PINELY, HARVEY & CO., Atlanta, Ga.

Organs, Pianos, Music and General Musical Merchandise, Music Store, Main St., Winston.

W. P. Ormsby wishes to call the attention of the people of Forsyth and surrounding counties to his stock of superior organs and piano, which he is prepared to sell on lower terms, for cash or installments, than any dealer in the country.

As W. P. Ormsby is established here, and intends making good every warranty he gives with the instruments he sells, all parties will recognize the advantage of dealing with him, in preference to advertising dealers who live in distant parts of the country.

This being a branch establishment of the celebrated house of Ditson & Co., New York, all orders for music books and sheet music can be filled, *mail free*, at publisher's prices.

Pianos and Organs repaired and tuned and old instruments taken in exchange.

Write for terms and information to the Music Store, Main Street, Winston, N. C.

TRIAL BY JURY!

Light running Domestic Sewing Machine.

For the following reasons:

- It is light running and noiseless;
- It is simple and durable;
- It makes the best lock stitch and breaks no thread;
- It has a self-setting needle;
- It can rise more thread in bobbin than any other machine;
- It winds the bobbin without running the machine or throwing the driving band;
- It does fine and coarse work without changing the tension;
- Its work is made on a plan patented by this company, the table tops being made of seven thicknesses of wood, with the grain crossed so as to prevent splitting and warping, while the cover is made of one single piece of walnut, bent into shape, which cannot fall in pieces as other covers do.

For prices call, or write to the "Domestic" Branch office in the Music Store, Main Street, Winston, N. C., opposite the Merchant's Hotel, or at the office of this paper. **OLD MACHINES TAKE IN EXCHANGE.**

BROWN'S WAREHOUSE, WINSTON, N. C.,

For the Sale of Leaf Tobacco.

In presenting the claims of our HOUSE, we would ask your attention to the following reasons why you should sell with us:

- 1st We first offered you a House Market, which is equal to any in the country.
- 2d We have always worked for the interest of our Customers, and spared no pains to provide for their accommodation.
- 3d We have increased the size and capacity of our HOUSE to meet the demands and needs of our constantly growing trade, and can handle to better advantage, and sell more Tobacco at one sale, than any House in Winston.
- 4th We have the best Camp-Rooms, with good fire-places, (no stoves), the best water and most convenient, the largest number and driest Stalls, and 23 large Sky-lights, giving the very best light possible for TOBACCO.
- 5th We have in our HOUSE H. PIERCE, the best handler and manager of Tobacco in this or any other Market. His energy and experience are too well known to need further notice. He cordially invites his many friends to sell with him, assuring them that he is better prepared than ever, before to serve them.
- 6th You all know R. D. MOSELEY, "the happy man" whose "tongue is tied in the middle and loose at each end," and that when he can't make good a less no one else need try.
- 7th Prompt and accurate settlement with you after sales, saving you time when you are in a hurry.
- 8th The demands of our market are such as to guarantee us good prices as can be had anywhere in North Carolina or Virginia. We have sold more Tobacco this year than any HOUSE in Town—making OUR HOUSE, as usual, the leading one in the market.

Will always be glad to see you, AND GUARANTEE THE HIGHEST MARKET PRICES. Yours, truly, **T. J. BROWN & CO.** Winston, N. C.

PIEDMONT Warehouse!

WINSTON, N. C.

Has sold in the past two years more than THREE MILLION pounds of Tobacco. The trade of this house has increased more rapidly, in the past two years than any Tobacco Warehouse in North Carolina.

The house can show as BIG AVERAGE PRICE for grades sold as any house in Winston or elsewhere. It is the largest Tobacco Warehouse in the State, containing 14,200 square feet of floor-room. We have the

Best Lighted Salesroom

in Winston; the building containing nearly 3,000 panes of glass, causing tobacco to show to the very best advantage, hence highest market prices are always obtained.

I will be pleased to have a liberal share of the patronage of Planters of this and surrounding counties, and promise my best efforts to obtain for you satisfactory prices for your tobacco.

W. A. S. PIERCE, Book-keeper. M. W. NORFLEET, Proprietor. JAMES S. SCALES, Floor Manager. J. Q. A. BARRHAM, Auctioneer.

Hinshaw Bros. WINSTON, N. C.,

WHOLESALE AND RETAIL MERCHANTS AND DEALERS IN SEEDS AND FERTILIZERS.

To Growers of Fine Yellow Tobacco.

