

Think State's Farmers Not Dependent On Any One Crop

The Tribune Bureau, Raleigh, June 8.—With the cotton, corn and tobacco crops hardly under way, North Carolina farmers already have realized several million dollars for their crops so far this season. This goes to show that the State is dependent upon no one crop for its support, it was pointed out at the State Department of Agriculture, which, through Commissioner Graham, is urging a program of diversification as a cure for overproduction of staples. Strawberries, alone, it is estimated, will be worth \$3,000,000. A million and a half pounds of live poultry, already shipped to other States, fitted 100 or more cars and brought producers \$283,000. This represents only the poultry shipped in co-operation with the Department of Agriculture. The Irish potato crop is now being harvested and shipments are well under way. While no tabulations are available just at this time, it is estimated that between 200 and 300 carloads have moved, with the peak yet to come. In fact, all of the shipping markets have not yet opened, but will during the course of the next week, notably those at Elizabeth City, Mount Olive and Calypso. The Department has sixty inspectors in the field to aid shippers. Dry weather injured the crop to some extent, cutting down both production and the size of potatoes. However, no serious damage was done. It was estimated that the season's total would be 6,000 cars. This total may not be realized. Yet, there is nothing about the situation to cause pessimism. Prices are good. That will make up for the shortage. Dewberry movements are well under way. Up to the latter part of the past week fifty-one carlots, bound for points outside of the State, had been inspected. The total was in reality much greater than this, it was said. The Department has ten inspectors helping producers ship their berries, those having headquarters at Cameron and at Hamlet. Berries are expected to net the producers quite a handsome sum. String beans are moving at a satisfactory rate and will mean a sizeable bunch of money for Eastern Carolina producers, while the lettuce season is over. Lettuce, due to the dry weather, did not do so well this season. Mayflower peaches are moving from the Sand Hill district and within a few weeks later varieties will be ready for the market. There are many other truck crops from which the State's farmers will realize much money and which go toward landing this State in the diversification column. Cantaloupes, watermelons and the like all come in for a share of honors. These, however, are a month off. Of course, the bulk of the State's agricultural revenue comes from cotton, tobacco and corn. However, North Carolina is by no means entirely dependent upon these staples. The poultry business, for example, is growing, and more and more the farmers are being urged and encouraged to produce truck, food and feedstuffs.

LOCAL MENTION

YARBOROUGH'S SLAYER CAUGHT; ADMITS CRIME

Negro Spent Night When Found in East Spencer House But Officers Subdue Him. Salisbury, June 4.—A negro giving several names but positively identified as Willie Wright, who shot and killed Sheriff L. T. Yarborough, was captured this afternoon at a negro house in East Spencer. He showed fight and attempted to use a pistol but Sheriff Jim Krider shot first. However, the sheriff's two shots only grazed the negro's skin and he was overpowered by the officers, six of whom were in the party that raided the house. The negro admitted having shot Earlhardt and Deputy Yarborough and he was positively identified by Mr. Yarborough's young son and another eye witness. Sheriff Krider immediately left for an unannounced destination with his prisoner. The negro had a .32-20 pistol, the same caliber as the one that killed Mr. Yarborough, and he also had some gold money, a roll of greenbacks and a gold watch which leads officers to think he is the murderer of C. M. Fink, Charlotte man, who was killed and robbed last week. Relatives of Mr. Fink have been asked to come here tomorrow to see the watch. Mr. Yarborough, who died last night as result of the negro's shot, will be buried Sunday at 3 o'clock at Smith's Grove, Davidson county.

HENRY FORD SUE FOR LIBEL AGAIN

Plaintiff Asks \$200,000 for Slander by Detectives. Detroit, June 3.—Henry Ford and the Dearborn Independent have been made defendants in another libel suit, Joseph Miller, a real estate dealer, seeking \$200,000 damages as an aftermath of the recent mistrial in the million-dollar libel action brought by Aaron Sapiro. Miller charges Ford and others with having attempted maliciously and willfully to injure his good name and bring him into the public scandal by causing him to be suspected of having attempted to corrupt a jury in the Ford-Sapiro suit. Charges that Miller was seen talking to Mrs. Clara Hoffman, one of the jurors in the Sapiro suit, were made the basis of a motion for a mistrial in the case. Statements concerning his conversation with Mrs. Hoffman were made by Ford agents, Miller charges, and were published in Detroit, Chicago and New York newspapers. These statements, Miller alleges, accused him of having had secret conferences with Sapiro and also of having invited Mrs. Hoffman to dinner "to talk things over."

