"Any city that does not have a mu-
 nicipal airport within the next five
 years will be as much out of date as
 a sea coast city without a municipal
 dock or an inland city without a rail-
 road," today said Lieut. Colb Morris,
 of the United States air forces, who
 is visiting his parents, Mr. and
 Mrs. Z. A. Morris.
 Lieut. Morris made this statement
 in connection with his expression that
 Concord would establish an airport
 and take advantage of the many op-
 portunities that are to come in com-
 merce through the promotion of air
 passenger and freight lanes.

Lieut. Morris will spend some two
 months with his parents before he
 reports to Langley Field, Va., where
 he has been transferred from Dallas,
 Texas. Mr. Morris has been station-
 ed in Texas for the past six years,
 spending three years each at San
 Antonio and Dallas.
 Mr. Morris entered aviation at the
 time the United States entered the
 World War. He did duty overseas.
 Mr. Morris declined to comment on
 the overseas flights, but manifested
 great interest in Concord to establish
 an airport. "Now is the time for
 the people to act, and secure a land-
 ing field for planes," he said. "A
 suitable location may be obtained, and
 Concord will be among the first cities
 in the United States to enjoy the
 great service that airplanes are cer-
 tain to render within a short period."
 Dr. Tracy N. Spencer, secretary of
 the Concord Chamber of Commerce,
 and H. W. Blanks, secretary of the Y.
 M. C. A., are keen on the question of
 establishing an airport here also. "We
 should have a landing field for planes.
 It is a field of transportation that
 will mean much to cities before many
 more years as already the airmail
 routes and passenger lines are popular
 and are growing in numbers month-
 ly," said Mr. Blanks.

**LUTHERAN PICNIC
 ENJOYABLE EVENT
 FRIDAY AFTERNOON**
 Feast Was Sponsored by the
 Brotherhood Class and
 Held at Cabarrus Fair
 Ground.—80 Present.

Although the heat was rather severe,
 it did not spoil any of the fun at the
 annual picnic of St. James Lutheran
 church at the Cabarrus fair grounds
 late Friday afternoon. Some 80 per-
 sons were in attendance, including
 members of the church and Sunday
 school.
 Prior to the hour when the feast
 was served, the children were provided
 amusement with a variety of games
 by H. W. Blanks, secretary of the
 Concord Y. M. C. A.
 Everyone must know the menu of
 a picnic—fried chicken, pickles, as-
 sorted sandwiches, pie, cake and ice
 cream. Such was the menu of the
 Lutheran festival.
 The picnic was sponsored by the
 Brotherhood class of the church. Rev.
 Mr. Wessinger, of Salisbury, invoked
 the divine blessing at this occasion.

**MRS. GATLIN MAY GET
 TRIAL AT SPECIAL TERM**

Solicitor Gwyn Will Take Matter Up
 With Attorneys Before Making Re-
 quest.
 Reidsville, Sept. 16.—"I shall con-
 fer with Solicitor S. Porter Graves
 and the counsel for the defense early
 next week with regard to plans for a
 special term of Rockingham county
 Superior court for the trial of Mrs.
 Alma Petty Gatlin," said Allen H.
 Gwyn, solicitor of the county court,
 this evening when questioned as to
 whether Governor McLean had been
 requested to order a special term of
 court so the local young woman
 charged with the murder of her father,
 Smith T. Petty, could be tried be-
 fore next January.
 It was Solicitor Gwyn who directed
 the investigation of a statement by
 Rev. Thomas F. Pardue, former evan-
 gelist, that Mrs. Gatlin had confessed
 to him that she had murdered her
 father early last December, that re-
 sulted in the finding of the decom-
 posed body of Petty in the basement
 of a house in Lindsay street formerly
 occupied by the Petty family. The
 remains were unearthed about noon on
 Saturday, September 3, after a search
 that started on August 19. A few
 minutes later Mrs. Gatlin was under
 arrest and as soon as Coroner Whar-
 ton could get a jury, she was formally
 held for murder. Since that time she
 has reposed in jail at Wentworth,
 eight miles from here, where only
 members of her family and her hus-
 band, chief of the local fire depart-
 ment, are permitted to see her.

