You're Losing Money

Every time you buy a so-called "cheap" chair, or table, or couch—or anything. Outward appearance don't count—a wash of gold often covers brass—a pretty looking chair often covers hard lumps and lots of profanity. It doesn't pay to buy "cheap" things, but that doesn't mean everything

good is necessarily high priced. We are selling Couches for \$9.98, soft, durable, and restful, inside as good as the outside. We have bargains of the same kind all over our store.
