THE WEEKLY STANDARD is a four-page, eight-column paper. It has a larger circulation in Cabarrus than any other. Price \$1.00 per annum in advance. Advertising Rates: Terms for regular advertisements made known on application. Address all communications to THE STANDARD, Concord, N. C.

CONCORD, N. C., Nov. 3.

THE SEASON AT HAND.

The season for operations in the Philippines is approaching very closely and with sufficient force with which to hold the territory gained, affairs are apt to wear a new phase.

The natives after attacking our troops last February and suffering defeat have carried on a very annoying mode of warfare, approaching within range and picking off such as they could hit. This was so exasperating that our soldiers preferred to advance and drive them off. In every engagement the natives were defeated by very inferior numbers. They were unable to stand before the American troops. Having taken every stronghold and capital city in Luzon, Aguinaldo fortified himself and the Americans were clearly invincible to the natives.

This demonstration it was vainly hoped, would aid in terminating the war. The policy of taking and holding the territory won will doubtless be pursued now and will most probably bear wholesome fruits to the natives whose welcome to American government was restrained by fear of the insurgent raids. We expect a very material change in Philippine affairs by spring.

JUNIOR'S INTRICATE PATH.

Justice has a difficult path to tread in such instances as that of Salem last Monday night, when James Bryant, in a state of intoxication, applied for and obtained admission to the room of Edward Shouse, a young man of 18, whom he quickly shot in the abdomen inflicting a fatal wound. Shouse is dead and Bryant in jail, claiming that he did not do the deed on purpose. His being drunk we suppose will be plead in extenuation of his violating the law in carrying a pistol with which he took the life of the young man who befriended him. For the protection of society, justice should not lean too heavily toward mercy and sentimentality.

No. 1 of Volume 2 of Elizabeth Chronicle has found its way to our humble sanctum. To say that the Chronicle is neat, well gotten up and thoroughly enjoyable is putting the fact without ornamentation. The Chronicle is a credit to Elizabeth College and justifies much pride in all concerned in getting it up.

THAT THROBBING HEADACHE

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their worthlessness in curing Sick and Nervous Headaches. They made pure blood strong nerves and bound up your head. Easy to take, try them. Only 25 cents. Money back if not cured, at Fetzler's Drug Store.

LOVING SYMPATHY FOUND.

Mrs. "Stonewall" Jackson has returned to her home in Charlotte and we are sorry to note from the 'News' that she has made little if any improvement under medical treatment.

Every Confederate veteran feels a loving, tender interest in Mrs. Jackson fully warranted in veneration for the memory of her illustrious husband. Now that the lot of an invalid is hers, not softened by abundance of the necessary means to ameliorate, to the fullest extent, life's cares and burdens, it is pleasing to note the following from the Raleigh correspondent to the Charlotte Observer of the 2nd:

"Nine chapters of the Daughters of the Confederacy today sent, through Mrs. John W. Hindsdale, treasurer of the State society, to Mrs. Armistead Burwell, of Charlotte Chapter, \$284 for the love and sympathy fund for Mrs. Stonewall Jackson. Henderson Chapter has raised \$700 for the fund."

We are pleased to learn that in the movement the Dodson Ramsour Chapter U. D. C. took the substantial initiative step and made the first contribution. Though the sum was not large compared with that of the Henderson chapter, the treasury was practically emptied in making the bestowal.

The Dodson-Ramsour chapter, indeed, never makes any great accumulation of funds, for objects soliciting their zeal are ever present and engaging.

High Point refused to vote \$5,000 worth of bonds last Monday. There must be something back of this as High Point is one of our very progressive towns.

A LIFE AND DEATH FIGHT.

Mr. W. A. Hines of Manchester, Ia., writing of his almost interminable struggle from death, says: "Exhaustion after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and \$1.00 Trial bottles free at Fetzler's Drug Store.

The Commissioners Sustain the President.

Admiral Dewey was promptly assigned to a department of duty soon after his grand reception in order that the nation might have his service on the Philippine commission along with Prof. Schurman, Prof. Worcester and Col. Denby. This commission will make a report during the term of Congress. It waited on the president recently at his request to give a preliminary outline to the report for aiding the president in making up his message to Congress. The commission is unanimously in accord with the president in his treatment of the Philippine subject.

It will not be a surprise to any who are at all familiar with good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, or bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by M. L. Marsh & Co.

Grip makes one sick, weary and restless. Dr. Miles' Restorative Nerve brings rest.

HARRIS LITHIA WATER

is the strongest Natural Lithia water on the market and has the endorsement of the most noted physicians of the country as to its superiority over all others. Read what the noted Dr. John Hey Williams, of Asheville, has to say for Harris Lithia, springs.

Asheville, N. C., April 24, 1893. An extended clinical use of Harris Lithia Water prompts me to the statement that I regard it as one of the best if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvellous. Its use in the Rheumatic and County Diseases afford me more comfort than either the Buffalo or Londonderry Waters.

Very truly yours,
 JOHN HEY WILLIAMS, M. D.
 We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute or our agent is authorized to refund you the money, or if taken after each meal will cure the most stubborn case of indigestion. Why suffer when you have the guarantee?
 M. L. MARSH,
 Agent for Concord.

CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

While There is Life There is Hope. I was afflicted with catarrh; could neither taste nor smell and could hear but little. Ely's Cream Balm cured it.—Marcus G. Shantz, Rahway, N. J.

The Balm reached me safely and the effect is surprising. My son says the first application gave decided relief. Respectfully,
 Mrs. Franklin Freeman, Dover, N. H.
 The Balm does not irritate or cause sneezing. Sold by druggists at 50 cents, or mailed by Ely Brothers, 56 Warren St., New York.

Doctors and the Morphine Habit.

Dr. T. D. Crothers, of Hartford, Conn., read a paper before the New York Medical Association recently, says the Philadelphia Record, in which he said that he had found by close study of the medical men that 21 per cent. of physicians have the morphine habit. He strongly urges against beginning it, for there is no cure. Prevention alone is the remedy. He says the doctor that is a victim of the habit is forgetful, uncertain in his diagnosis and liable to make unsafe ventures. He may make a success, but is too liable to fail. He urges that no doctor take morphine in any form save from the hand of a trusted brother physician.

Used By British Soldiers in Africa.

Capt. C. G. Dennison is well known all over Africa as command of the force that captured the famous rebel Galishe. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial." For sale by M. L. Marsh & Co.
