HAPPY OF BOSTIAN X ROADS.
The health of this community is
pretty good at this writing.

There were six young men from
this community took a trip to Wil-
mington several days ago. They all
said that they had a splendid good
time. They said that there is lots of
good things to see there. They had
a foot race while they were out there.
Mr. Ernest Sifford won the race. He
ran four miles in 10 minutes. If
anyone can beat this come up.

erybody is welcome to come and bring
your friends with you.

The Rev. C. A. Rine, of Stallings
Memorial Baptist Church of Salis-
bury, preached one of the best ser-
mons that we all ever heard. His
text was in James, the fourth chapter
and the last verse, "therefore to him
that knoweth to do good, and doeth it
not, to him it is sin." This was the
first time we ever heard a sermon
preached on this text. The Happy

items every week. We are glad to
know this.

There are several around in differ-
ent communities having their wheat
threshed.

The rock work is pretty good at
this time but it could be later better.
It seems like that work from these
towns is coming out slow and we all
do not know what is to matter unless
everybody is afraid that Allie Smith
will be our next President. But we
all hope not anyway so stop look and
listen and vote for the man hat we
want.

up stronger hives, and methods to
combat arising problems to weaken a
hive.

Because of the favorable weather

was not as large as expected, but

At the close of the meeting Mrs.
Bonds served delicious refreshments.

of them were able to get the idea of
the value of purebred sires. In the
end of one car were two steers, one
of them a scrub 3-year-old and the
other a high-grade 2-year-old. The
scrub steer sold for \$17 and the high-
grade \$85. The sire of the high-
grade steer was a purebred beef bull,
the State champion ton-litter sow.

Interest in extending the use of
purebred sires, thus improving the
quality of Kentucky livestock, was
evident from the large number of pub-
lic-spirited breeders and organizations
that consigned registered bulls to be
exchanged for scrubs. There were 46
such consignors and the bulls includ-
ed the principal beef and dairy
breeds.

The "Purebred-Sire Special" was
operated under the auspices of the ag-
ricultural committee of the Kentucky
Bankers' Association over two rail-
road systems. The United States de-
partment of agriculture made avail-
able a supply of educational literature
on animal breeding and the utility
value of purebred livestock, suppl-

menting the live-animal exhibits and
other features prepared by the Ken-
tucky Experiment Station and the
Louisville Board of Trade. In addi-
tion to the cattle carried by the "Pure-
bred-Sire Special," the train carried
the State champion ton-litter sow.

**POPLAR TENT REMAINS

F. Misenheimer Allows Furr Baseball
Team Only Two Hits As Poplar
Tent Wins 11 to 1.

The fast Poplar Tent team had the
Furr boys shut out until the 7th in-
ning, when a soft ball got through
Carl, the first baseman, allowing the
first man to reach first base in
safety. This the Furr boys got their
only two hits to score their only run
of the game.

Every man on the Poplar Tent team
played bang up ball, and gave the
pitcher magnificent support. This
makes six straight wins in as many
starts for the snappy Poplar Tent
team.
