Bible Thought For The Day

A SAFE FORTRESS:—As the mountains are round about Jerusalem, so the Lord is round about his people from henceforth even for ever.—Psalm 125: 2.

WHY THE DISCRIMINATION?

Under the new schedule announced by the Southern Railway Company, Concord is not a regular stop for train No. 34, admittedly the best train the Southern has ever operated.

It is true that here the Southern has no competition, but this does not give the railway company the right to ignore the city. We doubt if the Southern gets more revenue from any city in the State with the same investment in equipment and service.

POULTRY RAISING ON INCREASE. It is a significant fact that recently a solid car load of chickens were shipped from South Carolina to northern markets.

IN HER RIGHTFUL PLACE. Greensboro at last is in her rightful place in the list of the leading cities in North Carolina.

MAY HAVE GOOD RESULTS. Much uneasiness has been felt in some parts of the South due to the exodus of the negro from the Southern States.

Use Less Sugar Until Prices Drop, Say Women. Atlanta, May 2.—Resolutions urging members of the organizations to use less sugar until the prices come down to a normal standard were unanimously adopted.

Negro Runs Amuck, Three Men Killed. Birmingham, Ala., April 30.—Three men were killed, and two injured at Helena, Ala., this afternoon when a negro ran amuck and fatally shot Allen Abernathy, nephew of Judge H. B. Abernathy of the Jefferson county court of misdemeanors.

Declares Weakness Left by Flu Lasted So Long She Almost Despaired—Tanlac Restored Perfect Health, She States. When a medicine produces results its praise is sure to be heard. This accounts for the fact that Miss Mamie Kendrick, R. F. D. 2, Gastonia, S. C., as well as hundreds of other North Carolina people, so readily speak out for Tanlac.

News by a farmer, who says "that when a few more negroes leave the farms of the State there will be more inducement for white people to go to the farm," and this farmer suggests "that a movement be set on foot to get descendants of the people who left this section years ago and went west, to return to the land of their fathers."

This idea deserves consideration. In many parts of the South white people have been idly at home while they let the negroes do the work, and as a result no one prospered. It will not do the land owners themselves any harm to work more, and maybe after they try working they will see that so many negroes are not needed.

If the South can get a good class of settlers in place of the negroes it will profit by the exchange. And there are many persons living in the west today who could be persuaded to come back to the South if they knew the negro farmer did not predominate. In North Carolina there are more white than negro farmers, and the State is prospering agriculturally.

TRADE IMPROVING. The Federal Reserve Bank of Richmond, in its latest monthly review of business conditions in the district which embraces the South Atlantic States, notes that "practically every line of trade and industry for which statistics were available showed marked gains during the past month and in some instances the improvement was so marked that observers are beginning to warn the public against becoming too bullish on the future."

Price advances are being made frequently in many commodities, "the review states," and labor is becoming so much in demand that employers are beginning to bid against each other for employees. Credit appears to be plentiful at moderate rates and a very large volume of construction work is undertaken, some of it with very little actual cash to back the proposition.

Large Cotton Acreage Being Planted in Catawba County. Newton, April 29.—Catawba farmers have a hunch that they will get one more good crop of cotton before the boll weevil moves up his main army, and that this will be the last year they can expect to hold the line against the invaders that have captured the state of South Carolina and driven the spearhead of a wedge into the corder counties east of Mecklenburg.

Very Important Notice. The city union of Epworth Leagues will hold its monthly meeting at Kerr Street Methodist Church Friday night, beginning promptly at 8 o'clock.
