In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Ealm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail, Trial Size, 10 cents by mail. ELY BROTHERS, 50 Warren Street, New York.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor, of Wind Ridge, Greene county, Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by M. L. Marsh & Co., Druggist

## APPEALS TO COTTON PLANTERS.

(Continued from first page.)

stocks to carry as now. That will be a considerable advantage to them. Then, again, the certainty of a supply when needed will be a source of relief. I think they ought to favor such an organization.

"I advise a conservative course toward manufacturers. Our inter-ests and theirs should not con-flict.

"Great objects cannot be ac-complished by narrow and selfish means. We should throw aside all prejudice and look to legit-imate protection of our own in-terests, at the same time recog-nizing the rights of others.

"Our success then would be assured, and country homes and schools pictured in fiction be nearer a reality and petty jeal-ousies dispersed.

"It is easier to see trouble than remedy it, we all know. Laws are often passed as a remedy; but that means politics, and al-ways proves fallacious.

"Upon investigating the his-tory of recent years along this line, it will be seen that it costs more to protect an industry through politics than through business methods.

In reading the reports of wit-nesses before the Industrial Com-mission of Congress, I notice they agree that cotton planters are in a deplorable condition, while industries controlled by capital are prospering. The tendency of the times is, to capi-talize each industry for its own protection. Why should not planters organize also?

"To do this a meeting is neces-sary. I would suggest that a meeting be held at Asheville, North Carolina, which being a summer as well as a winter re-sort, cheap rate tickets are al-ways on sale all over the South to that point, or if Atlanta, Ga., is considered more central, that would suit, and cheap tickets could be procured to that place as well.

"Persons representing com-munities of planters, or cotton dealers, with certificates showing they are sent by these com-munities, will be entitled to rep-resentation in the organization, after which it will be controled as all other corporations.

"The expenses of the repre-sentatives could be paid by their constituents, and would be light on each."
