Written for The Standard.

China Grove, Jan. 16.—The quarterly conference met at the Methodist church in China Grove Sunday. Dr. Bays preached Sunday morning and Sunday night.

Mr. Dock Canup is getting some better, we are glad to learn.

Life is uncertain, but death is certain. Two of the school girls were called to their homes last week to the bedside of sick ones. Miss Maggie Cowan was called on account of her sick father, who died shortly after she reached her home, also Miss May Belk, the brother of whom was struggling between life and death on her arrival.

Mr. Abraham Overcash, of China Grove, is very sick with pneumonia.

Mr. Jim Kirk is back at his old place with Patterson, Linn & Co. Owing to the condition of the streets there is great demand for sunshine in China Grove.

Mr. A D Sechler's house near the depot is near completion. He will soon move into the Grove.

Crazed by Cigarettes.

Tom Layden, a well-known young man of Lexington, committed suicide Sunday night by shooting himself through the head. He was a great cigarette smoker and showed signs of insanity, caused by excessive smoking four years ago. Later he recovered and seemed to be fully restored. It is said that the cigarette habit again became firmly fixed on him and again unbalanced his mind.

He was a most inveterate smoker and oftentimes stopped while taking a message as telegraph operator to light a fresh cigarette.

Holshouser-Bunton.

Mr. Thomas Holshouser and Miss Mary J Bunton were married Saturday evening the 13th by Esq. W J McLaughlin at his home near the Bala mill. Out of the usual order these happy young people were matrimonially united sitting in the buggy. A good long journey of bliss to them.

To Locate at Caroleen.

Mr. Frank Cannon, who had intended to go to Durham to take a position, has now decided to take a position as book-keeper at Caroleen where Mr. L D Duval is the superintendent of the mill there. He will go there next week.

A Meeting Called.

The Dodson Ramsour Chapter Daughters of the Confederacy is called to meet Thursday, the 18th, at 4 p. m. at Mrs. J B Sherrill's. A full meeting is urgently requested as it is the occasion for the election of officers. It may be well enough to state that Friday would be the regular day for this meeting and is preeminently the day desirable, being the birthday of Gen. Lee, but certain social functions previously appointed interfere.

Mr. Harold Shemwell arrived here this morning to spend the day.

Mr. Lee Earnhardt, who has had small-pox in Salisbury, is expected home this week.

Mrs. A H Moore, who has been spending a few weeks with her sister, Mrs. Ed Bost, expects to leave Saturday for Birmingham, Ala.

Will some one tell us why there is so little money for the public schools this year? We pay more tax than ever.

Dr. Wertenbaker Inspecting Small-Pox at Greensboro.

Dr. Wertenbaker, of the Marine Hospital, arrived at Greensboro Sunday. His advice was wanted as to the small-pox cases there. Following we clip from the Greensboro Record:

The physicians in Greensboro have been disagreeing as to what was and what was not small-pox. Mayor Taylor was thus put in a dilemma as how to act, so he has been just a week getting an expert here from the Marine hospital to settle it.

Dr. Wertenbaker came Sunday night from Wilmington and has made an examination of six cases, pronouncing each one small-pox of a very mild type. He found one case in the county jail—Dave Allen—who was there over four months ago. It is thought that he contracted it by clothing sent him.

Dr. Wertenbaker met the board of aldermen and several citizens and explained the cases, giving advice how to control it, stating that there was no reason why there should be a single case here inside of a month. He says there are three things to be done— isolation, vaccination and disinfection. Speaking about who should and who need not be vaccinated, he said in his judgment only two classes were exempt—those who had had small-pox and those who are dead. In other words, if you were vaccinated thoroughly last March it is best to try it over again.

His directions as how to handle it were clear, but were well-known before. He advises a general vaccination and re-vaccination, using what he calls glycerinated lymph, which he says will not cause any soreness like the points used before. In conclusion he advises vaccination at every recurrence of small-pox no matter how often.

DEWEY'S CLAIM RESISTED.

The Attorney General Does Not Think the Admiral and His Men Entitled to Prize Money.

Washington, Jan. 15.—Attorney General Griggs has filed answer in the Supreme court of the District in the proceedings for prize money for captures at Manila Bay by Admiral Dewey. The Attorney General asks that the case be referred to a commissioner and that Admiral Dewey, his officers and crew and also the United States may have leave to take testimony. The Attorney General concedes that a state of war existed, but denies that the squadron under Dewey's command captured the Spanish cruisers Isla de Cuba, Isla de Luzon and Don Juan de Austria. These vessels, he says were sunk during the engagement.

He asks for fuller information in regard to other points and says although some captures of property were made such capture does not authorize its condemnation as to prize Dewey and his men. The Attorney General has also filed a similar answer in the case of Admiral Sampson and the destruction of Cervera's fleet.
