CONCORD, N. C., Nov. 15.

SYNOD WILL DETERMINE.

We notice that the Salisbury correspondent of the Raleigh Post says the board of trustees of North Carolina College will meet today (the 15th) and determine what place will get the college. The committee appointed by the Synod to invite and receive these bids fixed this as the day for bids to be placed in their hands to be carried up to Synod next May, unless a call meeting of Synod convene and consider the bids at an earlier day. We hope, too, that committee will extend the time, as we think there are hardly any bids entire'y ready yet.

That correspondent announces that Salisbury has an \$8,000 site and some \$12,000 secured.

HERE HAD HIM; HERE LOST HIM.

The Americans evidently were getting close to Aguinaldo when they took Tarlac and captured the fleeing Secretary, the government was records, the Independencia printing press etc. but they are completely staggered to locate Aguinaldo and his government base. We have seen the hare chased so closely that it would squat in the grass and be passed over by the hound, thereby gaining a fresh start.

The Greensboro correspondent to the Raleigh Post of the 14th, says:

The holiness revival at this place closed last night. Next week Rev. T C Hodgen, the sanctified evangelist, will begin another series of meetings in Hogan's Auditorium, which will be designated as "The Holiness Temple." This man Hodgen is the same chap that laughs the holy laugh, says that heaven is 15,000 square miles in size, and that he will prance up and down its golden streets, but that many other church folks will not be allowed to enter. His intelligence is warped, his conceit boundless.

[From the sinless, sanctified, perfect human beings in this world, the good Lord deliver us.]

A MEMPHIS undertaker has been caught up with at shipping and selling corpses to medical schools. He ships them in metal lined trunks not unlike drummers' outfits. He says he has been getting \$50 to \$200 apiece for them. Now he will be thinking: Oh, wretched man that I am. Who will deliver me from this dead body business.

It is wonderful how clearly the results of the late elections can be read to indicate just what the reader wants them to do. To the wise Republicans they mean Republican success next year and to knowing Democrats they mean 16 to 1—Chicago platform triumph. It's the very province of happiness to the predictors. To the writer there is not much meaning in it save that Mr. McKinley and Mr. Bryan will be the party leaders again, with little light thrown on the path of either by recent events.

The executive committee of the Republican party will meet on the 15th of December to fix upon a time and place to renominate McKinley and attend to some other little routine matters. We suppose the Democratic party will not be in any great hurry to attend to the little formality of nominating Bryan and readopting the Chicago platform. The conventions are necessary, as matters of form without emphasis so far as the heads of the ticket is concerned.

Now Russia and Japan are on the verge of war about some territory about Corea held by the Japanese nation and wanted by the Russians. It's all right to stand for principle, but it would seem an enormous undertaking for Japan to jump into a war with such a power as that of Russia. In such instances a system of international arbitration seems greatly needed.

SHARPERS managed to pick up a box containing \$30,000 worth of diamonds in a jeweler's store in Cleveland, Ohio, Monday afternoon. It was done by simply being near, then attracting the owner's attention away and next being absent from the owner but present with the box. It was a dazzling success.

DANVILLE had a fire Tuesday night, in which four Tobacco factories and several dwellings were consumed. The loss is estimated at \$60,000. The loss is to be regretted, but one, four-story building full of leaf tobacco was smoked to about all the advantage that could have been probably.

Now Senators Pritchard and Butler are yoke-fellows again in opposition to the amendments. "Politics make strange bed-fellows," though nothing is strange for Mr. Butler. He greatly needs a party home any way, and this indicates where he will make his bed.

THE campaigns are over and Col. Bryan has gone hunting in the Ozark Mountains. It won't be long till time to buckle on his harness again to make the effort of his life.

WE were in error yesterday when we said Aguinaldo's son was captured. It is Aguinaldo's secretary and we now understand the son of the secretary, but we feel a little confused yet by the dispatches in different exchanges.

Fault Finding and Criticising.
Criticising means judging fairly. The original Greek word to judge means to "sift." One, therefore, who is incapable, from ignorance or prejudice, of sifting every matter from every point of view, cannot be called a critic. Whenever, from some interested motives or from other causes, he shows bias, he must not be set down as a critic. Men have attempted to write down a play because they did not like the author of it. A book has been abused because other books by the same author have won a place which was denied the productions of the critic. War has been made on ministers, lawyers and doctors, because their views did not harmonize with the advice the critic had to give, but, somehow, was not accepted.

Fault finding can become actually a disease. The disappointed, those of a vinegar temper, the mentally dyspeptic, indulge themselves to such an extent that a calm, dispassionate, not to say tender, judgment of men and things becomes an impossibility. Those who know such people suspect something wrong whenever the fault finder says something good. It was said of one of old: "His words were smooth as butter, but the war was in his heart." A critic is a necessary and useful factor in public and private life. A fault finder is one who spoils the sweetness of things. He is an irritant; his influence is pernicious. He is to be avoided.—Baltimore American.

GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows that thousands have proved, that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, help digestion, builds up the strength. Only 50 cents. Sold at Fetzler's Drug Store.

HARRIS LITHIA WATER

is the strongest Natural Lithia water on the market and has the endorsement of the most noted physicians of the country as to its superiority over all others. Read what the noted Dr. John Hey Williams, of Asheville, has to say for Harris Lithia, springs, Asheville, N. C., April 24, 1893. An extended clinical use of Harris Lithia Water prompts me to the statement that, "I regard it as one of the best if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvellous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters."

Very truly yours,
JOHN HEY WILLIAMS, M. D.
We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute or our agent is authorized to refund you the money, or if taken after each meal will cure the most stubborn case of indigestion. Why suffer when you have the guarantee?
