**A SURE CURE FOR CROUP.**

**Twenty-Five Years' Constant Use Without a Failure.**

The first indication of croup is hoarseness, and in a child subject to this disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croup appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mother. We have just to learn of a similar instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use with a failure. For sale by A. B. Stanly & Co.

M. L. Marsh & Co. guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to any one who is not satisfied within thirty days of the date of purchase. This is the best remedy in the world for all croup, coughs, colds, croup and whooping cough and is pleasant and safe to take at all times. It prevents any tendency of a cold to develop into pneumonia.

**Laying up a Competence.**

"There are some men of genius," said Dr. Nippingly, "who accumulate great fortunes by great strokes, but by far the greater number of fortunes, including those of moderate dimensions, and these form the great majority of all we made by the very simple process of living with our own income and loves" by the savings, with more or less of a system, but always where it will do so.

"The older I grow the more amazed I am that more people don't lay up a competence for themselves, as almost anybody can do, by beginning early in life to live within their means, and sticking to that course faithfully. Did I do this faithfully? Not An I, however, having been of the wisdom of this course, now making a beginner? I am obliged to say, 'No; I am still a beginner all over and trying to do it now.'"

"I have some lessons that we all need to learn, but never turn to our own advantage; one of these is of the benefits that come from the exercise of self-denial. We get from this, at once, the three benefits of which we speak, and self-denial means self-denial of pleasures and pleasures that are not good for us, and a habit of self-denial is the key to the possession of a competence. **Aginaldo Ray Surrender.**

A cable dispatch of the 5th from Hong Kong, says: "In American circles in this city the statement is freely made that Aginaldo has offered his surrender, his only condition being that Consul Wildman and not General Otis will receive it. The Filipino chief would prefer to surrender to Admiral Dewey, but as he cannot do that he has selected Consul Wildman, of whom he was once a close personal friend.

The Filipino junta here has urged him to surrender and throw himself on the mercy of the United States government.

**A Night of Terror.**

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctor said she could not live this morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her. This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Disease. Only 50¢ and \$1.00. Trial bottles free at Fetzler's drug store.

**August Flowers.**

"It is a surprising fact," says Prof. Henshaw, "that my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and seamen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the stomach, and is perfectly safe. It is free at Fetzler's drug store, and is sold by all druggists in all civilized countries."

**AN OPEN LETTER TO MOTHERS.**

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "CASTORIA," the name which has borne and does now bear the fac-simile signature of *Chas. H. Fletcher*. This is the original "CASTORIA" which has been used in the homes of the Mothers of America for over thirty years.

LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought and has the signature of *Chas. H. Fletcher* per. No one has authority from me to use my name as The Centaur Company, of which Chas. H. Fletcher is President, March 24, 1898.