More than \$300,000,000 Cut in Taxes is Advocated.

Washington, June 2.—Tax reduction of even more than \$300,000,000 was advocated today by Senator Edge of New Jersey, a Republican member of the senate financial committee, at a conference with President Coolidge. Senator Edge would raise the \$300,000,000 limit suggested by other Republican leaders, and would consume all of the prospective surplus in the reduction program, contrary to the policy of the treasury in saving a margin with which to work on.

American Killed in Mexico.

Mexico City, June 3.—(AP)—Dispatches from Guadalajara today said that Arthur Brewer, an American coal merchant of that place, died from pistol shots fired Wednesday by Javier Diaz in a quarrel over business matters. Diaz escaped and a search was started by the police.

Severe Earth Shocks Reported.

Halifax, N. S., June 3.—(AP)—Severe earth shocks beginning at 4:31 a. m. and lasting two hours were recorded on the seismograph at Dalhousie University this morning. Officials estimated that the disturbance was 5,600 miles distant.

Pete Latzo, World's Welterweight Champion, is Training at Pompton Lakes, N. J., for his bout at the New York Polo Grounds early in June, when he will defend his title against Joe Dundee, Baltimore challenger.

Three Bodies Found in Mine.

Roanoke, Va., June 3.—(AP)—Three bodies have been recovered from a main entry of the Warrior Pocahontas Coal Co. near Bluefield which was wrecked today by a terrific explosion. The number of men in the mine at the time is not known, but it is said to have been small. Telephone lines do not touch in 20 miles of the explosion.

The most useful of all measures is the golden rule.

JUDGES ASSEMBLE TODAY TO SELECT BALL CLUB TITLE

Local Baseball Season to Open Thursday Afternoon, It Is Probable.—May Play Gastonia or Statesville.

Judges this afternoon meet to select an appropriate title for the Concord baseball team. The name will be taken from the long list suggested to the Tribune by Concord citizens. Interest in the name contest in which a prize of five dollars goes to the winner, has been at fever heat, letters pouring into the Sports Department bearing the names believed to best suit and describe the Concord ball club. The time of entering names for the local team expired Saturday night. Only two additional names were suggested Saturday. They were: Weavers, offered by the Rev. C. Herman Trueblood; and Kil Kares, by a woman who requests that her name be withheld. Among the titles suggested by local folks is include: Lumberjacks, Spinners, Spiders, Black Boys, High Balls, Rebels, Turn Outs, Clothiers, Cabs, Rainbow and many others. May Play Statesville. The Concord players report for the initial practice of the season Wednesday and the following afternoon Manager Lewellyn's men will either play Gastonia or Statesville here. The local pilot is negotiating with these clubs for games. The first 1927 tilt will probably be played at the park of Gibson Mill as it seems unlikely that Webb field will be ready for use by Thursday afternoon. Grading of the outfield and construction of grandstands are underway at the field at the present.

START SALVAGE OF CHURCH AND MANSE HERE EARLY TODAY

Within Five Weeks the Old Church and Parsonage of St. James Lutheran Will Be Torn Away. Salvage of Saint James Lutheran Church and manse, at the corner of South Union and West Corbin streets, today was begun, and within the next five weeks, it is expected, construction of a new \$110,000 church building on this same site will begin. Final services in the old church, built in 1882, were held Sunday morning and evening, the auditorium being taxed to capacity at both services. On Sunday morning the older members outlined the history of this building, and cited many interesting events in connection therewith. The last service Sunday night was in the form of a musical program, and the renditions of hymnals by the choir and congregation were beautiful. For the next several weeks, at least, the Lutherans will hold their services at the Concord high school. Removal of the organ, pews and other furniture from the old church attracted the energy of the salvaging crews this morning. The church furniture will be stored, and much of it used in furnishing the five small assembly rooms in the new church.

