SILVER IN MEXICO. How the Laborer is Robbed by the Cheap

Some things would seem to be so certain that it is a waste of time to argue about them. Among these is the condition of the people of Maxico, which evof every organ and erybody knows is in every respect independs upon the ferior to that of the people of the United

The whole world States. Yet the silverites have cheek

On all sides one hears the answer that the silver basis in Mexico is not responsible for the low wages. This is partially true, but still wages have not increased or made any advance under the free men, young and old, with sleeves gracious! if that man ain't enough to buried as they had lived, side by side. of the silver men in the States seems to swelled with strength, or bright-faced teeth hard she awaits the final flop, with | Desertions of the Free Silver Movement. the volume of currency will be largely

er the bull fight.

When these facts are pointed out to fictitious value in labor, and, moreover, that less than 2 per cent of the great mass of labor in the United States is organized. The low wages here are not confined alone to what may be termed the laboring class, but all salaries are can seldom get more than from \$60 to the clothes they wear, the food they eat, nocessities are so much the greater.

would not be perceptibly increased, and that the purchasing power of those wages would be diminished almost half.

Rents have been steadily advancing to favorable advantage.

Rents have been steadily advancing to favorable advantage.

In arms against the government, the purchasing against the government, the purchasing power of those able opportunity to market their crops to favorable advantage.

PROSPERITY GIVES THE LIE TO THE CALAMITY-HOWLERS.

Delegates who attended the Raleigh

selves in Mexico. On all plantations there are stores owned by the landlord. What is usually earned by labor on the land is always spent with the owner of it. The question naturally arises, especially after one has heard the promises of the silver men on the floors of congress, Why have wages not risen in Mexico? Why, even on a silver basis, are they so much lower than the lowest paid in the United States? It must be remembered, too, that the wages paid here are in a depreciated coin, worth only half as much as the same amount received for

labor in the United States.

Nothing which has been promised by the silver men has come to pass here. of lumber stood upon the side-tracks, est woman !" Wages are lower and living higher. as if there were hardly trains enough Since silver has decreased in value to to haul it away. The traveler upon about one-half, everything produced in the Seaboard or Coast-Line, or whatthis country which competes with the ever route he pursued, saw virtually markets of the world has increased proportionately. The only products which have remained at nominally the old figure are those which are not grown for export and which do not come in contact with similar products grown in countries which have a sound currency. Even coffee, which is one of the staple products, has risen to such a point as to practically be beyond the reach of the peon and the laborer, while the only beef ever in reach of the peon is that which is cut from the dead animals aft-

Butter is so dear as to make it a luxary to all classes, and it is ordered in restaurants as dainties are. Beer, which is a standard drink here, sells for 15 cents a glass, and the only liquor which is to be had by the laboring classes is a native drink called "pulque," a milk-like looking beverage which produces some of the results of the malt product

Will Cotton Go to Ten and a Half Cents ? Mr. Hector D. Lane, who urged the farmers twenty days ago not to make a hasty disposition of their crops, has without possessing any of its virtues. written another letter to the cotton the silver man from the States, he at growers of the South, advising them once says that such a condition of things that they are masters of the situation could not exist there; that labor is too and begging them to hold their cotton well organized to permit such a state of until the get ten and one-half cents a affairs to last. The politician as well as pound. the laborer knows that there can be no The New Orleans Picayune gives the following advice: "It is to be hoped that the cotton producers, while determined to sell their
