

The Reporter.

THURSDAY, NOVEMBER 23, 1880

LOCAL NEWS.

TO ADVERTISERS.—

We offer the REPORTER as an advertising medium to Advertisers every place, and especially to the business men of Winston, Greensboro, Reidsville and Danville, these places being the natural outlets and markets for the produce of this country, including our large crop of tobacco which has already commenced finding its way to market.

Stokes county has a population of over fifteen thousand inhabitants, nearly all of whom have money once a year from October to June.

The REPORTER is the only paper published in the County and has a circulation in this County nearly equal to all other weekly State papers combined, and circulates to a considerable extent in all the adjoining counties in this State and Virginia.

Terms liberal.

Considerable hail in Danbury last Friday.

Only four weeks from next Saturday until Christmas.

We don't believe that our printers like pi, even if it is made by a first-class cook.

Our mill ponds in the neighborhood of Danbury were covered with ice, Monday.

"Kendall's Spavin Cure"—try it and be convinced. For man or beast. Read Advertisement.

We notice that Mr. E. J. Blair, our energetic cabinet-maker, has added a new lathe to his cabinet machinery.

Dr. Casper recommends "Kendall's Spavin Cure" in the highest terms and thousands of eminent physicians do the same.

We learn from a private note that there is a flourishing debating society in full blast at Sauratona in this county.

Died at her home, six miles south of this place, last Friday morning, Mrs. Michael Kiser, wife of Michael Kiser, Esq., deceased. Aged 83 years.

The North Carolina Fur or for November is before us, filled with good things for the farmer, stock raiser, housewife and everybody wanting a valuable information.

The East is getting ahead of us up here in the mountain; Goldsboro, Wilmington and Fayetteville are boasting of snow storms, while we have been having only Fall weather.

We learn that several cattle and sheep in this neighborhood have died from the effects of eating acorns. We hear of one ox and one sheep eating so many acorns that they actually "burst."

We learn that the mail man on the Winston route left here on foot last Saturday morning, his horse having given out; he did not get back until about 3 o'clock, Sunday morning.

Died at the poor-house in this county last Thursday morning, Mr. James Zigler, an old citizen of this county, formerly in easy circumstances. Truly, "riches take to themselves wings."

J. F. Newcomer, of Toledo, Ohio, says:—I have been greatly benefited by wearing an Excelsior Kidney Pad, and would recommend all persons troubled with weak kidneys to try it.—See Ad.

There were five accessions to the Methodist Episcopal Church at this place last Wednesday night; others wish to join, but no preacher here to open the church doors and let them in.

Rev. T. H. Pogram closed his work at Danbury for this year last Thursday. When it was known that there was some doubt about his being returned to this circuit, a petition was hurriedly gotten up by the people of Danbury, asking the presiding elder of this district to use his influence to have him returned, when every member of the congregation to whom it was presented, signed with a willingness not often expressed.

We are laboring under disadvantages to publish the REPORTER on time, on account of the cold weather and shortness of the day.

Rev. Mr. Hoyl preached for us last Thursday night and Friday morning, with good results; several professed faith in the Savior. The meeting closed with a number of mourners at the altar; the harvest seemed ripe, but was not gathered, for the want of laborers.

We can recommend the New York Observer to our readers as a family paper that is full of good and useful reading. It has both religious and secular news, and a foreign correspondence which is entertaining and valuable. Any one can get a sample copy by sending to the New York Observer, 37 Park Row, New York.

A GRAND REPUTATION—

Warner's Safe Kidney and Liver Cure has reached a reputation that is not limited by the confines of section or country. There are no injurious substances, nor false and temporary stimulants in the preparation. It is purely vegetable, and compounded under a formula that has passed severe tests, and won endorsements from some of the highest medical talent in the country—New York World.

THANKSGIVING, Thursday, Nov. 25th—

I respectfully request the officers, teachers and scholars of the Danbury Sunday School to go out next Sunday prepared to make a contribution to the Oxford Orphan Asylum, as I expect to call on them at that time for that purpose, all who cannot come out will please send by their friend, and we would ask that all the citizens of Danbury send, or bring a contribution. See Government proclamation. Respectfully, S. B. TAYLOR, Superintendent.

AN AGE OF IMPROVEMENT—

We live in an age of improvements as is evident to all when we consider the wonderful discoveries which are coming to light day by day. One of the latest and most wonderful is the discovery of "Kendall's Spavin Cure," which will cure spavin, splint, curb, callous or ring-bone, and remove the enlargement without even blistering or causing a sore, and it has recently been tested for deep-seated pains, rheumatism, enlargements and many similar difficulties on man as well as on beast, and it has been found to work so well that it is now believed to be the best liniment for external use on man, that has ever been discovered. It can be used full strength at all seasons of the year with perfect safety. Read the advertisement for Kendall's Spavin Cure.

WANTED—

We want 200,000 lbs Blackberries for which we will pay the highest market prices. Pepper & Sons.

Unquestionable

The Herald, Detroit, Mich., says of Warner's Safe Kidney and Liver Cure; "Its efficacy in kidney, liver, and urinary diseases is so fully acknowledged that it is not worth the questioning. Bona fide testimonials from well-known citizens in public and private life are evidences strong enough to convince the most stubborn doubter."—May 13, '80.

NOW READY—

That wonderful book Dr. B. J. Kendall's care and treatment of the horse. It is said to be the most valuable book of the kind ever published. All subscribers who pay up to January, 1881, or all new subscribers who pay one year in advance, will be presented with a copy. They can have it by calling at Pepper & Sons' store, or it will be sent by mail free of charge.
