

COUNTY-WIDE DRIVE AGAINST TYPHOID IS TO BEGIN ON MONDAY

All the Leading Community Centers in the County Will Be Visited by Health Officer During Drive.

DIPHTHERIA SERUM WILL BE GIVEN

In Addition to Rural Campaign Serums Will Be Given in Concord Every Wednesday and Saturday.

Following his usual custom of carrying the campaign against typhoid fever and diphtheria to every section of the county, Dr. S. E. Buchanan, the county health officer, next week will begin his county-wide drive to give the typhoid and diphtheria serum to every man, woman and child in the county.

The diphtheria serum is for children from the ages of six months and six years. The typhoid serum is for everyone. Persons who have never taken the serum should by all means take it. Those who have not had it during the past year should take it, and others who think they need it, or who want it, can get it.

THE COTTON MARKET

Selling Movement Which Started Tuesday Was Resumed Today.

New York, July 5.—The selling movement which was underway in the cotton market before the holiday was resumed this morning. Cables were lower than expected, while reports indicated that conditions had been favorable for the week. The market showed no improvement, but the cotton opened easy as a decline of 1/8 to 1/4 points in response to these factors. The market closed at 20 to 28 cents during the early trading under further liquidation and local and Southern selling.

Baseball at Kannapolis Saturday.

There will be two games of baseball at Kannapolis, N. C., Saturday: one at 10 a. m. and the other at 3:30 p. m. between the Albemarle and Cabarrus Y. teams. The grandstand seating capacity has been doubled and you can get a good comfortable seat. The Boys' Sons of the Stars Y. will give an exhibition of athletic stunts just before the afternoon game.

Death of Samuel Van Camp.

Age 70. July 5.—Samuel Van Camp, vice president of the Van Camp Canned Fruit Co., of Indianapolis, died today at the New York Hospital after having been taken ill while returning from Europe. He had been in a long illness for some time.

Receiver Appointed for Salisbury Bank.

Washington, July 4.—A special to the United States National Bank of Illinois, has named as receiver for the Peoples National Bank at Salisbury, N. C., the receiver of currency and will give in a few days to take over the institution, which was closed several days ago.

The Citizens Bank and Trust Co. is holding suits, 75 cents and upward, on sales and orders at Fisher's. See the new ad today of the Bell & Bell's new parlors. Calls answered day or night.

Wants Georgia to Repeal Dry Laws.

Atlanta, Ga., July 5.—A bill to repeal the Georgia prohibition law which transferred the full responsibility for enforcement of the Volstead act in this state to the Federal government, was introduced in the House of Representatives today by Dr. Craig Arnold, of Lumpkin County.

SAYS FAMILY ALTAR WILL PREVENT DIVORCE

The Family Altar Will Drive the Divorce Court Out of Business.

Des Moines, July 5.—The family altar, worshipped by families daily in homes, will prevent divorce, according to Rev. Stanley B. Vandersall of Boston, who spoke today before the International Christian Endeavor Convention here. "An analysis of the home that have been wrecked would no doubt show that family prayer was lacking in those homes," said Dr. Vandersall.

Cooperation between public school officials and religious groups to promote systematic religious education of children, was urged by Dr. Hugh S. McGill, of Chicago at today's session. Dr. McGill pointed to the youthfulness of criminals and evidence that a large proportion of children are not taught the biblical truths and standards.

"A plan is being worked out in a number of cities," said Dr. McGill, "by which both the state and the churches can co-operate in giving school children both the general and the religious education needed which is fair and equitable alike to Jew and Gentile, Protestant and Catholic. The purpose is two-fold: To train the youth of our country for a life of service and good citizenship—and to bring them into the churches."

GEORGIA LEGISLATURE DISCUSSES THE NEGRO

Solens Told That Actions of White Men Are Driving the Negroes From the South.

Atlanta, Ga., July 5.—Negroes as a race do not desire to leave Georgia and the South, and the remedy for existing conditions is in the hands of the white man, according to a communication addressed to the General Assembly and the people of Georgia, adopted at a statewide conference of leaders of the negro race here yesterday. The conference was presided over by Bishop J. S. Lipper, of the African Methodist Episcopal Church of Atlanta.

The Legislature was urged to pass an anti-lynching law, several speakers saying they would rather see such a law on the state statutes than have it passed by the Federal government.

DEFENSE CLOSES IN HIGGINBOTHAM CASE

First State Rebuttal Witness Said He Heard Doctor Say Tabert Was Beaten to Death.

