SERIES FOR TITLE OF COUNTY CALLED OFF BY DIRECTORS

Joint Meeting of Moguls and Managers of Concord and Kannapolis Clubs Held 38—8:30 P. M. Friday Night.

halting Thursday's game in the first inning at which a frenzied throng of more than 3,000 persons was present, prevented trouble that was rapidly brewing. The umpires had angered the fans by their questionable decisions, and police were encountering much trouble in holding back the crowds. When the driving rainstorm broke over Webb field Concord was taking its bat in the first inning, and had scored one run with none out. The Towelers had two markers. Never before in the history of Ca-

barrus county has a larger crowd of people assembled for an athletic event as for the contest yesterday. It was red letter day in Concord, the stores and all business suspending activity for the afternoon to permit the em ployees to witness the tilt. A victory would have cinched the championship olis would have given the club an even chance for the pennant. Although Concord holds a one-game lead in the On Monday evening Hotel Concord season's series over Kannapolis, neithre place will claim the county title. This agreement was reached at the Thursday night meeting.

The clubs were scheduled to play two more games since the battle Thursday was prevented by rain. Nineteen games have already been fought, Concord having won ten, and the Towelers nine.

The Agreement. "We, the undersigned managers of the Kannapolis and Concord Baseball Clubs, respectively, at the instance of a baseball committee from each place, realizing the tense feeling that has arisen between the fans and players, and having the welfare of the two towns at heart, think that it is best to call off the other games scheduled between the two teams. This action has taken by and with the consent of the directors of both clubs, and it is done without prejudice to the standing of either clubs or without making either

> Boll Weevil Activity. The prospects for an unusually good cotton crop herein 1927 were bright a month ago, but excessive rainfall and decidedly unseasonably weather has favored the propagation of the boll weevil, and much damage is being wrought to the Cabarrus crop by the pests. Just to what extent the bo weevil damage will reach is unestimated.
