A \$340 Organ for \$85.—

Mr. Daniel F. Beatty, of Washington, N. J., appears to be determined that all who care to have parlor organs can get them, for he will sell during a limited period an instrument which it is said is equal in every way to the kind usually-sold for \$840, for the very much reduced price of \$85. If this invitation to the public from Mr. Beatty is responded to in the spirit that it is made, every hamlet in the land will very soon have in it amusical advertisement of the New Jersey Organ Builder. Mr. Beatty has recently made an extended tour through Europe, and he expresses himself confident of having learned many-things, that will profit the purchasers of the organs he proposes to sell at one-quarter the price usually obtained for a handsome instrument of the class to which his belong. It had as well be borne in mind by those considering the offer that it is only for a limited period, and the low price, is to induce people to buy the organ in order that the manufacturer may show to the public the possess. See his advertisement.

SUPPOSED ATTEMPT -Mr. William Pirzer, residing near 5 miles of this place, came near losing 2 fine gray horses one night last week. We are informed that at a late hour the dogs set up a tremendous barking whereupon Mr. P's driver, who was sleeping in a house near the stable, arose and made a light is his room, shortly after which the dogs were hushed Upon visiting the stable the following morning the door was found ajar and a large club sitting near by, while two different tracks were traced across a plowed lot leading from the stable. The tracks showed conclusively that the parties were leaving in a not very dilatory wanner It is thought that the sudden light in the house so frightened them that they at once fled. Our citizens should keep their stables locked.

THE NATIONAL COMPLAINT.

Dyspensia is the national complaint nost every other man or woman you meet has it, and the result is that the number of pseudo remedies for it is as numerous as Pharaoh's host. They are for the most part worthless. There is, however, a searching cradicant of this distressing and obdurate malady. one whose genuine merits long since raised it to a foremost place among the staple medicines of America. Hostetter's Stomach Bitters extirpates dyspepsia with greater certainty and promptitude than any known remedy, and is a most genial invigorant, appetizer and aid to secretion. These are not empty assertions, as thou-sands of our country men and women who have experienced its effects are aware, but are backed up by irrefragable proofs repeatedly laid before the public. The Bitters also promote a regular habit of body and give a healthful stimulus to the urinary organs.

TOM CATS RIOT -

One of our ueighbors was suddenly aroused a few nights since by what he supposed to be shricks of despair. The first thought that took hold of his imagination was that some of the inmates of the dwelling were being assassinated That "fellow feeling" of his forbade him emaining in bed under such circumtances, and like a ray of sun shine he was soon upon his propelling machinery He seized a candle, made a spring in the direction of the wailing sounds. After tearing himself through a couple of doors and over several chairs he reached the scene of mortal combat, where be had the astonishing picture of two night fiends, clenched with a death-like seal, securing to adhere to each other with a tenacity rarely equaled by 'giant' glue, struggling and sbricking in a beartrending manner. And what amazed him most, there stood his son, without the least aparent emotion, holding a light for these blood thirsty villians to accomplish their midnight designs.

The young man assisted by his father, soon severed these brave feline's, and 25 to 41 after considerable explanation and p 45 to 75 sussion that young gent was permitted to retire a more 'experienced' and perhaps wise: man.