PLEADS FOR COMMON-SENSE UNDERSTANDING OF BIBLE

President Jenkins of Davenport College Preaches Unique Sermon at University Finals. Chapel Hill, June 5.—On the eve of their departure today from the academic shades of Chapel Hill, the 317 outgoing graduates of the University of North Carolina were told today how to use the Bible as they go out into a world that is strange and different as compared to the one in which they have passed their last four years. Their counselor was Rev. William Adrian Jenkins, president of Davenport College, who was graduated from the University 20 years ago. Today he preached a unique balm-urea sermon that, for horse-sense advice, has been seldom equaled here. At least that was what the old grads and young grads, too, were saying this afternoon. The minister's plea was for a common-sense understanding of the Holy Book. Folks these days are spending too much time interpreting the Bible to suit their peculiar whims rather than in trying to understand it, he said. "The Bible," he declared, "It should ever be remembered that the Bible must be read in the light of the times in which it was written, if it is to be understood, and that it was written by an Oriental people who were highly imaginative. We prosaic Americans are prone to spend too much time trying to make liberal interpretations of the Book when all we need is a common-sense interpretation of it."

Sandhill Peaches Moving Now.

Raleigh, N. C., June 6.—(INS)—Early peaches of the Sandhills are now beginning to move Northward in car lots. The peaches being shipped now are of the Mayflower variety. Satisfactory prices are reported, despite the small-size of the fruit, which is blamed on the dry weather prevailing in recent weeks. It will be several weeks yet before the later varieties—the Elbertas and Georgia Belle—begin to ripen. These varieties always bring higher prices. It is estimated that the Sandhills will ship approximately 1,600 cars of peaches this season. Under more favorable growing conditions, it was estimated, this year's production would have been twice as large. "Brederin," we must do something to remedy de status quo," said a negro preacher to his congregation. "Budder Jones, what am de status quo?" asked a member. "Dat, my brudder," said the preacher, "am de Latin for de mess we's-in."

Windsor, Ont., June 6.—Police reserves were called out Saturday to handle the crowds that gathered at the two Government liquor stores here, after several women prospective purchasers fainted in the rush incident to the opening at 10 a. m. Long lines of persons began forming before the stores early today and at opening time the crowds had grown to such an extent as to become unmanageable. Women close to the entrance of the stores were suffocated in the crush.

LARGE ATTENDANCE AT FIRST SESSION LUTHERAN SCHOOL

More Than 200 Students Attend Opening Classes Today of St. James Lutheran Vacation Bible School.

With an estimated attendance of more than 200 pupils, the fifth annual Vacation Bible School of St. James Lutheran church opened this morning for its three-weeks session at the East Corbin street school. An enrollment in excess of 300 pupils is anticipated before the school closes. The opening session today for the most part was devoted to the organization of the school, including the assignment of pupils to their various classes. The large enrollment comfortably filled the school auditorium, and the children were enthusiastic over the beginning. The 1927 vacation school will come to a close on June 17th. The daily schedule includes only morning sessions, opening at 9 o'clock and dismissing at 11:15 o'clock. The first fifteen minutes of each daily session will be devoted to devotional service, immediately after which follows the music hour, recreational period, and two class periods. The final day of the school will be featured with a picnic, and on Sunday, June 16th, exhibits of the Manual Training course will be made at the Sunday School hour.

SHORT TIME FOR DELINQUENTS TO LIST PROPERTIES

Heavy Penalty Will Be Imposed Against Individuals or Business Firms Failing To List Property.

Although Saturday was the last day for Cabarrus citizens to list their personal and real property, those individuals, firms or corporations who did not may do so during this week supply the list-takers with the necessary information in their respective wards or districts and escape penalty. The additional time is given the delinquents only through the fact that it will be impossible for list-takers to close the books in general before Saturday, June 11th, according to a statement today from John L. Miller, tax supervisor of Cabarrus county. Mr. Miller was unable to state the amount of personal and real property which has been listed. It is also unknown whether or not the assessed value of Cabarrus property will be above or below the assessed value of last year, approximately \$38,000,000. A severe penalty will be imposed upon individuals or firms or corporations failing to list their property.