**U. S. Exports Fall As Grain Demands
 Are Less Abroad.**

By International News Service.
 Washington, Sept. 16.—Curtailed
 demand abroad for American grain
 and the reduced price of American
 cotton this year as compared with
 1926 is cutting materially into the
 money value of American export
 trade.
 At the same time lower prices for
 coffee, tea, raw silk and crude rubber
 are cutting down the valuation of
 imports to America from abroad.
 The export loss, however, is greater
 than the import reduction, the next
 result being a tightening up of the
 trade balance as between exports and
 imports.
 These conditions are disclosed in a
 compilation just completed by the De-
 partment of Commerce of export and
 import statistics for the month of
 July.
 Exports for July 1927 were \$22-
 000,000 under July 1926. Imports
 for the same month this year were
 \$19,000,000 under the same month
 last year. Exports this year exceeded
 imports by \$25,000,000. In July
 exports exceeded imports by \$29,000-
 000. Thus the trade balance was
 narrowed by \$4,000,000 as compared
 with July last year.

**TAR HEEL COACHES
 MUST FILL PLACES**

Kickers and Passers Are Outstanding
 Needs at Chapel Hill—First
 Game Next Saturday With Wake
 Forest.
 Chapel Hill, N. C., Sept. 17.—With
 exactly five days of practice remain-
 ing before the University of North
 Carolina football squad takes on
 Wake Forest in the opening game
 here on Saturday, September 24,
 there are four things lacking that
 are causing the Tar Heel coaches
 considerable worry. Those four things
 are a left end, a right guard, a kicker
 of ability, and someone who can
 throw forward passes with some de-
 gree of accuracy.
 With eighteen lettermen in camp,
 coaches Collins, Cerney, Fetzer and
 Ashmore have veterans for every
 post on the team except left end and
 right guard, although the competition
 may force some of the old men out
 of their places. "Jay" McMurray,
 regular end for two seasons, com-
 pleted his allotted three years of var-
 sity play last Thanksgiving, and
 "Red" Whisman, last year's captain,
 left a big hole to be plugged at right
 guard.
 Out of nine letter backs on this
 year's squad there is none who can
 punt a football high and wide. There
 were none last year although Black
 Shuford, Ferrell and others booted
 them beautifully at times. None of
 them were consistent booters for any
 distance up to forty-five or fifty
 yards.
 The passing attack last season was
 woefully weak. That defect is a
 serious one for the Tar Heels now
 find themselves facing a season in
 which aerial attack threatens to be
 a potent factor.
 That states the needs in brief
 form, now what have the Carolina
 coaches to draw from in filling them?
 There are more than four score
 would-be varsity men in togs daily,
 but of that number possibly four
 eleven can be considered factors in
 the season play.
 There are more than a dozen as-
 pirants for McMurray's flank post.
 Of that group the leading contenders
 appear to be Sapp and Kesler. Dod-
 derer, a regular end of two years ago,
 and Fenner, freshman flankman last
 year, may prove strong prospects.
 Both Dodderer and Fenner have played
 the other end, but they may be
 shifted.
 Beard, Davis, and Donahoe look
 like the strongest possibilities in the
 scramble for the position at right
 guard. One of this trio may be
 Shuler's running mate when the Tar
 Heels face Wake Forest Beard and
 Davis were on the squad last year,
 while Donahoe was a reserve center
 two years earlier.
 When Jimmie Maus, promising
 freshman back last year, was in-
 jured in a summer baseball melee, the
 Tar Heels lost strong possibility to
 remedy both the passing and kicking
 needs. Maus could perform well in
 each role, but broken bones in his
 right hand may keep him out of the
 game until midseason. Other passing
 possibilities include Gresham, letter
 back of last year, and Jackson,
 Ward and Spalding, from last year's
 Tar Babies.

City Forces To Eliminate
 Danger at This Point.—
 Work Will Be Completed
 By Next Wednesday.
 Elimination of the dangerous curve
 at the intersection of Kerr and McGill
 streets is being made by the forces
 of the city. Earl Calloway voluntarily
 gave the city sufficient land in order
 that the danger might be lessened at
 this point.
 In rounding the old curve, vehicles
 traveling west on McGill street, mak-
 ing a left turn into Kerr street could
 scarcely make the bend without the
 wheels of the car rolling upon the side-
 walk.
 Capt. Quint Smith, city engineer,
 states that the improvement will be
 completed by the middle of the ensu-
