The twin babies of Mr. and Mrs. George Crisco, of No. 11 township, died Tuesday afternoon. Funeral services were held this afternoon at the home and interment was made in Union cemetery.

Only one case was on docket for trial in recorder's court yesterday, abandonment being the charge lodged against the defendant. Since Saturday and Sunday, when 23 arrests were made, everything has been very quiet in police circles, police officers stated.

Little Miss Mary Frances Barnhardt and Master Eugene Barnhardt, III, children of Mr. and Mrs. E. C. Barnhardt, Jr., are confined to their home on North Union street by illness. They have been ill since Sunday and their condition today is reported as favorable.

A new registration in the county has been called for the school bond election of November 20th, and all persons who expect to vote in the election must register. The books are now open and registrars can be found at the voting places each Saturday for the next three weeks.

Bear in mind that we give the Progressive Farmer a whole year free to every one who pays a subscription to either The Tribune or The Times for a full year in advance. Pay up to date and a year in advance to either paper and get the best farm paper published every week a year for nothing.

Total collections in recorder's court on Monday, including fines and costs, were \$299.50. This money was collected from 19 defendants, cases against four other defendants being continued. The cases tried Monday included charges of intoxication, having liquor, operating a car while intoxicated, gambling and speeding. Court was in session several hours.

Marriage licenses have been issued to the following couples by Register of Deeds Elliott: J. Lee Litaaker, of Winston-Salem and Miss Bessie Elizabeth Stallings, of Harrisburg; Louis Orr Stephens, of Charlotte, and Miss Nellie H. H. of Harrisburg; J. D. Miller, of Dalton, Ga., and Miss Bonnie Misenheimer, of Mt. Pleasant; Walter Mills and Miss Lela Hancock, both of Concord.

Only one case was finally disposed of in Cabarrus Superior Court Tuesday. That was the case of Gray vs. Forts in which the jury returned a verdict in favor of the plaintiff. When court recessed Tuesday the case of Walker vs. Starnes was being tried. Court was halted Tuesday afternoon for about 45 minutes while a memorial service to the late Henry P. Puryear was held.

An important meeting of the local Co-operative Marketing Association will be held in the court house here Saturday afternoon at 2:30 o'clock. At the meeting officers of the association will explain the final settlement plan, and members who have their final settlements are asked to carry them to the meeting. Officers of the association declare the meeting will be a most important one.

Officials of the Y. M. C. A. are making elaborate plans for the big meeting to be held at the Y on November first. At that time the new secretary of the association will be in Concord, and several directors are to be chosen. Invitations to quite a number of persons have been issued, and the meeting promises to be one of the most interesting ever held by association officers and members.

Mr. A. B. Pounds stated this morning that about 20 coal handlers in his employ refused to work Tuesday in the rain. The men put their teams up despite the fact that Mr. Pounds had more than 100 orders to fill. Mr. Pounds stated that he purchased raincoats and persuaded several of the men to remain on the job and deliver coal to some customers who had sickness in their families.

The person holding number 450-A, the lucky number in the contest conducted by the American Legion and Auxiliary, has not yet called for the Ford. Mr. Charles Earnhardt has the second number drawn and the Ford will be awarded to him unless the holder of the first number calls at the Porter Drug Store within 30 days. It is rumored here that a Concord man held the lucky number but sold it, and he does not remember to whom he made the sale.

A Sunday School and Church census of townships Nos. 6 and 7 has been completed, and it shows 1,300 persons in the two townships, more than 1,100 being affiliated with some Sunday school. This announcement was made today by a member of the committee which helped take the census and who also stated that the figures are not official as all members of the committee have not reported. Sunday school officials of the county consider the report an excellent one.

The Cabarrus Fair grounds are back to normalcy again now. The exhibit buildings have been stripped of their exhibits and all of the horses have been shipped to other fair centers. The rain of Tuesday interfered with the work of cleaning up the grounds, but much of the trash and dirt has been removed and the grounds are in good shape. The grounds will not be used again until early in November, when the colored people will hold their first annual fair.

Extensive improvements have been made to the Pinnacle and Cold Water school buildings preparatory to the opening of the schools next Monday morning. Work on the new Hartwell Mill School is going forward rapidly and it now seems certain that most of the outside work on the building will be completed before winter really sets in. All of the six-months schools of the county expect to begin work on Monday morning, October 29th.

ed at the Rocky River Presbyterian Church last Sunday, and according to a member of the church the day was a great success. Rev. Richard Morrison preached in the morning and in the afternoon there was another able sermon by Dr. T. R. Lewis, President of Scotia College. The Sunday School collection taken during the day amounted to more than \$75, it was stated, and the day proved one of much interest and benefit for those present.