URGE MOTORISTS TO SECURE THE 1927 PLATES AT ONCE

Cabarrus Auto Owners Slowly Purchasing New License Tags.—Only 87 Tags Were Issued During Last Week.

Fifty autoists Saturday purchasing license plates for their cars brought the total number of 1927 tags issued locally to 87, according to R. D. McBride of the Concord branch of the Carolina Motor Club, at Reid Motor Company. Mr. McBride urges motorists of Cabarrus county to obtain the license tags at once, and avoid the last-minute rush, and reminds the public that the cars, under the state law, must bear the new tags after June 30th. It is unlawful to attach the new tags to cars prior to July 1st. Chief of Police L. A. Talbirt also directs the attention to autoists to the necessity of obtaining plates by July 1st, and advises the motorists to wait until the first of next month to place the tags on the machines.

The Olive Revival.

The Olive revival meeting continues to draw large crowds. It is estimated that the Evangelist preached to more than 9,000 people yesterday during the three services, about 4,500 of these being present last night. Many souls are being born into the kingdom of God, and wonderful healings of the sick and afflicted through prayer and faith in Jesus, our Saviour, our Baptist, our Healer and our coming King. Services will continue through this week and possibly several weeks longer. All are invited to attend meetings. Eight new members joined the Foursquare Gospel Mission yesterday, making the membership 145. Sunday school is being held under the tent every Sunday at 2 p. m. The above mission is planning to build a church in the near future, and many will be glad to know that Willie Laurel Olive will be our pastor, preaching for us twice a month. C. D. WATKINS.

KING ALBERT MINGLES WITH THE ROTARIANS

He Arrives at Ostend Incognito for Today's Ceremonies — Rotarians Have Big Time. Ostend, Belgium, June 5.—The American Rotarians attending the 18th annual convention of Rotary international, had King Albert with them today, but did not know it. The king arrived incognito last night and went to the royal pavilion to be ready for Monday's ceremonies. Rotarians of many nations meanwhile had a day of play, watching a historic pageant, a naval review and a big gymnastic performance, but enjoying most of all the curious sights of the old world. They followed the dog carts, went to see the mills and were photographed in quaint Belgian costumes. The city hall chimes played "Yankee Doodle" today, rather upsetting traditions, but also gave the national anthem, Brabanconne, in its turn. Even the police regulations were lifted, and Ostend was made a wide open town as far as cabarets were concerned, and dancing was permitted all night.

MANY ATTENDING TENT MEETINGS IN KANNAPOLIS

Rev. G. H. Hendry, of This City, Is Conducting Services in Tent.—N. J. Miles Directing Singing.

Large crowds and intense interest are manifest at the Henry-Miles evangelistic meetings being held in the tent on the North Kannapolis school grounds. At the afternoon and night services yesterday capacity audiences greeted the party, the tent being filled to overflowing at the night service. A deep interest in spiritual things is manifest by the fine testimonies given at the afternoon service which was in part an old-fashioned prize service. The large chorus choir, under the direction of N. J. Miles, of Enfield, is rendering a splendid program of gospel music which is a source of real spiritual helpfulness, and is by no means the smallest part of the service. The pastor-evangelist, Rev. G. H. Hendry, is bringing messages that stir the hearts of all who hear. In his message last evening, "What's Wrong With the World?" the evangelist held the vast audience in the grip of his masterful eloquence from the announcement of his text to the end of his discourse, pouring forth many facts that made every right thinking individual stop and take inventory of their spiritual assets. Beginning this evening at 7:15 o'clock prayer meetings will be held in the following homes to be of twenty minutes duration: At Mrs. C. B. Price's, 737 North Walnut street, Mr. Henderson leader. At Mrs. F. A. Brown's, 213 North Tenth street, Mrs. Harris leader. At Mrs. McGurdy's, North Main street, leader supplied. At Mrs. J. R. Barnhardt's, 900 North Sixth street, Mrs. C. D. McCommons leader. Young people's prayer meeting at the tent at 7:15, led by Mr. Miles and Miss Riddle. REPORTER.

