

Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleans, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail. Trial Size, 10 cents by mail. ELY BROTHERS, 54 Warren Street, New York.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by M. L. Marsh & Co., Druggist

APPEALS TO COTTON PLANTERS.

(Continued from first page.)

stocks to carry as now. That will be a considerable advantage to them. Then, again, the certainty of a supply when needed will be a source of relief. I think they ought to favor such an organization.

"I advise a conservative course toward manufacturers. Our interests and theirs should not conflict.

"Great objects cannot be accomplished by narrow and selfish means. We should throw aside all prejudice and look to legitimate protection of our own interests, at the same time recognizing the rights of others.

"Our success then would be assured, and country homes and schools pictured in fiction be nearer a reality and petty jealousies dispersed.

"It is easier to see trouble than remedy it, we all know. Laws are often passed as a remedy; but that means politics, and always proves fallacious.

"Upon investigating the history of recent years along this line, it will be seen that it costs more to protect an industry through politics than through business methods.

In reading the reports of witnesses before the Industrial Commission of Congress, I notice they agree that cotton planters are in a deplorable condition, while industries controlled by capital are prospering. The tendency of the times is, to capitalize each industry for its own protection. Why should not planters organize also?

"To do this a meeting is necessary. I would suggest that a meeting be held at Asheville, North Carolina, which being a summer as well as a winter resort, cheap rate tickets are always on sale all over the South to that point, or if Atlanta, Ga., is considered more central, that would suit, and cheap tickets could be procured to that place as well.

"Persons representing communities of planters, or cotton dealers, with certificates showing they are sent by these communities, will be entitled to representation in the organization, after which it will be controlled as all other corporations.

"The expenses of the representatives could be paid by their constituents, and would be light on each."