D. F. Widenhouse, prohibition agent for the district embracing Cabarrus county, has returned from a trip to New York City and Atlantic City where he assisted in the raids made last week by dry agents. Mr. Widenhouse was one of four agents from North Carolina ordered to New York for the raids, and he declared the dry agents were very successful in their work both in New York City and Atlantic City. In one of the raids Mr. Widenhouse stated, \$50,000 worth of liquor was seized.

The first real rain in several weeks began falling some time during Monday night. Several showers fell last week, but this was the first steady rain the county has had in weeks, and it was welcomed in almost every quarter. The farmers needed the rain badly; the cotton bolls needed it so that the dams of the Southern Power Company at Bridge-water would be filled; road men wanted it so they can repair the roads which have become very rough as a result of the long dry spell. Fair weather is prolonging dry spell.

For the Benefit of America's Disabled Veterans.

Mayor Wamble has received advice from National Commander James A. McFarland of the Disabled American Veterans of the World War, that "National Forget-Me-Not Day," which was observed here last year as well as in several hundred other cities and towns throughout the United States, is again to be conducted this year, for the benefit of America's wounded and disabled veterans, on Saturday, November 10. Relief, welfare, legislative, rehabilitation and educational activities in the interests of America's 1,000,000 maimed and broken veterans of the World War are benefited by "Forget-Me-Not Day," which receives the substantial endorsement and hearty support of high government and civic officials.

Last year the late President and Mrs. Warren G. Harding were substantial subscribers to the "Forget-Me-Not Day" cause. Mrs. Harding's first public act, following her long and serious illness, was to purchase \$50.00 worth of forget-me-nots, and issue a note commending the project. Numerous other national and state officials were active participants in the day's observance, and in many states the Governor-stook an active part in the sale of forget-me-nots, assisting the groups of pretty girls in their campaign activities.

An effort will be made to have the club women and school children here make the little paper and cloth forget-me-nots that are to be sold on Saturday, November 10th. Active support to the cause means the fulfillment of the desire of many thousands of America's world war veterans to regain their status and prestige in civilian life, and to shortly become self-reliant and useful citizens. Citizens of this community are urged to take a keen interest in "Forget-Me-Not Day" preparations, and to participate actively in the Day's activities on Saturday, November 10.

The Concord War Mothers will be in full charge of the "drive" in Concord. Mrs. John K. Patterson, the president of this chapter of War Mothers, hopes to give the boys a big lift financially through the generosity of Concord citizens on "Forget-Me-Not Day" November 10th.

An Opportunity. Are you interested as a good citizen of Concord in seeing things worth while in your city? If so, let us rally to the opportunity we now have, and secure the big Redpath deluxe program for next season. Mr. "Bill" Wright, the Redpath representative now in our city, says it may be a long time before Concord will have another chance to secure a place in this big deluxe circuit, because only a limited number of cities can be visited each season. Only three or four cities will be added for next year, Gastonia being the first to sign up last week, Concord being the only other city in North Carolina to be given this opportunity.

A well known editor says, "It is true of every community that has a Redpath program, that they have a community better than they find it. The Redpath programs bring out the best in one, makes one better satisfied with his community, only more determined to brace himself for the struggle and for greater effort. It inspires one's divine nature, cultivates one's best impulses, stimulates one's love for music, art, poetry, for children—for home, for his Creator. The Redpath helps him to renew his youth, to laugh away his troubles, his peevish and his prejudices. It gets a man out of himself, out of his rut, and sends him on his back to their daily task refreshed in mind and spirit."

Any community is a better community if its people will drink in the inspiration and stimulus of a Redpath program, which always contains the best in drama, music and lectures.

Must Register for School Bond Election. Registration for the election for county-wide school improvements is underway now, a county health official pointed out this morning. The registration books are now open and the registrars will be at their respective voting precincts on Saturday, October 27th, and the following two Saturdays.

There will be a new registration, it was pointed out, and all who wish to vote must register. The election will be held on Tuesday, November 20th, the project proposed offering a system of high schools for every child in the county. It is the purpose of school authorities to make the schools large enough for real efficiency and to place a high school within walking or riding distance of every child in the county. This plan, made possible by an act of the 1923 Legislature, has been highly commended by officials of the State Department of Education and is thought by other educators to be a most practical plan for the education of people in the rural districts.