Lake City, Fla., July 5.—J. E. Johnston, former commissary keeper for the Putnam Lumber Company, and brother-in-law of Dr. T. Capers Jones, former camp physician for the same company, testified for the murder of Martin Tabert, that Dr. Jones told him that "Higginbotham beat Tabert to death."

The defense closed its case today with the understanding that it may reopen at the conclusion of the rebuttal testimony by the state.

Spencer Depositors to Organize a New Bank

Spencer, July 4.—As quick as a flash several hundred depositors of the closed First National Bank of Spencer, is a unanimous vote to organize a new State bank in Spencer with a capital of \$60,000 to take the place of the old bank which went down June 8th in the wreck of the Peoples National Bank in Salisbury. The vote came after hearing recommendations from investigating committees appointed to represent the old stockholders and the depositors of the closed bank. The joint committee made a re-examination of the old bank, the committees being headed by D. L. Young and M. L. Kiser.

Arm Snapped Off by Big Flywheel.

York, July 4.—Clyde Hodges, a workman of Draper, N. C., is in a local hospital, his left arm being literally dragged out of his shoulder yesterday evening when the sleeve of his shirt came in contact with a heavy flywheel in one of the Draper mills where he was working. The wheel was revolving at a terrific rate, and eye witnesses declare that the arm was snapped away from the boy's body and hurled, intact 50 feet away. He was promptly treated and was hastened to a local institution. Physicians said today that while the shock of the injury was still to be feared the youth had a good chance to live.

When President Harding visits Seattle he is to be presented by the women of that city with a magnificent gold and pearl-ornamented five-piece coffee service. It is intended that the set, which is valued at \$15,000, shall find a permanent place among the art treasures of the White House.

GIBBONS DEFEATED BUT NOT KNOCKED OUT BY CHAMPION

Challenger Surprised Sporting World by Game Manner in Which He Stayed in Ring With Dempsey.

TWO FIGHTERS ON FEET AT FINISH

Dempsey Given the Decision for He Outfought Gibbons in All of Fifteen Rounds Except Three.

Great Falls, Mont., July 5.—(By the Associated Press).—Jack Dempsey refreshed by a good night's sleep, prepared today to desert Montana for a few days' vacation with his mother in Salt Lake City, Utah, after nine weeks of training for his heavyweight match with Tommy Gibbons at Shelby yesterday.

The title holder said he was tired of the training grind and would welcome a vacation. He expressed admiration for Gibbons' ability as boxer and declared he wanted to give him credit for his wonderful showing.

"I hope Gibbons was not hurt," Dempsey said. "He is a great boxer and put up a fast bout. I hope the crowd was pleased."

Dempsey today has two slightly discolored eyes and a wound under the right, and an old cut opened over the left, as a result of Gibbons' left hook and right crosses.

Hiram Dempsey, of Salt Lake City, father of the champion, saw his son box in a championship match for the first time yesterday, and he said he was not disappointed because Jack did not win by knockout.

Regret That Gibbons Lost.

Prescott, Ariz., July 5.—A resolution regretting that Tommy Gibbons "failed to knock Jack Dempsey's block off" was adopted last night by the executive committee of the Arizona State Department of the American Legion which was in session here.

The Story of the Fight.

Shelby, Mont., July 4.—The whole sporting world was wrong—with the exception of that courteous, smiling individual, Tommy Gibbons, of St. Paul.

The challenger, to the astonishment of the 25,000 spectators, in the sun-baked arena, on the edge of this oil boom town, was on his feet, still fighting at the end of his scheduled 15-round heavyweight championship battle today with Jack Dempsey when almost everybody expected him to be knocked out in six or seven rounds.

Dempsey, the champion, was an overwhelming favorite to win by a knockout early in the battle.

Referee Jimmy Dougherty, of Philadelphia, awarded Dempsey the decision when the gong clanged ending the fifteenth round, but Gibbons, who did not get a cent for fighting, left the ring with a moral victory. It was the first time that any fighter had managed to face Dempsey and still be on his feet at the finish since he became champion.

Gibbons has a reputation made in 86 fights of never having been knocked off his feet. That reputation is still good. Dempsey had him dizzy and weary, probably half a dozen times today, but failed to knock him out.

The fight had an entirely different ending than any of the spectators expected. Even the enthusiastic Gibbons partisans shouting encouragement to their fighter had not the slightest idea he would last more than seven or eight rounds. In fact it was the consensus of opinion that four or five rounds would find Tommy on the floor knocked out.

