When Dr. Terry arrived in the city yesterday he brought with him the wonderful scientific medical exhibit which won him first prize at the meeting of the State Medical Society in Asheville and the Silver Medal given by the American Medical Association at its annual meeting recently held in San Francisco. Dr. Terry will use this exhibit to illustrate parts of his lectures. He will also employ a special projectoscope to make his lectures clear and interesting.

It is expected that an additional number of physicians, who have not yet signed up for the course, will attend the first meeting tomorrow and then register for the work. A full account of these will be given later.

C. D. Snell, director of the University Extension Division, is in town completing arrangements for the course. He states that an exceptionally large number of doctors have turned out to hear Dr. Terry in Winston-Salem, Greensboro, High Point and Salisbury and that all are enthusiastic about the coming lecture.

MRS. HARDING SEEMS TO BE RESTED AGAIN

She Became So Fatigued That Part of the Trip Across Alaska Had to be Abandoned Monday.

Aboard President Harding's Special Train, Alaska Railroad, July 17 (By the Associated Press).—Rest seemed to day to have restored Mrs. Harding from fatigue which yesterday forced Mr. Harding to turn southward over the Alaska Railroad from Fairbanks, instead of following a route enthusiastically urged by Alaskans and enthusiastically urged by Mrs. Harding—to proceed towards the coast by automobile.

The President expects to go upon the Henderson at Seward where the party left the vessel and proceeded to Cordova. The President attributed Mrs. Harding's fatigue to the earnest hospitality of the Alaskans and to the long days at this time of year.

This led to many hours of activity and loss of rest. The President told the people of Fairbanks that Mrs. Harding had been forced to go to bed, worn out. She had received several gifts from the people of that city earlier in the day.

The Fairbanks folk even remembered Laddie Boy, the President's dog, with a collar of moosehide, decorated with naked gold and fossil ivory, valued at \$400.

Travelers Recommend Changes in the Law.

Greensboro, July 16.—Changes in the North Carolina "stop" law in relation to vehicles and railroad crossings are recommended by the local post of the Travelers Protective Association, adopted at a meeting Saturday night. The changes sought are: Stop signs to be removed from in front of switches and spur tracks; stop signs to be removed from main highway where they are placed to cover side roads that branch from the main road and then cross-tracks; railroad companies not to be allowed to let the law interfere with the construction of underpasses or overhead bridges where these are necessary.

IMPROVEMENTS TO BE MADE BY LOCAL GAS COMPANY

A New Third Coal Gas Bench to be Added to the Capacity of the Gas Producing Equipment.

A short time ago the gas plant of the Concord and Kannapolis Gas Company was thoroughly inspected by an expert gas engineer of the United Chemical and Industrial Corporation, Philadelphia, and upon his report the local gas works will undergo an extensive work of new construction and improvements.

The capacity of the gas producing equipment will be increased by installing a new third coal gas bench of the same type as already in use, and also a new cooler and a new compressor.

Besides increasing the manufacturing capacity and therefore securing an uninterrupted supply of gas, the new cooler and the improvement of the present condensing system will enable the company to deliver to its patrons a clean gas of the highest quality.

Kerr Street Revival.

The meeting is progressing nicely. On Monday night the weather was very threatening, which kept many away. But God is good, so He gave us a great meeting with the faithful few.

Rev. Mr. Sisk delivered a wonderful message on "The Prodigal Son." His text was Luke 15:18, "I will arise and go to my father, and will say unto him, father, I have sinned against heaven and before thee." It's a wonderful thing to be saved. You who are interested in lost souls, pray much that they might be saved, and don't fail to attend these meetings. We need your prayers, and presence also.

Services each evening at 7:30 o'clock. Come, everybody.

ROOSEVELT'S PERSONAL MESSAGE TO SOLDIERS

Is Being Delivered Today to 11,000 Posts of the American Legion.

Indianapolis, July 18.—The only personal message of Theodore Roosevelt to American soldiers in France, written five years ago today on the day he received word of the death of his son Quentin, is for the first time being delivered to world war fighters through 11,000 posts of the American Legion.

The message was given to Cass Connaway, of Buffalo, N. Y., who was a Y. M. C. A. worker in France, but it did not come to the attention of the fighting men because Mr. Connaway's duties in France prevented him from attending to the matter. On July 15, 1918, Mr. Connaway requested a word from Roosevelt to the men at the front. Despite the fact that he had received word of Quentin's death that day, the message was written by Roosevelt, on July 17, and reads as follows:

"To the soldiers of the American Expeditionary Force overseas: 'I send my heartiest greetings to you men at the front. You have made all of us who stayed behind lift our heads high with pride by what you are doing. It is you men, and only you men, who are doing the one vital work for the American people today. All good Americans at this time owe homage to the fighting men at the fighting front. What you are doing is vital for the honor and interest, for the future welfare and for the existence of our republic; and you are also battling for the liberty of every well-behaved, civilized nationality, big or little.

