THOSE LEADERS INCONSISTENT.

The Hon. Thomas Settle throws a shell into the Republican camp in an open letter to Hon. R Z Linney.

Besides showing the futility of the course marked out by the Republican delegation at Statesville he shows that while the Republicans are trying to scare the unlearned white men with the warning that they will be disfranchised, there is absolutely no danger of such thing except through the efforts of these very Republicans in defeating the purpose of the Democrats. And this is the true situation as Mr. Settle says, the Democrats have provided against this very thing. Most good lawyers in the State pronounce the grandfather clause constitutional and all Democrats hope and believe it will stand the test, it is positively certain that if brought before the Supreme court and unexpectedly declared nul and void it would have to be done through the efforts of these very leading Republicans that pretend to be so exercised over the matter. It seems to be narrowed down to this with the Republican leaders, that if they can't prevent the disfranchisement of a large class of negroes that never should have been enfranchised, they will try their best to disfranchise the white men. The fewer such leaders the better.

THE GATTIS - KILGO CASE.

Lower Court Decision Sustained—Case Can Start at Bottom Again.

The decision by the supreme court in the case of Gattis vs. Kilgo and others was announced Tuesday confirming in modified form the action of Superior court.

The Supreme Court sustains the lower court in its decision that the issue was improperly joined but disagrees with that court in dismissing the action.

The Rev. Mr. Gattis may now begin action again in the lower court but will have to make separate and specific complaint, as we understand it, against Dr. Kilgo for language in the famous Clark-Kilgo trial before the board of Trinity college and against Messrs. Duke and Odell, and the representative of Mr. Branson, for giving publicity to these statements, or, in a way not well understood by laymen, combine the two in proper legal form.

The sum claimed by Mr. Gattis as the amount of damage is \$100,000.

NO CURE, NO PAY.

That is the way all druggists sell Grove's Tasteless Chill Tonic for chills and Malaria. It is simply Iron and Quinine in a tasteless form. Children love it. Adults refer to it as bitter, nauseating Tonic. Price, 50c.

GOOD FOR FILIPPINOS, BAD FOR US

An election was held at Bacolo on the Island of Negros on the 6th, autonomous government for the island being put in operation. Gen. Smith gives United States supervision and guidance and made the occasion one of feasting and gladness to the natives.

But the point we started to make is that the suffrage was restricted to those owning a certain amount of property and possessing the ability to read and write. This is directed by a Republican administration, but here in North Carolina, where we want to get rid of all the ignorant and dangerous votes we can find a practical way of eliminating, Mr. Pritchard, Mr. Holton and some other Republican leaders get together and try to make it appear very bad and they attempt, too, to bring into line against the amendments all the unlettered white voters, whom they try to make believe the amendments will disfranchise. We are sorry to impute inconsistency and insincerity to men of high position, but we cannot help believing that they are more zealous for party triumph than for the welfare of the State.

It certainly commends itself to any reasoning mind that for self-preservation any government should protect itself from an ignorant vote large enough to be a menace in the hands of the ill-designing.

It is surprising that those men should pursue such a course when they have a chance to divide politics in the State by throwing off this heaviest burden on the Republican party in the South.

Stop Slandering.

The person who stops to listen to every idle rumor, bit of gossip or slanderous tale, will lose half the valuable time of life. It is far better to go right on and pay no attention whatever to the idle people. In most cases they are not believed by people whose good opinion is worth seeking, and the gossip is a dead weight for anyone to carry. A correct life does more to rob slanderers of employment than lawsuits or shot-guns, for if the character is above reproach, the truth may be more damaging than falsehood. The busybody is a moral fiction, for the body busy has no time to engage in a work that brings such small returns. The most heartily despised person on earth is the chronic disturber of human happiness, whether in home, church, school or state, and so reprehensible is the calling that no one will own it; and its most persistent followers will deny it with a vehemence worthy of a better cause, and condemn it in all others. Hence the propriety of ignoring all idle tales intended to create strife and destroy happiness and comfort.—Orange, Va., Observer.

Used By British Soldiers in Africa.

Capt. C. G. Dennison is well known all over Africa as command of the force that captured the famous rebel Gafshe. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial." For sale by M. L. Marsh & Co.

Dr. Miles' Pain Expeller is guaranteed to stop head ache in 30 minutes. "One cent a dose."

HARRIS LITHIA WATER

is the strongest Natural Lithia water on the market and has the endorsement of the most noted physicians of the country as to its superiority over all others. Read what the noted Dr. John Hey Williams, of Asheville, has to say for Harris Lithia, springs.

Asheville, N. C., April 24, 1893. An extended clinical use of Harris Lithia Water prompts me to the statement that I regard it as one of the best if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvellous. Its use in the Rheumatic and County Diseases afford me more comfort than either the Buffalo or Londonderry Waters.

Very truly yours,
JOHN HEY WILLIAMS, M. D.
We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute or our agent is authorized to refund you the money, or if taken after each meal will cure the most stubborn case of indigestion. Why suffer when you have the guarantee?

Household Hints.

Coffee and tea are rendered much more fragrant if made hot (not burned at all) before water is poured on them.

Silk dresses should never be brushed, but should be carefully rubbed with an old piece of velvet specially for the purpose.

Use vinegar to moisten black lead; the effect will be much better than if water were used.

Iron stains on marble may be removed by applying a mixture of oxalic acid and spirits. Leave it on a short time and then dry with a soft cloth. Fresh stains of ink may sometimes be removed with lemon juice.

Stains on mattresses may generally be removed by applying them to a paste made of soft soap and starch. When dry scrape off with a blunt knife or a metal spoon and then wipe off with a damp—not wet—sponge.

Water stains on baths may be removed by rubbing them with rough salt on a damp cloth.

Ripe fruit in moderation agrees with most children, but if it causes diarrhoea it should be stewed.

Make a very strong solution of alum in hot water and apply it to furniture and crevices in the wall with a paint brush. This is sure destruction to insects of all sorts and is harmless otherwise.—Times-Visitor.