Tommy, a master boxer and constantly on the lookout for the knockout blow, danced and side-stepped around the ring, occasionally slipping a right or left to Dempsey's face and then eluding danger by clinching or stepping backward.

Towards the last Gibbons seemed to be fading fast and repeatedly went into clinches with the champion. "In the last round it appeared that his defenses were failing and many expected Dempsey to administer the expected knockout. The champion, seeing the condition of the challenger, furiously slashed at his head and body, but Tommy hung on and clinched and side-stepped until the saving grace of the final bell.

Dempsey was never in danger in a round of the fight. Although Gibbons cut and slightly blackened the champion's right eye in the opening round and Dempsey brought blood once or twice from the challenger, neither was marked to any appreciable extent.

While the championship battle was a surprise to the fight fans, it was more than amazing to Jack Kearns, Dempsey's manager. Kearns was stunned after the five or six rounds had demonstrated that the champion was unable to hit Gibbons effectively. The manager, as well as every member of the champion's camp, were sure Dempsey would whip over a knockout in four or five rounds.

Gibbons played a hit and run game, fighting a remarkable defensive fight throughout.

He never gave Dempsey much of an opportunity to land the sleeping punch. In some rounds he switched his tactics and surprised the champion by carrying the fighting to him and even out boxing him in spots.

While there were barely 8,000 persons in the arena at the beginning of the championship battle, it was but a few minutes until approximately 25,000 were crowded as near as they could get to the ringside. The reason was that the spectators would not pay the prices asked and just before the fight Kearns decided to cut the price of the best seats more than 50 per cent.

Negro Association Sends An Appeal to President Harding

New York, July 5.—Declaring the lives of R. R. Moton, president of the Tuskegee Institute, and of negro surgeons at the United States Veterans Hospital at Tuskegee, Ala., had been threatened by masked mobs, the national association for the advancement of colored people today wired President Harding urging that he send Federal troops to protect them.

"National Association for Advancement of Colored People representing 100,000 American citizens, asks that Federal troops be sent to Tuskegee, Ala., to protect colored doctors sent to the United States Veterans' Hospital to care for negro World War veterans. The lives of these United States doctors and security of Tuskegee Institute have been threatened by masked mobs. Tuskegee Institute, an internationally known agency making for inter-racial good, should have protection against lawless defiance of the government. We urge especially Federal protection for R. R. Moton, president of the Tuskegee Institute, whose life has been threatened."

Klanmen Parade in Tuskegee.

Tuskegee, July 5.—Action of the National Association for Advancement of Colored People on requesting military protection for Dr. R. R. Moton, head of Tuskegee Institute, and negro surgeons at the United States Veterans' Hospital, resulted, it is supposed here, from a parade of 700 members of the Ku Klux Klan Tuesday afternoon. Klanmen, marching by Tuskegee Institute before making their way to downtown streets. Spokesmen for paradees said the demonstration symbolized the protests of 50,000 Klanmen of Alabama against placing of negro personnel to man the Veterans Hospital.

CATHOLICS, JEWS AND PROTESTANTS GATHERED AT GOSHEN, N. Y., WHERE PATRIOTIC RELIGIOUS MEETING WAS HELD BY SUPREME COURT JUSTICE TOMPKINS.

Goshen, N. Y., July 5.—Catholics, Jews and Protestants joined last night in a patriotic religious Independence Day service and heard Supreme Court Justice A. S. Tompkins, Grand Master of Masons of this state, counsel the Ku Klux Klan to love its neighbors and raise the barriers it has erected against races and creeds.

The ceremony was held in the Presbyterian Church under the auspices of the Knights of Columbus, with Rev. Father J. H. McGinnis presiding. Justice Tompkins, a Baptist, was the principal speaker. Catholic ushers shepherded the 1,000 Methodists, Episcopalians, Jews and members of other denominations who filled the aisles and overflowed into the streets.

Justice Tompkins adjured his hearers to stand together against the Klan as they had fought together in the World War.

"The great menace to our republic today is on the inside, not on the outside," he said. "Our democracy cannot endure unless all classes, creeds and races are allowed to live and work and worship freely and peaceably."

"Our government is not exclusively a white man's government or a Protestant government, a Jewish government or a Gentile government."

CLEVELAND WOMAN HURT IN ACCIDENT

Miss Mary Lou Burdick Injured in Automobile Accident Near Salisbury.

