The Raleigh Post notes that there were three more marriage licenses issued in Wake county during the past twelve months than for the year before. It does not say whether this marks an increase of lovefulness in the capital county or an increase of population. We presume that it means the latter.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prognosis before Mrs. L. B. Hunt, of Leno, N. C. Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvels of the Electric Bitters to cure this case of liver troubles, but she heard of them seven bottles was wholly cured, and her doctor's life now well secured. This letter has been sent to the publisher of the Bitters, and a reward of \$1000 is offered for the name of the person who can find the points. Price 50c at Fetzner's drug store.

Young E. J. Tenth.

We are likely to have a cloudy sky tonight and if so we will have a beautiful view of the collapse of the Union. President Wilson at Washington and ends of the world. The verification of the prediction will not be great. It will be nearly total at 8 o'clock.

About the University.

President Alderman writes that the University has enrolled 485 students this session, which ends the 27th inst., and he expects quite a large opening of the spring term on Jan. 2nd. The health of the students he says has been good and sanitary regulations are carefully met. There are no scholarships available but the loan fund will be available to the 27th. Young men wanting to avail themselves of it for the spring session should apply to the President at once.

Meeting of Synod Postponed.

As has been announced in these columns there was to be a meeting of the Lutheran Synod at the University on the 14th. A large part of the smallpox epidemic here the meeting has been postponed for the present.

A SURE CURE FOR COUGHS.

Having Used Years Constant Use Without Failure.

The most common of coughs is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough, Dr. Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the cough appears, it will prevent the attack. It is a remedy that thousands of homes in this land have found never disappoints the anxious mother. We have yet to see a single instance in which it has failed to cure. No other cough remedy such a record in twenty-five years' constant use without a single failure by M. L. Marsh & Co.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Cough, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he is cured. Give this Remedy, hoping some other afflicted child may read it and be benefited. Thomas C. Power, Glenwood, O. For sale by M. L. Marsh & Co.
