A PINK TEA.

Dr. and Mrs. W C Houston Entertain a Large Number of Their Friends Friday Afternoon—About One Hundred Present to Partake of the Pleasure in Store.

All was joy and gladness at the beautifully decorated home of Dr. and Mrs. W C Houston on Spring street Friday afternoon when they threw open the doors to about one hundred and thirty invited friends. Though it rained and sometimes poured the pleasures in store were valued too highly to be missed.

Upon entering you were met and escorted in by Misses Patti Adams and Mary Young, where you were received by Mesdames J A B Fry and J D Lutz. The entertaining committee consisted of Misses Mary Dodson and Fannie Young.

Coffee was tastefully served by Mesdames Jno. P Allison, L D Coltrane, D B Bost and Jas. O Gibson, while Mesdames W R Odell and M C Dusenbery had charge of the serving of the coupe-jack.

The dining room, which was decorated in accordance with the other rooms, candelabra, and costumes was presided over by Misses Lucy Montgomery, Lizzie Montgomery, Grace Brown, Jennie Gibson, and Cassie Watson.

Every part was fully carried out to make it a beautiful pink tea. About one hundred were present during the three hours—from 3 to 6 o'clock.

HENRY SEAMONE ON TRIAL.

He is Charged With Shooting West Morris, a Negro Boy—The Boy in a Bad Condition.

On Wednesday night, Jan. 10th, some person shot West Morris, a young negro boy who for years has made his home with Mr. P M Morris near this place. The boy was found next morning with two wounds on him—one in his neck and the other a short distance above the stomach. Both bullets are yet in him as his conditions is yet too serious to stand an operation.

The negro boy was taken to the county home and is yet in a bad condition, not being allowed to move scarcely. Ever since the affair happened he has been saying that Henry Seamone, a white man who lives out near Mr. Morris' had shot him.

Henry Seamone has been arrested and was on trial this (Saturday) afternoon before Esq. Pitts. He is charged with assault with deadly weapon with intent to kill.

He was bound on a \$100 bond for his appearance at the Superior court.

Says it is Not Smallpox.

We heard a prominent physician say yesterday that he had no idea there was any smallpox in North Carolina, and further said he had very grave doubts of there being any smallpox in the State since the Civil war.

The foregoing is from the Reidsville Review. Surely wisdom will die with that physician. What a pity that he is not at the head of the State Board of Health. Here are old physicians who saw and treated smallpox during the war, expert physicians who have seen hundreds of cases of smallpox in all its forms, who declare that the disease now prevalent in many portions of the State is genuine smallpox, but they are mistaken. Dollars to doughnuts that the Reidsville physician knows less about smallpox than many other physicians who say that the eruptive disease they are now having to contend with is smallpox. That Reidsville physician should give his wisdom an airing and let the people of North Carolina know how they have been fooled in regard to smallpox. Why don't he write a book?—Monroe Enquirer.

The Jefferson Davis Monument Association.

The following card has been sent out to the different chapters of the North Carolina Division Daughters of the Confederacy:

Mrs. John P Allison, of Concord, N. C., having been appointed chairman of the Jefferson Davis Monument Committee, of the N. C. Div. U. D. C., will receive notices of the amounts raised for this purpose, or of sums of money held in bank by chapters or individuals for said purpose, that she may report the same at the next annual meeting of the United Daughters of the Confederacy in Montgomery, Ala., Nov. 1900. All chapters and individuals will be properly accredited with the amounts raised, but it is deemed more desirable to concentrate all in one fund from the North Carolina U. D. C., this being the plan suggested by the other States. Mrs. John W Hinsdale, treasurer of the N. C. Division, will receive these sums, retaining them in bank as the North Carolina fund for the Jefferson Davis Monument.

It is earnestly hoped that the Daughters of the Confederacy will, with loving zeal, raise a sum sufficient to show forth the respect and honor felt for the first and only President of the Confederate States of America.

LIDA TUNSTALL RODMAN,
Pres. N. C. Div. U. D. C.

True Anglo-Saxon Blood.

Two parties were standing in the street this morning discussing the attack of the Boers on Ladysmith, and standing near them was a rough-looking mountaineer, a large brawny fellow, wearing a slouch hat and looking very much like he had spent the night at some of the suburban whiskey distilleries. He heard one of the gentlemen remark with some feeling that "the assault on Ladysmith was terrible." The rough looking individual at once became deeply interested and turning to the men demanded to know where the lady lived, who the fiend was and why they didn't lynch the infernal scoundrel.—Greensboro correspondent to Raleigh Post.

J H Marks, of Martin county, writing to the Greenville Reflector, says:

"Lookout in your town for more frauds. There are two men going through the country claiming to be plating silverware, or brazing, as they sometimes call it. They take block tin and melt it and dip the article in the melted metal and tin it over, calling it silver. It will hold about a month or two and then turn black. All articles they get that have been silver plated they dip into some kind of liquid that takes off every particle of the silver plating which they save and ship to New York to sell. They have been known to ship \$25 worth at one time."
