CAROLINA AND THE **GEORGIA BULL DOG** UPSET DOPE BUCKET Tar Heels Get Victory Over

Maryland and Georgia Defeats Yale .- State and Davidson Win.

By W. M. SHERRILL Not so good.

That's our report this afternoon from our efforts Saturday to pick ten grid winners. Four games we lost out of ten and another was a tie, giving us not such an excellent percentage for the week-end.

Georgia by defeating Yale, Carolina by defeating Maryland, and South Carolina by defeating Virginia really surprised us. We lost also on Duke but we were picking the DeHart aggregation with some misgiving and felt all along that the game would be more or less of a toss-up.

Alabama was held to a scoreless tie by Louisiana State so we broke even on that prediction. State defeated Clemson, Davidson

defeated Wofford and Furman defeated Mercery while Notre Dame was winning in the west and Georgia Tech

Carolina defeated Maryland but the victory while acting no doubt as a tonic for the Tar Heel players, was not impressive due to the mud the players plowed through during the second half. Caro ina has a stalwart line and the rain was more beneficial to a good defensive team than to an offensive team. However, the Collins proteges showed some improvement and their fine defense gave them the margin of victory after the mud made the going so hard.

State was good against Clemson. with McDowell especially brilliant The West Raleigh team scored an 18 to 6 victory but in doing so lost the services of Chink Outen, one of the backfield stars. Outen will be out for several weeks, it is feared, with a cripp ed knee.

Davidson played consistently good ball again, gaining a 12 to 2 victory over Wofford with 17 first downs. Gray and Nesbit were the bright lights of the Presbyterian backfield while the whole team played well.

Duke held Washington and Lee on even terms until the last few minutes of play when the Generals pushed over the second and winning touchdown. Duke started fast and ended slow. failing to make a first down in the second haf after registering 10 in the first half. Jankoski was the best of the Duke players.

V. P. I. showed surprising strength n defeating Colgate, one of the big teams of the east. The Virginias scored a 6 to 0 victory and in doing so gave Colgate the first defeat in thirty years on the home field. This victory gave the South further prestige and with the Georgia victory over Yale made eastern critics understand that south of the Mason and Dixon line they produce rcal grid players.

#### COOLIDGE MAY VISIT CUBA IN JANUARY

President Hopes to Attend Pan-Am erican Congress Meeting.

Washington, Oct. 4 .-- A deep ad niration for the Cuban people and for the progress they have made as : self-governing nation is said by Presi dent Coolidge's friends to be a moving factor in his desire to visit Havana next January when the Pan-American Congress meets there.

Whether he actually can leave th United States for the five or six days which the trip would require is entirely dependent on how his work shapes up around the first of thhe year. It is understood, however, that he hopes to get away.

Should Mr. Coolidge go to Havana his advisers, contend he also would be paying a compliment to all of the republics of Latin America since these will have delegates at the meeting which has as its purpose a discussion of all the problems which are commo:

to all the nations of this hemisphere It is believed probable that in case the President decides on the journey he would go by rail to Key West, Florida. and from there to Havana on a cruiser. He already has been invited by Senator Flotcher and Representative Yon, of Florida, to stop at Jacksonville, Miami, Tallahassee and Pensacola, but these no doubt will be brief because the President is understood to desire staying away from Washington not more than six days. If he does go, it is said only one day would be spent at the Cuban
