LANDMARK REMOVED.

Mr. John Misenheimer Passes Away Friday Evening Aged 73 Years.

Another one of the landmarks of St. John's church and community was removed at 6 o'clock Friday evening, the 3rd, when Mr. John Misenheimer passed away in death at his home.

The failing health had admonished him for some years that the end was to be looked for at almost any period. But what is death to be dreaded by such a man—ever firm in faith, patient and persevering in trial, conservative, genial and kind in all his bearings? He suffered much and death is to be looked upon as a friendly message.

Mr. Misenheimer had passed his three score years and ten, being 73 years of age.

He leaves a wife and five living children, viz: Mrs. G M Moose, Mrs. R C Boger, Mrs. A S Dayvault, Dr. C A Misenheimer and Mr. W N Misenheimer.

The funeral rites will be observed at St. John's church tomorrow at 10 o'clock and the remains will be laid to rest amid the fathers.

Warren Coleman Interviewed.

Col. Fred Olds, the Raleigh correspondent to the Charlotte Observer, has the following:

President Warren Coleman, of the Coleman Cotton Mill at Concord, is here. He says the 7,000 spindles and 150 looms are in place, but that it will be six weeks before the mill begins operations. The delay is due to the incomplete shafting. The man who had the contract to put this in broke the contract because of the advance in prices and another contract had to be made. The mill will be operated entirely by negro labor. Coleman says the employes, 350 in number, have already been selected. He has employed two white bosses and a negro boss. One of the white men is from Lowell.

Mrs. Jackson's Troubles Overstated.

A rumor having gone abroad over the country that Mrs. Stonewall Jackson is absolutely penniless, in want and hopelessly ill and blind. Mrs. Jackson stated yesterday to the Observer, in refutation, that these statements are very much exaggerated. It is true that she is not in affluent circumstances but she has a competency and has always been above want. Her health is somewhat improved and she is not blind, though still suffering from a painful disease—facial neuralgia. Appeals having been made all over the South for her relief, Mrs. Jackson is anxious that the true state of the case should be known, as she is unwilling to accept any donations except those offered as testimonials of love and admiration for her husband.—Charlotte Observer of Nov. 4.

NO CURE, NO PAY.

This is the way all druggists sell Grove's Tasteless Chill Tonic for chills and malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseous quinine. Price, 50c.

The Band Concert Tuesday Night.

Next Tuesday night is the date for the concert of our band in Caton's hall. A good program of music has been arranged—something that will suit every one. The lovers of quick and flashy music will have their desires gratified as will those who wish soft, sweet strains.

There will be several vocal solos rendered by our home talent with an accompaniment by the band.

Besides the band music and vocal solos, our people will have a chance to hear one of the best of flute soloists—Mr. Harry Asbury, of Charlotte. Mr. Asbury is highly recommended by his instructors and the press and will please his audience here.

Remember this program is for the benefit of the band, which organization has for months been endeavoring to become a band of which Concord could feel proud, and so let the people lend them encouragement now by giving them a crowded house.

Six New Cruisers.

Washington, Nov. 1.—Bids were opened at the Navy Department today for the construction of six sheathed and coppered cruisers authorized by the last naval appropriation bill. These vessels will be of about 3,200 tons displacement, a little larger than the Raleigh and Cincinnati class. The speed is to be not less than 16½ knots. The new ships will have twin screws and a battery composed of ten 5-inch guns, eight 6-pounders, two 1-pounders and four machine guns. The limit of cost fixed by Congress, exclusive of armament, is \$1,141,800 each, and it is provided that not more than two of these vessels should be built in one yard. Among the bids were the following: Wm. R Tragg & Co., Richmond, Va., one vessel department's plans, \$1,027,000. Same company, bidders' plans, one vessel for \$1,044,000, speed guaranteed 18 knots. Two vessels, same type, for \$937,000 each. Same company, bidders' plans, one vessel for \$1,073,000. Same type, two vessels for \$1,027,000 each. Study It Out.

Here is a highly interesting paradox, which may amuse or bewilder, as the case may be. It is supposed to have been invented by Socrates: A says that all Athenians are liars. A is an Athenian and therefore a liar. Therefore his statement that all Athenians are liars is not true, and consequently all Athenians tell the truth. A is an Athenian, and hence tells the truth. Wherefore his statement that all Athenians are liars is true. Therefore he is a liar and his statement false, and so on.
