## ONLY ONE REMAINS.

The Sad Case of the Family of Mr. Chas. K Ury—Only the Little Girl Behind.

There are not many cases more sad than the one of the family of Mr. Chas. K Ury, who it will be remembered, died about two years ago. In two years time he and two children have died. On Monday night his wife, who lived at Cherryville, died, leaving now only one little girl, Ollie, of the family of five.

He died of consumption, which disease also caused the death of his wife. The remains were brought here today (Wednesday) to be interred beside those of her husband.

She was 27 years old. Her maiden name was Dora Hurt and she was married at Rock Hill where she then lived. Misses Alice and Susie Hurt, of Cherryville, sisters of the deceased, accompanied the remains here.

## Has Been in Business Over Thirty Years.

In the recent sale of the stock of goods of the Gibson drug store one of our citizens, Dr. J. P. Gibson, retires from the pharmacist counter, where he has served for thirty-four years. It will not seem as usual without Dr. Gibson, who is well known by the people, and who is known by our older people as "Dr. Phife Gibson." Immediately after the war he began business here in the room now occupied by Day-vault's groceries. In 1891 he moved into the present building where he recently closed out his stock.

## Attempted Suicide in the Court House.

Oscar Laws, a young man from Tennessee who had been staying at Statesville, attempted to end his life in the court room there Tuesday afternoon. When he heard the sentence of eight months to the chain-gang for an assault and battery he at once took out his knife and plunged it into his breast. The knife was taken away from him and after he was taken to the clerk's office he again attempted to end it with a razor.

## The News at China Grove.

China Grove, Feb. 7.—Mr. Dock Canup, who has been out of school for quite awhile, is in school again.

The school boys and girls are preparing for an entertainment some time in this month. We will mention date later.

Though the mud is deep the people still come in with their eight cent cotton.

Mr. Jim Bostian, of this place, is very low. He is not expected to live.

## The Long-looked-For Arrives.

For months and months has the engine for the new oil mill been looked for in vain but it has at last arrived and workmen are now busy placing it. This has caused quite a good amount of trouble to the company.

## Her Grandmother very ill.

Miss Mamie Ury left Tuesday night for Hickory where she was called by the illness of her grandmother, Mrs. Lavinia Ury, who is now 90 years old.

## NO SMALLPOX HERE.

The Pest House is Now Vacant—Mr. M. L. Furr Has Recovered and is Now a Free Man.

Concord can truthfully say now that there is not a case of smallpox in town or confined in its pest house out of town. Mr. M. L. Furr, who for thirty days, has been having an experience with it was released Tuesday afternoon.

His face is not very badly marked but his whole body well shows that he has had the disease. Mr. Furr has for the last week been very anxious to be released but it was not deemed advisable by the proper authorities to let him out until Tuesday. There is now no danger of the spread of the disease from this man.

## From Our Neighboring Village.

Glass, Feb. 6.—The wall fell in the famous old well at W D Gillon's last week.

Miss Mary Winecoff and Mrs. Mary C Campbell are at T M Rogers' nursing the two cases of typhoid fever. Mamie is getting better but Fournery is not doing so well.

Mrs. F W Glass went to Salisbury last week to be treated by Dr. Whitehead. She is getting on very well.

Mr. S W Winecoff is suffering from a severe throat trouble.

Demia, the little child of F W Bost, is quite sick.

## Their Engagement Canceled.

The Ogarita & Hatfield Company, which played here last night and had announced that they would play again tonight, canceled their engagement this morning and left for Monroe, where they play tomorrow night. They felt that their play was not properly appreciated by a number of the audience and preferred not to play unless to an appreciative audience.

## Commissioners Meet Monday.

Our county commissioners went down to Rocky River Tuesday and looked over the different places where the iron bridge is wanted by the people of that part of the county. They decided that on next Monday there would be a meeting of the commissioners to hear the matter discussed by the different delegations.

## NEWS CULLINGS.

Lieut. Col. Stevens a retired British officer is in St. Louis for more American stock. Among them he wants 1,000 horses shipped to South Africa.

J B Blades and Bros. of Elizabeth city have bought 90,000 acres of swamp lands in Camden Onslow and Jones counties from the state board of education. They want the timber chiefly.

Rowan county has had about \$5,000 worth of smallpox. The town of Salisbury will probably take \$1,000 of this amount.

Dr. Miles' Pain Killers are guaranteed to stop head-ache in 20 minutes. One cent a dose.

## EVENING OF PLEASURE.

Ogarita and Hatfield Company Clever, Versatile and Enjoyable.

The Ogarita and Hatfield company gave us a most excellent play Tuesday night. Though, but two performers on the stage, an actress and an actor, they are so exceedingly versatile and clever, as to furnish a variety of songs and operatic and comedy plays reaching from the droll to the most thrilling passionate drama. A few parts were comically funny and every part was more than ordinarily realistic-high-toned, and enjoyable.

Mrs. Hatfield has a charming voice and her songs are quite pleasing.

The company is exceedingly generous and we have only to regret that more ladies did not avail themselves of the splendid opportunity of an evening's enjoyment. If we want clever popular plays in Concord this company should have a packed house.

## Committee Favors Pearson.

A Washington dispatch of the 5th says the House committee on credentials by a vote of 5 to 3 reports in favor of Pearson in the 9th district. This makes it certain that Mr. Crawford will lose his place and Pearson will take it. It makes it right hard to believe that some men do not succeed in getting high places while unable to get above partisan swayings. Some congressmen would do well to read the history of the last North Carolina Legislature.

## KENTUCKY SKIES BRIGHTER.

Passions Cooling Down—Forbearance and Forgiveness Supplanting Hate.

After that great, bitter campaign in Kentucky that culminated in the killing of William Goebel, the duel government in the State, Taylor's resisting writs till the danger point was at hand, the Legislature barred out of the capitol, and assembling in the most dangerous point in the State and general chaos reigned, the angry passions are subsiding and the difficulties seem about to be adjusted.

Taylor will probably be ruled out, the Goebel law modified and no prosecutions pursued against anybody for what seemed right from one political standpoint but wrong from another.

The Kentucky skies look brighter.