PRESBYTERIAN BIBLE SCHOOL OPENS WITH LARGE ENROLLMENT

Daily Vacation Bible School of McKinnon Church Began This Morning With 87 Pupils in Attendance.

The Daily Vacation Bible school opened this morning at the McKinnon Presbyterian Church with an attendance of 87 children. The school is under the direction of Mrs. R. S. Arrowood, with an efficient corps of teachers. Mrs. W. H. Robertson is superintendent of the primary department, with Mrs. Albert Johnson, Mrs. Olive Means, Mrs. Margaret Vance and Miss Catherine Murray as teachers. The courses offered the primary children are Bible stories, nature stories, songs, memory work, scrap book and kindergarten manual art work. The Junior department is under the supervision of Miss Margaret Hansel, with Miss Florence Covington, Mrs. C. A. Henry, Brown Morgan and John McInnis as teachers. The courses offered the Juniors are: The Life of Paul; Bible notebook work; Bible memory work; songs; basketry; enamel work; weaving and carpentry work and scroll work for boys.

ALL DOGS MUST BE VACCINATED AND GET TAGS

Police Will Shoot Dogs, Beginning Monday Which Do Not Have City License Tags on Their Collars.

All dogs in Concord of all kinds, varieties and breeds, if they are Pekings, poodles or hounds, must be vaccinated against rabies and wear a city license tag on their collars or they will be shot, Chief L. A. Talbirt said today. "Every dog in the city must be vaccinated against rabies and must have a city license tag on its collar or it will be shot by the police beginning Monday, June 13th," Chief Talbirt said. "There is a city ordinance which requires the dogs to be vaccinated and licensed," Chief Talbirt said. "Dr. T. N. Spencer will vaccinate the dogs and give the dog owner a certificate that the dog has been vaccinated and the city dog license plate can be secured from Charles N. Field, city tax collector." Mr. Field reported today that only nine owners had secured tags for their dogs since the tags were placed on sale.

SPECIAL MUSICAL PROGRAM HERE AT MCKINNON CHURCH

Services by Rev. McKendrie R. Long, of Statesville, began Sunday Morning.—Many Attending Services.

The combined choirs of the First Methodist, the First Presbyterian and the Reformed churches of Lincolnton will attend the evangelistic services now in progress at McKinnon Presbyterian Church of Concord one night only, Tuesday, June 7th. This choir was organized during the Long-Rowland campaign conducted for the three above stated churches of Lincolnton about a month ago. During the campaign one entire service was given over to a sacred concert rendered by this choir. Many attended from surrounding and nearby towns. The church was so filled for this event that some were unable to find seats and so were unable to hear it. Walter W. Rowland, who is in charge of and director of music for Rev. McK. R. Long, of Statesville, who is doing the preaching, will lead the Lincolnton choir in several of their special evangelistic anthems. The song service Tuesday night will begin at 7:30 and everyone is most cordially invited to attend. The services at the local church commenced Sunday morning at 11 o'clock with a large number in attendance. Mr. Long read the Scripture lesson the seventh chapter of Micah and then used several verses of the chapter as his text. "Christianity is a religion that uplifts," the minister said and stated that he knew what Jesus Christ could do from what he had done. "I am concerned about America's religion and how America is related to Jesus Christ," Mr. Long said. "Jesus Christ can uplift your dark heart with a great light. Looking up to God brings comfort. When we face sorrow He carries and bears them for us. God also brings restoration. I beg of you to believe in a sovereign God. "God upholds us with His hand and His power. He also gives us patience in trouble. A saint can say I have sinned against the Lord when trouble comes and bear it patiently," the minister said and urged his hearers to give their hearts unto God through Jesus Christ.

