

WEEKLY PAPER FOR SALE.

For sale, a good, live weekly newspaper (8-column size) in one of the best sections in North Carolina, and in a good town of 2,500 inhabitants. Reason for selling: Owner is going in another business. For further particulars write THE TIMES, at once.

The Mormon missionaries have as much right to propagate the religion of Mormonism in the State of North Carolina as the Presbyterian missionaries in China have to propagate the religion of Christianity there. We should like to know the difference between the conduct of the Chinese mandarins and Vegetarians who drive out the Christian missionaries and that of the clergymen of North Carolina who have sent a written warning to the Mormon missionaries to retire from our community, and that of once. The Chinese have degraded the anti-missionary Vice-roy, and chopped off the heads of a lot of anti-missionary Vegetarians. What kind of punishment should be given by somebody to the Rev. M. D. Byrum and the Rev. H. J. Jennett, of New Hill, Wake county, N. C.?

The stories told in China against the Christian missionaries are even worse than those told in North Carolina against the Mormon missionaries.—New York Sun.

The Charlotte Observer copies the above from the Sun, and adds that it is "exactly right." We believe in the utmost religious and political freedom, but we cannot agree with the sentiments expressed above. The Mormons do not even claim to be a Christian sect, as we understand it. There are no more Christians than the Mohammedans are Christians. They are polytheists, and worship Joseph Smith and Brigham Young along with Christ. Their religion has nothing ennobling and uplifting in it. It produces a moral light wherever embraced, and we think that the citizens of any community are right when they object to its being introduced in their midst.

We have received the first issue of the State, the new weekly paper started in Raleigh by Capt. S. A. Ashe, the veteran newspaperman. It is an exceedingly neat and well-filled paper. Capt. Ashe is a gentleman of wide information and long experience in the newspaper business, and he will make his paper a most readable one. We cordially welcome him back to the profession, and wish his venture well-deserved success.

If the Democrats could only get together in favor of bimetalism they would be almost sure to carry the next election.—Charlotte News.

By "bimetalism" the News of course means the free and unlimited coinage of silver at the ratio of 16 to 1 of gold. We would rather lose than to win on such a platform.

The Populists of Maryland adopted a sound money platform at their last convention. When the Populists begin to come to their senses by advocating sound money, there is evidence that the free silver craze has about spent its little force.

In shaking hands with the President at Atlanta, one farmer yelled out: "Cotton is worth a pound and Cleveland's all right."

Latest Washington News.

WASHINGTON, D. C., Oct. 26.—The President and Cabinet have returned and express themselves as delighted with what they say at Atlanta and along the route.

Secretary Olney has announced the fact that the future policy of this government will be to enforce the Monroe Doctrine. The new and stalwart attitude of the United States towards the empires of Europe who wish to make vassals of the rich and civilized countries of the western hemisphere is very gratifying to patriotic Americans who do not wish to see the star and stripes dishonored or made to play second fiddle to the Union Jack or any other ensign that floats over land or sea.

I hear H. G. Thos. Settle will have one of the best chairmanships within the gift of the coming speaker, Thos. B. Reed. Mr. Woodard ought to have one too, not only on account of his length of service but because of his consistency, faithfulness, and ability.

The Senate will be thoroughly reorganized if the republicans win in the coming election. Secretary W. R. Cox and Mr. Peter Wilson will lose their places in and event, but if the republicans are sure of victory, there will be a general overhauling of all the places obtainable in both House and Senate. Senator Hill of New York says he is in favor of a single term of six years for a president, and of the election of U. S. Senators by popular vote. Hill is right.

Comptroller Eckles who has just returned from Europe tells me that if the financial agitation in this country could be delayed until foreign capital could be assured that there would be no free silver law enacted by the incoming congress there would be an immediate rush for American securities.

Either the Southern railroad or the B. & O. will build the Cape Fear and Yadkin Valley railroad so I hear from a well informed railroad man in this city.

Mr. Hoover of Randolph who was injured by colliding with a street car while riding his bicycle, is better.

Mr. W. G. Randall has made a copy of the late Secretary Dobbin's portrait at Chapel Hill for the Navy Department.

Frank J. Kuelhoefer, Chief of the Bureau of Accounts, State Department, and Edwin Haywood book-keeper, have been asked to resign. Money shortage of thousands is the reason.

Walter D. Henry, one of the latest Populist recruits, formerly a Democratic speaker, has gone to Kentucky to participate in the Populist campaign there.

STATE NEWS.

Edward S. Abell, of Johnson county, who was one of the six Democrats in the last State Senate, has gone over to the Populists.

