

Modern smokers praise the integrity of Camels

THIS is the age of frankness and plain-speaking, and it rates Camel first among cigarettes.

For Camel is that kind of a smoke. Camel is all quality and no false front or show. Camels are made of the choicest Turkish and Domestic tobaccos grown—no substitutes. And the finest blending ever given a cigarette.

It is Camel character that has won the smokers of today—such honesty of taste and fragrance as never was known in a cigarette before. You'll find all dreams of smoking pleasure realized in this modern, quality cigarette.

"Have a Camel!"

USE Sefly-go It diffuses into the air and forms a cloud like gas causing quick and sure death to flies, mosquitoes, moths, fleas, bed bugs, ants, roaches, water bugs and such insects. Cannot stain finest fabrics. Has pleasant odor.

Books Have Been Audited and Final Settlement Will Be Made to Commissioners in Near Future.

Under the new law this settlement is to be made before the new year's budget is adopted. In some counties where injunctions halted collection of taxes this cannot be done but in Cabarrus Sheriff Caldwell was able to complete his tax collection in time to make his final settlement during this month, and as a result his reports will be available to other officials who are faced with the task of outlining the budget.

The audit while not made public yet, shows records in the office of Sheriff Caldwell to be in excellent condition, it is said.

THANKS

Keeping a store is a highly competitive proposition and like all competitive business constant change and progress are necessary. If a business is to survive it must serve. Some time ago I ran a series of letters in this space in which no mention of my business was made. I am to resume these letters soon and I want to know how you like them, and I also want to know of anything you don't like about me and my business. I am to please, tell me, if I am wrong I'll thank you. Tell others and I'll resent it for that only helps my competitors and hurts me even if your intentions are friendly. Thanks Awfully, C. COVINGTON.