"I congratulate you on the great good fortune that is yours in that you now have the chance to endure hardship and peril for a great ideal, and to render to our country the greatest of all services. I would give anything to be over with you.

"Faithfully yours, 'THEODORE ROOSEVELT.'"

Memorial Service to be Held.

A memorial service will be held at Cold Water Baptist Church in No. 11 township next Sunday afternoon, July 22nd, at 2:30 o'clock. The sermon on this occasion will be preached by Rev. J. C. Rowan, pastor of the First Presbyterian Church of Concord. All former members of the church and those who have relatives buried in the graveyard at this place are invited, as well as the public, to attend this service. Music will be furnished by the Roberts and West Concord choirs. All persons who are interested in the work at this place are asked to meet at the church on Thursday morning at 8 o'clock with the necessary tools in order to clean-up and beautify the graveyard.

No Bathing on Sunday.

Monroe Enquirer. Eudy's lake, four miles southeast of Monroe, on the Belk Mill road, is becoming to be quite a popular place for those who would like to take a refreshing plunge in cooling waters these hot days. Mr. A. E. Eudy, at whose nice farm home the lake is located, found a number of flowing springs on his place would make a nice pond, so he proceeded to make a dam across a ravine, the result being a beautiful stretch of water which has a flowing outlet the year round. The pond has been stocked with fish and it will not be long before the Eudy family will have a plentiful supply of fish for their table. One thing, though, Mr. Eudy positively will not allow, and that is bathing in his lake on Sunday. He is a Sunday school worker, a member of the church, stating "I can make a living without taking in money from bathers at my pond on the Lord's day."

Turkey vs. Boll Weevil.

Monroe Enquirer. Mr. J. G. Connell, a good farmer of Goose Creek township, believes his cotton is being greatly benefited by his fine flock of turkeys. Mr. (and Mrs.) Connell have been sixty and seventy of these birds which roam the cotton patches every day, looking for all kinds of bugs.

If the Connell's cotton does not turn out so well they will still have a nice source of revenue next fall from their turkeys as they readily find a market from 35 to 40 cents a pound. Almost any kind of a turkey "log about Thanksgiving and Christmas time" will bring as much as five dollars—and a sizable flock soon runs into money.

DEATH TUESDAY NIGHT OF MRS. LAURA ALLEN BOST

Had Been Ill For Several Weeks—Funeral Was Held This Afternoon.

Mrs. Laura Allen Bost, wife of M. E. Bost, well known carpenter of Concord, died Tuesday night at 10:30 o'clock at the home of her daughter, Mrs. Tom Eudy, on Kerr street. Mrs. Bost had been confined to her home for four weeks, and during the past several days her condition had been so critical that no hope was entertained for her recovery.

Funeral services were held this (Thursday) afternoon at 2 o'clock at Kerr Street Methodist Church, and interment will be made in Oakwood cemetery.

Mrs. Bost was 62 years of age and had made her home in Concord for about 18 years, moving here from Catawba County, where she was born and married. Surviving are her husband, several children and several brothers and sisters. The children are: John Bost, of Gastonia, James and Sam Bost, of Thomasville, Mrs. John Beaver, Mrs. R. A. Hullender, Mrs. Tom Eudy, of Concord, Mrs. L. W. Hansel, of Greensboro and Mrs. Everett Shote, of Indiana. Her surviving sister is Mrs. L. B. Brown, of Spartanburg, S. The deceased was a member of Kerr Street Methodist Church, and was an active Church worker. She was known and greatly admired by a wide circle of friends in this and Catawba counties.

What Editor Ascheratt Saw at the Moving Picture Show.

Monroe Enquirer. In making my weekly pilgrimage to the picture playhouse it doth appear if there is not one thing to plague one it is another. It is not so bad in summer time, though as in the winter, for now there are bathing pools aplenty and feet are not encased in woolen sox. Nor was it the idiot this time who laboriously spells out and mispronounces the texts. But it was a young woman who sat in front of me, her actions getting my goat. She was with her beau. No sooner had the couple taken their seats than I perceived a petting party progressing. Their fingers—boy digits and girl digits—soon became entwined, and then her head soon found a resting place on his shoulder. Their rear elevation did not look so worse, but in leaving I could not resist the temptation to see just what kind of folks were going to the picture show to do their luggin'. The boy did seem sorer ashamed, even if he did look like a poor fish, with gopher teeth, and of general assinine appearance. "The girl—oh, my! Her face was about as flat as a squash pie, it being covered with a whitish substance resembling flour, the upper reaches, however, being of reddish hue. Lips as 'armie as pokeberry juice—but she wasn't on good terms with her dentist. All in all they looked the couple of boob which they are—spoonin' at the picture show."

After that, when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me." If you are weak and suffering from womanly ailments, Cardui may be just what you need.
