A Fearful Venture.
 Mr. Iglehart, one of the engineers of the Yadkin Power Company, with several others performed a feat a few days ago, that has never been done but once before. He took an ordinary river batteau and went through the rapids at the Narrows on the Yadkin. This was done once before by a drunken man, and one has never had the guts to try it since until Mr. Iglehart made the trip. He says there was not enough money in the world to make the venture.—Raleigh Post.
Shot in Charlotte.
 On Tuesday evening at Charlotte several negroes were congregated around a negro woman's house when Burwell Washington and Sidney Phelps were seen and as a result Burwell Washington was shot and killed almost instantly. A woman was the cause of the trouble. Phelps made his escape and had not been captured yet after midnight Tuesday night.

 The Olympia Arrived Two Days Ahead of Time.
 The Olympia, though under no strain in speed, came into American waters at Sandy Hook two days ahead of time. She arrived at dawn Tuesday morning, the 26th, instead of the 28th, as was intended. Of course there were cannon salutes and joyous greetings. The hero just then learned the immensity of the preparations for his reception and he said it almost made him sad.

 Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. All druggists sell it at 50c. or it will be mailed by Ely Brothers, 56 Warren St., N. Y.
