The Racket Store!

Headquarters for Santa Claus.

When a boy goes a-fishin' he puts a worm on his hook and drops it the innocent fish, hoping to deceive them with a morsel of food. The fish gets the worm, but the boy gets the fish. Just so, some merchants have a few leaders at cost to catch human suckers. We mark everything at rock bottom. Should you want 100 articles you would find the one hundredth one as cheap as the first one.
