TEMPERANCE ITEMS.

Local News From Kindley—Thoughts for Temperance Workers.

Kindley, March 22.—The temperance committee of the Northern Presbyterian general assembly lately took steps to impress on church sessions the wisdom and propriety of a temperance committee in each church.

The much criticised "Sheldon's Edition" of Topeka Capital makes no uncertain sound on temperance, as well as every other reform. Even Christian friends get hit, is the reason many bitter criticisms on the paper come from Christian editors.

One hundred thousand drunkards go down to the grave yearly. Have the leaders of our nation nothing to say?

A hundred thousand widows left to struggle with poverty and shame. Have quarterly meetings and ministers nothing to say?

Poor-houses, jails, State prisons have to be enlarged; three-fourths there caused by drink. Has the State nothing to say?

One more organization is on foot and none needed more, viz.: The young ladies are forming in a league that they will not accept the company of a man who will indulge in spiritous beverages.

Mr. Gillette has brought before the House of Representatives a bill regulating the sale of liquor in the Philippines. It provides that no person except on a physician's prescription shall sell liquors in quantity less than twenty gallons under penalty of from \$50 to \$1,000.

The Kindley Young Ladies' Temperance Society will meet the first Saturday eve in April at Mr. McCall's.

The public school department of the Patterson school will close next week.

Triplets were born in the home of a colored family on the edge of Kindley two days ago. They were dead, but the whole town viewed them before they were buried. M. E. MCCARTNEY.

Dr. Keister Honored.

We note that Dr. Bittle C. Keister, of South Boston, brother-in-law of Rev. Dr. J. D. Shirey, deceased has been appointed by U. S. Commissioner General F. W. Peck to the Congress of Professional Medicine at the Paris Exposition. It is doubtless a well bestowed honor.

DIED IN THE FLAMES.

Fire Destroys a Dwelling On Rt. P. Craven's Place Occupied By Negroes—A Negro Boy Dies in the Flames.

The news comes to us of a fire on Mr. R. P. Craven's place near Coddle, which occurred on Wednesday night. Some time in the night after the occupants, who were negroes, had retired the building was found to be on fire. No cause is known for the fire.

All escaped in time to save being burned except one boy, about 12 years of age, Adam Caldwell, whose body was found in the ruins. The old dwelling, which is known in that community as the old Graham place, and which was burned, was more than half a mile from Mr. Craven's and was in Iredell county, just a short distance across the line.

Questions Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by all dealers in civilized countries.

A GOOD COUGH MEDICINE FOR CHILDREN

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well-known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children, as it contained no opium or other harmful drugs. Sold at Marsh's drug store."
