**DID YOU EVER** STOP TO THINK Victor M. Cutter, president of the United Fruit Company, says:

That if the prosperity of the United States is to continue, if we are to retain our manufacturing supremacy, we must seek new markets as out-

lets for our manufactured products. We have become a manufacturing nation'! That is to say, more of our the 13 United States be 13 stripes, people are engaged in manufacturing alternate red and white; that the than in any other form of 'human union be 13 stars, white in a blue endeavor. In 1910, thirty-three per cent. of our people were engaged in tion.

agriculture, while sixty-seven per cent. were manufacturers. In 1920 the farmers, had shrunk to twenty-six per 6-Defeat of the cent.; and seventy-three per cent. dians commanded by St. Leger, Butwere engaged in factories, mines, mills ler and Brant. and work shops.

As a logical consequence we are suffering from the first stages of over- States. production and to take care of this over-production, we must in the first United States flag in battle. place, seek new markets; and second ly, by intensive merchandising methods, increase the demand for our goods in those markets where we now sell.

Gentral and South America are logical avenues of distribution. The re- stenographers today." publics to the south of us lie at our doors and for years to come they to be 'canning peaches' will require our boots and shoes. cotton goods, cutlery, machinery—all those articles made by the genius of first woman doctor, died recently at the United States for mass produc- the age of 85. tion.

In return they send us gold, silver, iron, rubber, cabinet woods, nitrates, asphalt-the natural products in which they are so rich.

The United Fruit Company, during the last decade, has built up a merchandising business in Central America and the West Indies of more than \$10,000,000 a year, and it has been accomplished by studying the needs of the people who live in those countries; by supplying those needs with the kind of merchandise they can use by fair prices and by giving them a constant and courteous service.

We have scratched only the sur face of the merchandising possibilities in Central and South America. believe its cultivation is one of the most essential requirements in the economic life of the United States.

At the commencement of Holy Cross College, at Worcester, Miss Jane M. Hoey, State Commissioner of Correction for the State of New York, will receive the honorary degree of Doctor