SIX REAL ESTATE TRANSFERS FILED FOR RECORD HERE

County, Suburban and City Property Changes Hands According to Transfers Filed For Record Here. Six tracts of Cabarrus county real estate changed hands last week, according to transfers filed for record here Saturday at the office of E. V. Elliott, Register of Deeds. Two of the tracts were city property, two suburban, and two farm lands in the county. The transfers were: L. Foy Fisher to E. W. Webster, property on North Fisher street, \$120. L. C. Carter to M. J. Corl, property on Gold street, Ward 1, \$800. J. B. Linker to C. E. Small, property in Jackson Park, \$100 and other considerations. J. B. Linker to A. J. Stough, property in Jackson Park, \$100 and other considerations. M. S. Cook to H. I. Cook, 10 acres in No. 5 township, on Concord-Salisbury Road, \$575. Mrs. Ethel S. Moyer, to R. O. Caldwell, 112 acres in No. 5 township, \$2,300. Toll of Tuberculosis. There has been within a very short period of time two sad deaths due to Tuberculosis in Cabarrus county, one a boy only 13-years old, denied by physical weakness all the pleasures and happiness of youth; the other, a young mother, unable to work, lingering a constant sufferer, bedridden, and left young children to the care of others. Annual chest examination enables one to keep a check on his physical condition. Prevention of tuberculosis and its hazards require prevention of colds, care of coughs, corrective work, removing diseased tonsils, care of teeth, prevention of communicable diseases, attention to weight and diet. Persons desiring chest examinations at the clinic to be held, beginning June 27th, at the office of the Cabarrus County Health Department, are requested to either telephone or call in person at once for appointments.

Presbyterian Conference to Meet at Statesville.

Every woman in the Concord Presbyterian is invited to attend the Presbyterian Conference to be held in the First Presbyterian Church, Statesville, on Wednesday, June 8th, from 10 a. m. to 3:30 p. m. Mrs. W. L. Wilson, Synodical president, will be present, and there will be a general discussion of the work and plans for the year. A picnic lunch will be served, for which everyone is asked to take a basket.

Chicago After Big Conventions.

Chicago, Ill., June 6.—At a special election in Chicago today the voters are to pass on a proposed municipal bond for the construction of a \$15,000,000 civic auditorium. If the vote is favorable, as is generally expected, the construction of the auditorium will be commenced at once. The aim will be to complete the structure before the time of meeting of the national political conventions next year. With the assurance of adequate accommodations Chicago will put in a strong bid for one or both of the big gatherings. The international treaty which was adopted by the Washington Conference in 1919 fixing the minimum age for employment in industry at 14 years (12 for Japan and India) has now been ratified by fifteen nations.

Yorke & Wadsworth THE OLD RELIABLE

SUMMER SCHOOL FOR COTTON CLASSING SOON

School Will Be Conducted From June 13 to July 22 at State College. Raleigh, June 3.—A summer school in cotton classing is again offered to cotton dealers, brokers and manufacturers this summer by the State College of Agriculture. For the past seven years, this school has proven to be one of the features of the summer school activities on the State College campus with from 30 to 50 men taking the courses offered. This year, the school begins on Monday, June 13, and lasts through July 22. The work is in charge of Prof. W. H. Darst, assisted by J. B. Cotner of the division of agronomy. Actual practice grading and instruction in grading and classing will be given by R. L. Kause, assistant chief of the division of cotton marketing for the United States Department of Agriculture. "The course is designed especially to develop expert classers, especially for buyers, brokers and warehousemen," says Prof. Darst. "We will have separate classes for the beginners and the experienced classers. The course will take the entire time of the student entering it and at the close of the school we will give the students an opportunity to take the U. S. Civil Service examination for cotton classers. Four of the men who took the course last year passed this examination." Prof. Darst states that this summer school in cotton classing has been one of the most successful events of the

State College summer school has been in operation and is designed for the benefit of cotton classers and is well known as well as for the quality of work done in the work in addition to that have been estimated. A wide range of staple will be used.

Gore Is Put in Charge of Milledville, Ga., After Cheating the State.

After cheating the State for some time since first sentenced for the murder of Mel Gore, 16, 1926, Mel Gore, now gets letters from the country testifying to the quality of work done in the work in addition to that have been estimated. A wide range of staple will be used. Gore is put in charge of Milledville, Ga., after cheating the State for some time since first sentenced for the murder of Mel Gore, 16, 1926, Mel Gore, now gets letters from the country testifying to the quality of work done in the work in addition to that have been estimated. A wide range of staple will be used.

No City Mail Delivered Afternoon

There will not be a city mail delivered by city carriers from now on, it was announced last night. The order to discontinue afternoon delivery was issued by the United States Post Office.