When passing through Salisbury last week, President Cleveland said to Sheriff Monroe: "Sheriff, how are the boys behaving?"

The hearing of the case which the Fusionist directors bring against Democratic directors of the Salisbury railway to acquire control of that institution is now in progress. The Democrats give clear evidence that the act of the new directors was not ratified until after the election.

The fraudulent insurance cases at Beaufort came up for trial in Carteret Superior Court last week. Two cases were tried, which resulted in acquittals. Then the remainder of the cases were removed to Jones county, as it was evident that the people of Carteret were prejudiced in favor of the defendants.

The Presbyterian Synod, in session at Fayetteville last week, adjourned to meet in New Bern next year. The statistical report to the Synod shows the following facts: Four ministers died during the last year; whole number of Presbyterian ministers in the State, 144; number of churches, 339; candidates for the ministry, 77; communicants in the State, 30,292; contributions for all causes, \$215,000; members added to the church during last year, 2,904; churches organized, 7; evangelists in the State, 15; missionaries in the foreign field, 6; number of counties with no Presbyterian churches in them, 20.

Other Washington Notes.

WASHINGTON, October 28.—The rattler sily report that Harrison and Quay had made friends and that the latter is going to take charge of the former's boom found no believers in Washington, but it served to bring out the past. Lots of people remember that during the latter part of the campaign in 1892, at about the time the Harrison ticket struck the tobacco slide, Boss Quay went to New York and the seers were full of stories about his having become reconciled with Harrison and going to succeed Carter, who had as chairman of the Republican National Committee made a mess of the campaign, so far as his own party was concerned.

Col. McClure, editor of the Philadelphia Times, met Quay in New York, and being an old personal friend asked him in confidence whether there was any truth in the story. Quay replied: "Not a word. I'll tell you why I'm in New York. I heard that there might be some danger of Harrison's election, and I merely ran up here to test the truth of the story from the appearance of things. A strong fight was made against the removal, as has been the case wherever such changes have been made, but after the fight was won in Virginia, there was no trouble here. The Synod of North Carolina was practically unanimous for removal, there being only six votes against it. Richmond's millionaire tobaccoist, gives a \$25,000 sine for the seminary, and the city of Richmond contributes \$125,000.

Mrs. Beulah Moore succeeds her father, Mr. J. J. Stewart, as editor of the Salisbury Truth.

A Sensation in Durham.—Durham has just come out of a big sensation. On last Thursday morning the prize factory of Mr. S. H. Martin, the largest in the State, was burned and the fire was believed to be of incendiary origin. Late Sunday afternoon A. Latta, a white employe of Mr. Martin, was arrested upon the charge of setting fire to the building. The arrest was made upon testimony furnished by Mr. M. H. Irvine, another employe of Mr. Martin who had a sleeping room in the factory. He said that Latta went to him on Monday of last week and told him that Martin had offered him \$250 to burn the place and that he was going to do it that night. Irvine persuaded Latta to abandon the idea and on Wednesday went to the Raleigh Fair. It was while he was in Raleigh that the building was burned. The trial of Latta was held before the Mayor of Durham Monday afternoon and he was required to give bond in the sum of \$1,000 for his appearance at court. The bond was given and Latta was released. As Irvine slept in the factory the crime is arson, a capital offense, being punishable by death if convicted.

NOT A SICK DAY For Over Thirty Years! RESULT OF USING AYER'S PILLS

"Ayer's Cathartic Pills for over thirty years have kept me in good health, never having had a sick day in all that time. Before I was twenty I suffered almost continually—as a result of constipation—from dyspepsia, headaches, neuralgia, or boils and other eruptive diseases. When I became convinced that nine-tenths of my troubles were caused by constipation, I began the use of Ayer's Pills, with the most satisfactory results, never having a single attack that did not readily yield to this remedy. My wife, who had been an invalid for years, also began to use Ayer's Pills, and her health was quickly restored. With my children I had noticed that nearly all their ailments were preceded by constipation, and I soon had the pleasure of knowing that with children's Pills, or Ayer's Pills, if taken in season, even all danger of sickness."—H. WERTZEL, Byron, Ill.

AYER'S PILLS Highest Honors at World's Fair. Ayer's Sarsaparilla Strengthens the System.

AYER'S PILLS Highest Honors at World's Fair. Ayer's Sarsaparilla Strengthens the System.

Colored People Should Go.