Salisbury, July 5.—Miss Mary Lou Burdick, of Cleveland, was seriously injured, and several others were hurt late yesterday when an automobile in which they were riding, turned over. Prof. D. N. Dodge, who was driving, swerved to avoid another machine, and his car turned turtle. It was said Miss Burdick's skull was fractured. The other injured are Mrs. D. L. Hodges, painfully hurt; Miss Grace Allen, arm broken; Miss Sarah Phifer and Miss Annie Martin, badly bruised.

FARMER-LABOR PARTY MAY NAME CANDIDATE

To Run for Presidency and Other Offices in the 1924 Election.

Chicago, July 5 (By the Associated Press).—A national convention of the Federated Farmer-Labor party representing industrialists and farmers will be held in December or next January for the purpose of nominating a President and other candidates in the 1924 election if the report of the organization committee is adopted by delegates representing these groups at a meeting here with the National Farmer-Labor convention.

Music Teacher of Wake County, Missing, Found Near Monroe.

Raleigh, July 5.—Miss Evelyn Nichols, music teacher of Raleigh Mills village, whose mysterious disappearance Monday puzzled and alarmed friends, has been located at the home of friends, eight miles from Monroe, according to an announcement at police headquarters here tonight.

Miss Nichols was traced to Monroe by clues which developed following the publication in Raleigh of a newspaper story of her disappearance. The mother of Miss Nichols, at Greenwood, S. C., today recalled that her daughter had friends near Monroe, but could not give their names.

Before taking the train for Monroe Monday afternoon, Miss Nichols, according to authorities at a local hospital, endeavored to secure the services of a nurse to accompany her. She was complaining of severe neuralgia at the time.

Grandstand Crash Kills One; Forty-Three Hurt.

Salt Lake City, Utah, July 4.—One person was killed and 43 injured, several seriously, here tonight when a temporary grandstand loaded with hundreds of persons watching a Fourth of July celebration at Liberty park gave way and crashed, burying under the wreckage many of the injured. Ruby Soderbury, nine years old, died of a broken neck at the emergency hospital. Almost all of the injured suffered broken limbs, body abrasions or head injuries. More than 30,000 persons were in the park when the accident occurred.

Total Fight Receipts Are \$201,485, Says United States Official.

Shelby, Mont., July 4.—The approximate total of gate receipts at the Dempsey-Gibbons heavyweight title bout this afternoon was \$201,485, according to figures made public tonight by Charles Rasmusson, Montana collector of internal revenue.

Government Concludes Testimony.

Washington, July 5.—The government finished its introduction of direct testimony in the trial of Charles W. Morse, on charges of conspiracy in connection with the building of wartime ships.

CONSIDERABLE DAMAGE BY BOLL WEEVIL REPORTED

This Is the Time When the Farmers Should Be on the Alert.

Raleigh, July 5.—Considerable damage by the cotton boll weevil has been reported to the Department of Agriculture and State College officials by W. Bruce Mabee, in charge of the field station of the division of entomology at Dunn, N. C., it was stated at the Department of Agriculture here today.

Mr. Mabee reports that the weevil has punctured 17 per cent. of the squares on the farm of M. L. Ballard at Kipling; on the farm of Dr. O. E. Underwood in one field 18 per cent. of the squares have been punctured; and 12 miles south of Fayetteville on the F. M. Morah plantation a 9 per cent. damage has been found.

According to Mr. Mabee, this is the time when farmers should be on the alert for boll weevil damage and preparations should be made for dusting the cotton. He states that time should not be wasted in looking for grown weevils but rather to not witness the downfall of orderly liberty and the rule of right, and see a return to anarchy and the rule of might, Christian Endeavor can and must help to create the sentiment that will make scoffings at the United States Constitution unpopular," said Mr. Wheeler. "President Harding was right in his challenge to New York state recently when he reminded them of Lincoln's great pronouncement that a nation could not remain half-slave and half free, nor can it at this time remain half-loyal and half-disloyal. The President said that the safety of society is in the obedience to law. If you like the law or not, as long as it is regularly adopted it is our business to obey it. President Harding said also that if every man thinks that every law must suit him in order to obey it, he is not a democrat but an anarchist."

Mr. Wheeler appointed to all the delegates from foreign countries to use their influence in their respective countries to prevent their countries from being used as a base for defying the prohibition laws of the United States. Every province of Canada is represented at the convention.

"Let us remember that the liquor interests in Europe do not represent the best element in those nations," said Mr. Wheeler. "There is a growing movement in every nation of the world against the liquor traffic. All nations but two have their prohibition movements. By making good in the United States we will aid every other nation in the world to hasten the day of final freedom."

Engineer Would Make Sahara Desert Bloom.