We recommend our Complete Tobacco Manure as specially valuable to you, because—We make it ourselves, here, in Richmond, in the HEART of the Tobacco region, and we KNOW that it is made of the best materials and consequently can guarantee it to be as represented in every respect. IT IS CAREFULLY prepared and experimentally and scientifically adapted to the growth of fine YELLOW Tobacco on the soils of Virginia and North Carolina. IT IS RICH in Ammonia, Soluble Phosphate, and Real Bone Phosphate of Lime derived from the unburned bones of animal. ITS ACTION is prompt, continuous and lasting. It starts the plant quickly and sustains it to maturity. ITS USE secures large crops, early maturity, and a large, fine, silky leaf, with a plenty of body, which is easily cured, and makes the finest of Bright Wrappers. CROPS GROWN with it have sold for a higher average price than those grown with any other fertilizer whatever. IT IS FINE, dry, and in the best mechanical condition—better than ever before. IT IS A RENOVATOR of worn-out lands. IT HAS stood the test of time and seasons, and is endorsed by many of the most successful planters in every neighborhood. ITS STANDARD and QUALITY will POSITIVELY NOT be lowered. We intend to make it to the interest of every grower of fine bright tobacco to use it. We solicit your patronage and influence in extending the use of this first class, high-grade, standard fertilizer.

Factory at Richmond, Va. **ALLISON & ADDISON, Manufacturers.**

It is with pleasure we again present to our friends in Stokes, and to the readers of the Danbury Reporter, evidence of the superior quality and great merits of the Star Brand Fertilizers. The Star Brand Tobacco Manure has been in successful use among you for three years and you have given solid evidence of your appreciation of it by increasing—more than doubling—your purchases each year. What ever may be the pretensions or claims made for other fertilizers—by attending the sales in this and other markets it is self-evident to every one that the best and finest crops of Tobacco sold, have been grown by the use of the Star Brand Tobacco Manure. In addition to the evidence of its value offered below we respectfully refer to every man who has used it. More than 2,000 in Stokes and adjoining counties. March 12, 1880.

Dr A J Martin, of Stokes county, N. C., writes, December 4, 1879: "I have been using fertilizer for tobacco several years, the 'Star Brand' Complete Tobacco Manure the last two years; and I can say, for myself and tenants, that we like it best of any that we have used. It sets on the plant early, and continues until the same is matured. All my neighbors are pleased with it, as far as I know."

Messrs John Q A King & Son, of Stokes county, N. C., writes, December 25, 1879: "We have used your 'Star Brand' Complete Tobacco Manure for the last three years, and are well pleased with the action on our tobacco. It seems to force the tobacco right up, with a small stalk, broad leaf, and cures well. We were the first to use it in our settlement, now everybody uses it and praises it."

Mr B F Bynum, of Stokes county, N. C., writes, December 8, 1879: "I used your 'Star Brand' Complete Tobacco Manure the last two years, and find it all that is claimed for it. The Tobacco yellows finer, with smaller stalks and finer and larger leaves than a year ever tried or seen in my neighborhood. It is decidedly the best I have ever seen tried, and is more used by my neighbors every year, than any other."

Mr J L Smith, of Stokes county, N. C., writes, December 12, 1879: "I will say, with regard to your Complete Tobacco Manure, that the season was unfavorable, but our crop is a good one, and ripened up the nicest of any crop ever raised on my place. I have not tried any fertilizer with better results, and I expect to use it again."

Mr J P Covington, of Stokes county, N. C., writes, December 11, 1879: "I used 1200 lbs of your 'Star Brand' Complete Tobacco Manure this year and was well pleased with it. I used 200 lbs to the acre and expect to make 4,500 lbs. It yellowed well on the hill, and was the easiest managed in the barn of any tobacco I ever made. I expect to use it again next season."

Mr W C Wilson, of Stokes county, N. C., writes, January 20, 1880: "I used your Complete Tobacco Manure last year with splendid results. I planted on second year's land, and my tobacco grew off nicely and ripened well. It is tough, rich and waxy, with comparatively small stem. I have no hesitation in pronouncing the Complete Tobacco Manure the best that I have tried."

Mr Presley Pearce, of Stokes county, N. C., writes, January 10, 1880: "I am well pleased with the 'Star Brand' Complete Tobacco Manure, and expect to use it more largely this year than ever before. My tobacco was more easily cured than any crop I ever made from any fertilizer."

Mr A C Savage, of Stokes county, N. C., writes, December 27, 1879: "I used two sacks of your 'Star Brand' Complete Tobacco Manure this year, and it proved a great success. I used it in drill; planted tobacco eighteen inches apart. It grew generally three feet high. Had large, yellow, gunny, rich leaves, and cured a bright yellow color generally."

Mr B F Gravelly, of Henry county, Va., writes, December 2, 1879: "I used the 'Star Brand' Complete Tobacco Manure on over 200,000 tobacco hills this year. It acted as well as could be desired. I am so well pleased with its action on my crop, that I expect to use double the quantity next year."