All persons who expect to visit the Atlanta exposition would do well to come at once, if they can conveniently do so. The exposition is now in its glory and the weather is perfect. The advantage in visiting the exposition now is that we may have the opportunity of witnessing the finest display of fireworks and the most impressive outdoor exercises ever seen in the South. The beautiful weather which permits of this feature of the exposition may soon change, so that all outdoor programmes will have to be abandoned entirely, or found very unpleasant to the visitors. The railroads are offering greatly reduced rates from all points in our State to those who desire to see the great exposition. Tickets are issued for a long or short term, as suits the convenience of the purchaser. The best accommodation can be obtained in Atlanta upon reasonable rates.

Colored persons desiring any information about the exposition may simply address J. C. Banks, Manager North Carolina Department, at the exposition, of W. C. Coleman, Concord, N. C., and it will be gladly furnished.

W. C. COLEMAN, Chief Com. N. C.

The main building of the University of Virginia, at Charlottesville, was burned Sunday night. The loss is \$250,000, and strange to say, there is an insurance on it all, of only \$25,000. Two of the smaller buildings were blown up with dynamite to prevent the spread of the fire.

Weak, Irritable, Tired

"I Was No Good on Earth." Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease. "About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss or lapse of memory. Weighted down with care and worry, I completely lost appetite and felt my vitality seeping out. I was weak, irritable and tired, my weight was reduced to 160 lbs., in fact I was no good on earth. A friend brought me Dr. Miles' Nervine. 'New and Startling Facts,' and I finally decided to try Dr. Miles' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 10-year-old boy. My appetite returned greatly increased. When I had taken the sixth bottle my weight increased to 170 lbs. The sensation in my legs was gone; my nerves steadied completely; my memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nervine is a great medicine, I assure you." Augusta, Me. WALTER R. BURBANK.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 25c per bottle for 60c or by the Dr. Miles Medical Co., Elkhart, Ind.

Hamden-Sydney Theological Seminary will be moved to Richmond, Va. This was decided yesterday by the action of North Carolina and Virginia. The institution is now located at Hamden-Sydney, Prince Edward county, Virginia. Following in the line of other institutions, the seminary moves to the capital city of Virginia, where it will be at the center of the State's activity. A strong fight was made against the removal, as has been the case wherever such changes have been made, but after the fight was won in Virginia, there was no trouble here. The Synod of North Carolina was practically unanimous for removal, there being only six votes against it. Richmond's millionaire tobaccoist, gives a \$25,000 sine for the seminary, and the city of Richmond contributes \$125,000.

Repeating and Single.

Wait for Opening, Nov. 1, 1895.

Respectfully Yours, J. Shappirio, Baltimore Bargain House, CONCORD, N. C.

germ-life The doctors tell us, now-a-days, that disease germs are everywhere; in the air, in the water in our clothes, money; that they get into our bodies there, thrive and grow, if they find a favorable place. Consumption is the destroyer of the human system where the lung is too weak to resist them. The remedy is strength—vital force. Scott's Emulsion, with hypodermic adjustment of lung strength, is the best. It is fighting the germ with the germ. These tiny little drops of fish-liver oil get into the system and re-freshen it. Whether you succeed with it or not, you get a good start the germs had, and you live. The shortest way to health is to take Scott's Emulsion. The gain is often slow.

50 cents and \$1.00 SCOTT & BOWNE

SOME STARTLING LOW PRICES FOR THIS SEASON

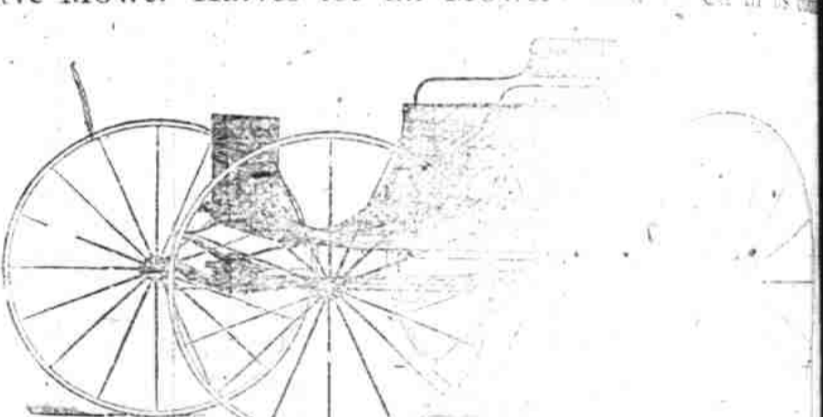

\$5.50 will buy an all wool suit worth \$8.00. \$4.00 buys an all wool Vests \$6.50. \$2.50 buys a pure wool child's suit out a doubt the best ever sold a great many children all gone. \$1.50 buys a good suit for boys for \$1.75.

50 Cents buys a heavy suit sold elsewhere for \$1.00. 25 Cents buys a heavy suit the money.