London, July 5.—Continental engineers think large tracts of the Sahara Desert may be made fertile by artesian borings similar to those employed in the parts of Australia.

Pointing out that the sinking of wells had made Australia one of the greatest pasture countries in the world, Gaston Imbeaux, chief engineer of the public works department of the French government, says similar methods would cause a number of fertile sources to spring up in the Sahara, providing pasture for sheep.

M. Imbeaux says large reserves of water undoubtedly exist under the great sand wastes of Africa, and that if the French authorities would undertake to sink shafts to these subterranean wells, the future success of the projected trans-Saharan railway would be assured, as the line would be furnished with the necessary water at regular intervals.

SCORE 'ILLED AND MANY HURT DURING BIG CELEBRATIONS

Which Were Held in Many Parts of the County Yesterday.—All Big Cities Reported Many Accidents.

MANY CHILDREN AMONG KILLED

Most of the Deaths Caused by Fireworks.—Pittsburgh Let in the Number of Fatal Accidents.

Chicago, July 5.—A score of deaths and more than a hundred injuries resulted from fireworks explosions and other accidents incidental to the nation's observance of Independence Day. Although efforts made to prevent accidents were universal, fatalities occurred in all the principal cities of the country.

Most of those killed were children. Pittsburgh led in the number of deaths, tetanus resulting from pre-holiday celebrations causing four deaths of children. A man was shot by his wife who claimed it was an accident.

St. Louis, with 61 reported injured, had a greater number hurt than any other city, although Chicago with 3 dead and 28 injured, was a close second.

SOUTH CAROLINA'S NEGROES RAPIDLY MIGRATING NORTH

Fully 22 Per Cent. of the Negroes of That State Have Left It.

Columbia, S. C., July 5.—South Carolina, long a state in which the negro greatly outnumbered the white, is experiencing a decrease in its colored population that is gradually gaining in volume, according to railroad and other officials in position to observe. One railroad official recently estimated that fully 22 per cent. of the negro population of the state had left for northern points, and a newspaper in a recent article, estimated that for the first time in more than 100 years the white population of the state exceeded the negro.

Not only have scores of thousands of negroes left the state during the past year or more, but the number of women and children leaving is increasing, railroad officials state. At first only males left for the north. Now, however, many of those who went to the industrial centers early in the exodus are sending for their wives and families while many others are taking their women and children with them.

Columbia apparently is a concentration point for a considerable surrounding territory. Practically every day 100 or more leave from the railroad stations in this city, according to S. H. McLean, district passenger agent for the Southern Railway.

"The negroes themselves are not inclined to discuss their plans in any great extent and make very little show in leaving," said Mr. McLean. "They usually do not buy their ticket at the uptown offices, waiting instead until a few minutes before train time when they purchase a ticket and then board the train and are gone."

The majority of the negroes now leaving the state apparently are going to Pittsburgh appearing to receive the majority of them. Many are going to Detroit, New York, Baltimore, Boston and Dayton.

GIVES HIS VIEWS AS TO CHURCH'S WORK

Improvement of Criminal Law, Equality of Justice and Protection for Children Should Be Undertaken.

Lake Junaluska, July 5.—The church has a more useful and important field in seeking to amend the constitution so that social injustice may be combated by legal means than to occupy its time with the profitless controversies over dogmas and creeds, or in fighting science or trying to find out who our ancestors are," Marvin Underwood, Atlanta, told the Social Service Conference in the Methodist Episcopal Church, South, here today.

Mr. Underwood, who was counsel for the United States Railway administration, and an assistant attorney general under the Wilson administration, added that as a religious question he was not so much concerned whether he descended from an ape as that whether he might develop such characteristics as might cause a reversion to that species.

Efforts to improve criminal law, to promote equality of justice, protect the childhood and motherhood and promote health and education were some of the things the speaker urged upon the church. He denounced landlord profiteers, long hours of labor, excessive capital returns, bogus stock and promoters and others.

Policemen's Working Hours in Salisbury Cut.

Salisbury, July 5.—The working hours of the Salisbury policemen have been cut from twelve to eight hours a day. Under a new plan put into operation by Chief of Police Gallimore this week, there will be three eight-hour shifts. The addition of four patrolmen brings the force to a strength of twelve men.

There will be a picnic at Garmon's Mill, near Millard, on July 14th. The picnic will continue throughout the entire day, and as usual, a large crowd is expected to attend. There will be a number of attractions to interest those who attend.

The first union of servant girls was organized in Melbourne, Australia, in 1886.
