Baffling the Mosquito.

New York, July 14 .- The mosquite eason is here again, and as mosquito bites are always painful and irritating, and may also be very dangerous some hints as to how to keep

pests away probably will be welcome. Tests have proved that certain colors attract mosquitoes and others repel them. On the trunk of a tree near a stagnant ditch various pieces of colored cloth were laid. In an hour 110 mosquitoes alighted on the dark blue piece, 90 on the black, and 73 on the brown and red pieces. But none went near the yellow cloth, and words, Queen Marie's recounting of only two sampled the white. Half a her American trip, though it appears and put under glass in five oak dozen stung the light gray and pale in the personal pronoun "I."

As the ankle is the favorite place side of the Atlantic. of attack, it follows that men should avoid socks of dark blue, black, or signature usually gives the "shadow" brown.