Mills to be Closed Each Wednesday. The mills of this county will be closed tomorrow and each Wednesday under the curtailment order issued several days ago by the Southern Power Company. Mills in other sections of this State and South Carolina will observe holidays one day in each week until the power company's dams have been sufficiently filled to permit the company to issue a full supply of power to the mills. This same plan was inaugurated by the power company last year due to water shortage at Bridgewater.

Mrs. C. L. Misenheimer, 166 E. Depot St., says: "My kidneys were awfully weak and my back ached so badly I could hardly straighten up. Dizzy, nervous headaches made my condition worse and my kidneys acted irregularly. I used Doan's Kidney Pills as directed, getting them at Gibson's Drug Store and they strengthened my back and relieved the aches and pains. The headaches didn't trouble me and my kidneys didn't act irregularly."

PROGRAM OUTLINED FOR LUTHERAN SYNOD Lutheran Brotherhood Movement to be Launched Preliminary to Opening the 120th Session.

The 120th annual convention of the United Evangelical Lutheran Synod of North Carolina will be held in St. Mark's Church, Charlotte, J. F. Grigler pastor, beginning November 6th and continuing through the 9th. Rev. Jacob L. Morgan, of Salisbury, is president of the Synod and Rev. H. B. Schaeffer, of Kings Mountain is secretary.

The convention held in Kings Mountain last year was the largest in the history of the synod. At that convention 211 churches were represented by 114 pastors besides the delegates. Approximately 30,000 souls constituted the numerical strength of the synod then. Due to the withdrawal of a small congregation located in South Carolina to unite with the South Carolina synod there are now only about 25,000 members.

The Lutherans of North Carolina are located principally in the Piedmont section of the state. Rowan county leads in number of churches and members with 29 churches and 20 pastors. The next four leading counties are Catawba, Cabarrus, Gaston and Lincoln, with 20, 15, 14 and 10 respectively. Established Lutheran congregations are found in only 28 of the 100 counties of the state. It is hoped, however, that within the next few years there will be at least one Lutheran church in every county of the state. Working toward this end are two home missionary, one in the eastern and one in the western section of the state who are devoting their entire time to this work. The greatest drawback at present is the lack of pastors.

A new feature of the convention this year will be the meeting on the first day, November 6th, at 2:30 p. m., of the State Lutheran Brotherhood, of which Hon. Bismarck Capps, of Gastonia, is president. This organization is composed of the laymen of the church, and about 300 men are expected to attend this first convention. This meeting will be concluded before the opening of the synod at 7:30 o'clock.

A full program of the convention will be published within the next few days. At 11 a. m. and 7:30 p. m. of each day special addresses will be made by leading men of the church, secretaries of various boards of the United Lutheran Church in America. Also a complete report from the World Convention held in Eisenach recently will be made by one who attended, Rev. A. G. Voigt, D. D., LL. D., on Thursday night. Dr. G. H. Cox will address the synod on Friday morning on the "Early History of the North Carolina Synod and the coming of the first Lutheran pastor and teacher to North Carolina."

Mills to be Closed Each Wednesday. The mills of this county will be closed tomorrow and each Wednesday under the curtailment order issued several days ago by the Southern Power Company. ABOUT A CHAUTAUQUA. Concord Now Has an Opportunity to Secure the Redpath. Quite a number of our citizens have been asking why Concord does not enjoy the same privileges and opportunities in the way of a first class Chautauqua named the "Redpath" that other leading cities of the state possess. Many of our citizens have expressed themselves by saying that Concord can support a Chautauqua and would do so if the people could get the very best to be had in that line.

In this connection it might be well to say that the citizens who are expected to take the lead in securing a high grade Chautauqua must not think altogether in terms of what is possible to obtain. This means that a well rounded community life desires and demands something in the way of educational recreation and amusement of a high order.

There are scores of our people who can and do afford a trip to New York and other large cities occasionally where they can enjoy the best to be had in the way of entertainment. There are many who go to Charlotte and other nearby cities often where they get splendid entertainment in the way of high class plays and concerts. However, there are hundreds of Concord to whom these opportunities seldom, if ever come; and whose natures demand an occasional treat in the way of high class recreation and amusement. To see to it that the great bulk of our citizens are afforded the best educational recreation and amusement that the talent of the country can produce means a richer and fuller life for all the people of our community.

Let us trust that those of our citizens who can do something for Concord along this line will avail themselves of the first opportunity to do so, in securing the big Redpath De Luxe Circuit.