Rev T S King, of Forsyth county, N. C., writes, December 16, 1879: "I have used your Complete Tobacco Manure for wheat and tobacco for the two last seasons. I am well pleased with the result. I use one sack per acre. I prefer it to any tried. I have used Peruvian, — and — I expect to use it this spring."

Mr A J Satterfield, of Surry county, N. C., writes, December 26, 1879: "I have used your 'Star Brand' Complete Tobacco Manure for the last three years with perfect satisfaction to myself. It has done all that I could expect it to do. I used four sacks this year on very thin upland, 200 pounds to the acre, and I think I will get 2,000 pounds of tobacco. I put it in deep and drilled first stable manure—or stable manure and ashes is best. My wheat is looking well after the tobacco."

Mr J T Johnson, of Surry county, N. C., writes, December 23, 1879: "I used 1200 pounds of your 'Star Brand' Complete Tobacco Manure, and it was all I had any right to expect, considering the dry weather."

Mr J R Martin, of Stokes county, N. C., writes, Dec, 1879: "I have used your 'Star Brand' Complete Tobacco Manure two successive years, with most satisfactory results. Notwithstanding the long continued drought, I have the best crop of tobacco on hand I ever raised in my life, and I think your 'Star Brand' well-deserves its name (Complete Tobacco Manure). I will be able to give you a better report after selling my crop."

Mr W C Eyles, of Surry county, N. C., writes, December 27, 1879: "Your 'Star Brand' Complete Tobacco Manure, bought of Hinshaw Brothers last spring, produced a good crop. Some of my neighbors who saw my tobacco say they will try your 'Star Brand' next year. I will use it again."

Mr J W Gates, of Patrick county, Va., writes, December 15, 1879: "Your 'Star Brand' Complete Tobacco Manure was used extensively in this neighborhood last year and notwithstanding the very dry summer the result was fine as heart could wish. It gives the tobacco a quick growth, good size, and fine texture. Every planter is pleased with its action. Will use it more extensively next year."

Mr Asa Jones, of Forsyth county, N. C., writes, January 8, 1880: "I used two sacks of your 'Star Brand' Complete Tobacco Manure on two acres of black, gravelly land last year, and made 2,223 pounds of tobacco, which I sold at my barn for 15 cents per pound, \$333.54. I am very much pleased with your fertilizer. Have used it three years in succession."

Mr Z T Smith, of Stokes county, N. C., writes, December 17, 1879: "I used your Complete Tobacco Manure last season, 300 pounds to the acre, and can say it gave perfect satisfaction. Will use it next year."

Mr J T Minter, of Henry county, Va., writes, December 7, 1879: "I have used the Tobacco Manure for two years, and like its action finely. It grew my tobacco large, and ripened yellow and nice. It is all I want as a tobacco manure."

Mr J F Hodges, of Stokes county, N. C., writes, December 22, 1879: "I used the 'Star Brand' Complete Tobacco Manure this year, which acted like a charm. It started the plant early, and it yellowed well on the hill. I am better pleased with the 'Star Brand' than any I ever used. Expect to use it again."

Mr Samuel P Martin, of Stokes county, N. C., writes, January 17, 1880: "Your 'Star Brand' Complete Tobacco Manure does as well or better than any commercial manure I have ever used. I expect to use it again."

Mr W R Carter, of Stokes county, N. C., writes, December, 1879: "I used two sacks of your 'Star Brand' Complete Tobacco Manure this year, and it acted well for me, considering the drought. I think it is the best I ever used."

Mr W Neal, of Stokes county, N. C., writes, December 29, 1879: "I have used your Complete Tobacco Manure for three years, and prefer it to any other fertilizer I have ever used. I put in drill, 200 lbs to the acre on common land—a little more on very thin land. In anything like a good season, the tobacco is of good size, and ripens well and ready. My tobacco raised by its use is good, waxy tobacco. I have tried it side by side with other manures, and have found it is good, if not better than any I have ever tried."

Mr W A Lowrey, of Forsyth county, N. C., writes, January 9, 1880: "I used your Complete Tobacco Manure last year on a portion of my tobacco crop, and was well pleased with the result. I shall use it again this year. I have also been using your Wheat Manure, and am satisfied that it is good."

Hinshaw Bros., sell more Star Brand Tobacco Manure than every other house in Winston sells of every other brand put together.

20,000 Sacks Star Brand Tobacco Manure for sale in Winston this spring by HINSHAW BROS. on as liberal terms and at as low prices as any standard Fertilizer is sold.

Mr B E Moser, of Surry county, N. C., writes, January 19, 1880: "Your 'Star Brand' Complete Tobacco Manure gave better satisfaction than ever before. I made at least 4500 pounds of tobacco from seven bags of your Manure, and I have the best crop of tobacco I ever raised. I deem it the best fertilizer for tobacco that is manufactured, because I have tried other fertilizers, and it proved to be best."
