CONCORD, N. C., Oct. 26.

AS TO COL. MEANS' CARD.

We admire the loyalty of Col. Means to his friend Judge Robinson from a purely personal standpoint and we are sure that loyalty to the interest of Cabarrus and her people alone prompted our criticism of the judge in the first instance. We think it quite apparent that our second article carries with it the conviction that the interests of the public were uppermost in our incentive rather than personal animus. If we did Judge Robinson injustice in any particular we are sorry. We feel sure that he owes Cabarrus a debt for wrongs by his rulings and his general influences that he can never pay:

Not having been present during the transactions that have so outrage our people, and we greatly fear has even cooled the zeal of our advocates of justice through the courts, we must depend upon what has been told us which is confirmed by the popular disgust for him. Notwithstanding that personal loyalty in the bosom of Col. Means, that is absolutely monumental, we believe with full assurance that had he seen all and participated in a number of things that transpired, he would hardly be able to come to the defense of the man so universally pronounced by the bar and popular verdict as unfit for a judge. We cannot too highly commend the Colonel's closing sentence and we respectfully suggest to him to pass it on to Judge Robinson while we apply it to our Cabarrus people.

Brandy Found.

Revenue officers Tuesday captured about ninety gallons of brandy—as scarce as that beverage is—in Cabarrus county. It was found scattered about in a garden. The owner had, perhaps, sown the brandy to raise a crop.—Salisbury Sun.

To View the Political Situation.

Mr. Chas. P. Sapp, of this county, who is on the staff of the Raleigh News and Observer, has been sent by that paper to Kentucky and Ohio to view the political situation and to put it on paper. Mr. Sapp is a fluent writer.

"That man you stopped to speak to looked you straight in the face while he was talking. That's a good trait." "Yes; he's my old barber, and he has a suspicion that I shave myself."

WASHINGTON NEWS.

Will Congressman-Elect Roberts Get a Seat—Notes and Notables From our Capitol.

From our Regular Correspondent.

During the dearth of active operations, the political sharps about town are busily discussing the seating of Congressman-elect Roberts, of Utah. This question seems to be slated as the first sensational feature of the next House of Representatives. As a Congressman-elect, Roberts has already been drawing a salary since last March, and there is no doubt that he will be duly seated. Legally, it is difficult to see how he can then be unseated, as long as he conforms to the rules, but the "wise people" declare that he will be thrown out neck and crop. All of which remains to be seen.

Arctic Explorer Walter Wellman is home again, with an unpleasant souvenir of his recent expedition in the shape of a badly crushed leg. As soon as he is able, Mr. Wellman will resume his newspaper and magazine work. He says that a dash by the Franz Josef Land route is the only feasible way of reaching the pole. On his way out Mr. Wellman gained news of five other expeditions going in this year. In regard to Andre, he thinks that there is no doubt that that gallant adventurer has long since perished in the ice of the far North.

The Woman's National Industrial League, of this city, has taken the initial steps to raise a fund with which to purchase a home in Washington for Admiral Schley. When informed of the project, Schley, with characteristic kind-heartedness, expressed himself as being deeply touched by the plan, but fears that the subscription at the beginning of cold weather might deprive worthy people of comforts more important to them than a home to himself. He then left the matter to the judgment of the committee. The fund has already been started. In this connection, a movement might be in order to start a fund for the purchase of a pipe and a bag of tobacco for another gallant Admiral, who has been "smoking up" rather regularly in the papers.

The repairs for the "Blue room" of the White House were so expensive that no money was left for a new carpet for the East room, so that it has been decided to use the old one another two years. Uncle Samuel is evidently trying to get square on that little \$20,000,000 he had to pay out last Spring.

The Meeting Not Well Attended.

Mr. Jno. P. Allison has returned home after spending Wednesday in Atlanta, where he went to attend the cotton growers convention. The meeting was not well attended and as a result no afternoon session was held. The Commissioners of Agriculture of the different Southern States also held their meeting that day.

HARRIS LITHIA WATER

is the strongest Natural Lithia water on the market and has the endorsement of the most noted physicians of the country as to its superiority over all others. Read what the noted Dr. John Hey Williams, of Asheville, has to say for Harris Lithia, springs.

Asheville, N. C., April 24, 1893.

An extended clinical use of Harris Lithia Water prompts me to the statement that I regard it as one of the best if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvellous. Its use in the Rheumatic and County Diseases afford me more comfort than either the Buffalo or Londonderry Waters.

Very truly yours,
JOHN HEY WILLIAMS, M. D.

We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute or our agent is authorized to refund you the money, or if taken after each meal will cure the most stubborn case of indigestion. Why suffer when you have the guarantee?

The Missionary's Little Joke.

A native Maori chieftain, the descendant of cannibal kings, is now completing his medical education in Chicago. Cannibalism ended in his tribe, he says, when Bishop Selwyn converted his grand father, but he tells some stories of it which have a distinctly humorous flavor. For instance:

It is said that once a chief captured a missionary who was anything but a toothsome morsel, as he was old and looked as if his flesh would be tough. The missionary warned the chief that he would not make a good dinner and, pulling up his trousers, cut a slice off the calf of his leg and offered it to the chief.

The chief tasted it, said he didn't like it and passed it to a sub-chief. The sub tasted it, make a wry face and passed it on. The next man who took a bite of it spat it out. The missionary was released. After he was gone it was discovered that he wore a cork leg.—Selected.

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with the people everywhere. For sale by M. L. Marsh & Co., Druggists.

ALL PERSONS TAKE NOTICE!

ORDINANCE No 4.—That no person shall fire any kind of fireworks of any description within the corporate limits of said town. Any persons violating the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined fifty dollars or imprisoned for 30 days.

On the 24th of Oct. the Board of Commissioners at this meeting discussed the expediency of suspending the above ordinance during the Christmas Holidays.

They decided that there should be no suspension, but that it should remain in full force, and effect.

I, therefore, give notice to all dealers that they may regulate their purchases accordingly, and I further give notice to the public generally, that the ordinance will be strictly executed and persons will be promptly arrested who violate it, whether the firing be upon the streets or upon private property.
