mount in glory from below  
On fame's wide-spreading wings,  
And, waking, then, with many a yawn  
And many a drowsy blink,

He heard his wife say: "Get up, John.  
The baby wants a drink."  
—Chicago Times-Herald.

The hens have gone on a strike or are strikingly sparing with their eggs.

A New York dispatch says tin plate has been advanced 2 3/4 cents a box by the American Tin Plate Company. The great building impetus affords a fine opportunity and little chance for trust laws to reach them.

The Hon. Thomas Settle is amongst the Republicans to declare for the constitutional amendments. It's rather hard on Senator Fritchard out it seems to us the making of the Republican party in the State.

## A Remarkable Sleep Walker.

A dispatch from Chattanooga to the Atlanta Constitution says: "A fourteen-year-old boy named Hixfield, who resides in one of the suburbs, went to bed at his home Sunday night about 8 o'clock not feeling well.

About 9 o'clock he arose from his bed, put on his clothes, took an electric car for the city and went to the depot, where he purchased a ticket to Rome, Ga. Reaching Rome he took a cab for one of the hotels, where he retired. All this was done while he was sound asleep. When he awoke this morning he could hardly be made to believe that he was not at home. He returned to the city on the first train. He is now suffering from brain fever.

The doctors here are puzzled over the case, and say it is one of the most remarkable they have ever known in their experiences. The boy is very exemplary, and no one doubts the story of his experience."

Every year the Treasurer of the United States is called upon to redeem millions of bank notes, which have become badly worn as a result of constant handling. During the fiscal year recently closed Treasurer Roberts gave new bills in exchange for old to the amount of \$290,000,000, breaking the record of the last six years. This is an indication that, with the return of prosperity, money is in free circulation.—Daily Reflector.

## Do Not Change Homes in Haste.

We clip the following good advice from an exchange:

"Don't be hasty about breaking up your comfortable homes and going to a new country, lured by fair promises of easy money making and great gain. Every county and every section of country has its advantages and its disadvantages. Before making the change know the county you expect to go to and the conditions that will there confront you, and with which you will have to contend, and don't fail to carefully estimate the value of the advantages, while magnifying the disadvantages of the home you are thinking of leaving. Sometimes it is the part of wisdom to go slow."

## A Sea of Oil.

A Chicago dispatch of the 28th says: "One of the most destructive fires that has ever occurred at the Standard Oil refineries broke out at Whiting last night. It was caused by a leak at the bottom of one of the stills. A few minutes after the fire broke out there was a terrific explosion, and the flames spread rapidly to the two immense tanks containing 2,200 barrels of partially refined oil. At the present time it looks as if the eight remaining will be consumed. The loss so far is estimated at \$100,000. Three persons were seriously injured.

The activity of the War Department is something marvelous. Secretary Root has more than fulfilled the prediction of his friends. There is no more timidity shown, but an aggressive forward movement which is encouraging to all friends of the administration. No one in Washington doubts but that the plans which are now being laid, will result in a statement of this Philippine question before the first of the year.—Southport Standard.

## Was It An Earthquake?

On account of the time of night numbers of us can not verify the statement that there was an earthquake Friday night about 2 or 3 o'clock. Mr. Truman Chapman was awakened by a noise and soon twenty-one brick from the top of his chimney came rolling down the roof. Register Johnson, at some hour in the night, heard a noise and searched over his house for a burglar but found nothing. Our informant stated that some persons at Forest Hill also felt it.

## No Eye for Art.

"What interests you so deeply?" she asked.  
"I am trying to make up my mind," he answered: "whether that thing on the table is my new waste basket upside down or your new hat right side up."

The largest mass of pure rock salt in the world lies under the province of Galicia, Hungary. It is known to be 550 miles long, 20 broad, and 250 feet in thickness.—Ex.

## GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows that thousands have proved, that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, help digestion, builds up the strength. Only 50 cents. Sold at Fetzer's Drug Store.

## The Fill Caved Again.

Ever since the big rain last year when a large fill between here and Harrisburg beyond Mr. Kee Morrison's place was washed partly away, there has been trouble there. Trestle work was put in, but for the last several weeks the trains as they would pass this place would decrease their speed. It will be remembered that more than a week ago No. 11 was delayed over two hours by it giving way, and Friday afternoon the trouble grew larger and no trains were brought over it that afternoon or night. All of the passengers bound for Concord, among which was the crowd of delegates returning from the Woman's Missionary convention were brought via Mooresville, Barber's Junction and Salisbury. They arrived here after 11 o'clock that night on a train sent down from Salisbury to this place. A crew was at work during the night and remedied it enough that trains passed the next morning.

## A MOTHER TELLS HOW SHE SAVED DAUGHTERS LIFE.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering.—Yours truly, Mrs. Geo. F. Bardick, Liberty, R. I. For Sale by M. L. Marsh & Co., Druggist.

Gen. J S Carr has again shown his love for his State, and his sympathy for her people who are in distress. He has contributed \$200 to the fund to aid storm swept eastern North Carolina, and many a suffering heart will rise up and call him blessed.—Durham Sun.

The wife of a Wellington, Mo., farmer dropped an earring while feeding her chickens last week, and the jewel was quickly gobbled up by one of the fowls. Unable to pick out the particular chicken, she killed them all, one by one—twenty-seven in number—but failed to recover the earring. Then she began to look around, and found it in the grass where the old hen had dropped it.—Greensboro Record.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. M. L. Marsh & Co. will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

## NO WEAR AND TEAR!

Is the laundry hard on your goods? Some are. Examine your goods as carefully when you send them to us as when you receive them back again and you will find that we sew up many a rip, mend many a button hole, put new neck bands on shirts not too badly worn (when requested), and in many ways try to prolong the use of your linen. One trial is not a test. Often damage has been done in previous laundering and we get the blame. Give us your steady patronage and we will guarantee your linen to last longer than when done at many other laundries.
