

**The Reporter.**

THURSDAY, DECEMBER 2, 1880.

**LOCAL NEWS.**

**TO ADVERTISERS.—**

We offer the REPORTER as an advertising medium to Advertisers every place, and especially to the business men of Winston, Greensboro, Reidsville and Danville, these places being the natural outlets and markets for the produce of this country, including our large crop of tobacco which has already commenced finding its way to market.

Stokes county has a population of over fifteen thousand inhabitants, nearly all of whom have money once a year from October to June.

The REPORTER is the only paper published in the County and has a circulation in this County nearly equal to all other weekly State papers combined, and circulates to a considerable extent in all the adjoining counties in this State and Virginia.

Terms liberal.

Pork is scarce.

Good butter will bring 15c to 16c

Corn is worth 60 cents per bushel in Danbury.

A number of our citizens will attend conference at Winston this week.

The best liniment for human flesh is Kendall's Spavin Cure. See Advertisement.

November is gone, how have you improved it? December is here, how will you use it?

A Danbury boy five years old describes his tight boots by saying, they "bear down."

Since the cold weather set in country and town newspapers are yelling lustily, wood! wood!

Departed this life, on the 24th of November, ANDY TUCKER, son of Mr. Joel A. Tucker; aged 12 years

**FINE BEEF.—**

We have never seen better beef in any market than some brought here to sell this fall.

**STILL THEY COME.—**

We are pleased to note that a number of new names have been added to our subscription list this week. Come on, plenty of room.

Work on the C. F. & Y. V. Railroad in this County goes bravely on, though we are informed that the authorities have made a requisition on the President for 20 of the convicts at work here to go to the Western road

**MARRIED.—**

On Thursday 25th inst., Mr. Jesse Adams of Henry county, Va. and Miss Fannie Fulton, daughter of Mr. Jacob Fulton of Stokes co. N. C.

Also, at the residence of the brides parents in this county, Mr. Moses A. Walker of Durham N. C. and Miss Nannie Bailey.

**DIED.—**

A real winter day was, last Saturday, North-east rain all day, while iceicles pointed from every eave and heavy columns of fog swept up the deep ravines and hung in dark, heavy clouds around the top and among the ice-clad trees on the "old Sauratown," presented a really beautiful winter scene; such as is never witnessed by the lowlander amid his marshy flats.

**DIED.—**

At Mr. John Ally's, 3 miles North of Danbury, Thursday November 25th. Miss Sarah Taylor, daughter of the widow Taylor of this county. This is the second death at Mr. Ally's within ten days. The disease causing the death of the two parties and sickness of other members of the family is thought to be the effects of using the water, we learn that the water in the well at Mr. Ally's, though recently cleaned out, gives off a peculiar and offensive odor, probably the effect of some mineral that underlies the water or through which it permeates, as this whole country for several miles is known to overlie an almost continuous bed of minerals, the greater part of which is iron with traces of copper sulphur. The water in the iron mines near this place that flows from the vein of iron ore has a very offensive taste and smell though this is perfectly healthy.

"Kendall's Spavin Cure" has the greatest sale, where it has been sold the longest.

**MARRIED.—**

At the residence of A. D. Dodde, on the 18th day of November, 1880, by P. H. Mabe, Esq., Mr. WILLIAM G. HILL to Miss ESTHER SMITH, all of Stokes county.

Christ. Gerber, Wholesale Hardware, Toledo, Ohio, says:—The Excelsior Kidney Pad has accomplished more for my wife in three weeks than all the medicine she has taken in three years. Refer all skeptics to me.—See Ad.

Call around and see the beautiful dress goods received by Pepper & Sons this week; they are Delaines, Alpacos, Cashmeres, Cashmores, Poplin Lustres, &c. Also, the best line of Men's Wear ever brought to this market.

The New York Observer is an interesting and valuable family paper. We can recommend it to our readers, who wish to take a New York paper, as pure and safe. The publishers have this year issued a volume of Ironous letters, with a fine portrait of the author, which they offer to old subscribers. Any one can get the terms by sending to the New York Observer, New York.

**FASTEST TIME, 2-11.—**

No horse has ever made fast enough time, but what it will be liable to be beaten sometime, for Kendall's Spavin Cure is sure to limber up the joints and leave thousands of spavined horses as sound and limber as a colt, and it has been used with such remarkable results for every kind of blemish or lameness on beast or man, that every person owning a horse with stiff joints or any blemish, should use it. Read advertisement for Kendall's Spavin Cure.

**AROUSING ITS READERS.—**

An alarm of fire at midnight is a startling thing, but not half so startling to many who hear it as would be the sudden knowledge of their own dangerous physical condition. Thousands of thousands are hurrying to their graves, because they are carelessly indifferent to the insidious inroads of disease and the means of cure. It is the mission of H. H. Warner & Co., with their Safe Kidney and Liver Cure, to arouse men to a sense of their danger, and cure them.—[Memphis Appeal.

**A VALUABLE HINT TO MUSIC BUYERS.—**

Music is sometimes an expensive luxury, but not if you buy it at the right place and in the right way. Send \$1 25 to LUDDEN & BATES'S SOUTHERN MUSIC HOUSE, Savannah, Georgia, as a yearly subscription to the SOUTHERN MUSICAL JOURNAL, and you will get in return \$12 worth of choice music, which is published in the JOURNAL during the year, and as a premium, \$1 WORTH OF ANY SHEET MUSIC YOU MAY DESIRE. \$13 worth of music for only \$1.25. A splendid return for a small investment. Try it. November number just out, containing \$1 worth of music, will be mailed on receipt of ten cents.

**BAD FOR STOKES.—**

Notwithstanding this is a thinly settled and purely an agricultural country, and that there are two other stores in Danbury, and at least one on every road leading away from here and within four miles or less of the place; one house in Danbury (Pepper & Sons) sold during the summer and fall between two and three thousand pounds of Western bacon each month, and most of it to customers within a radius of five miles, taking Danbury as a center.

What we wish to impress upon our readers is that no people in a poor country like this can live at such a rate depending on tobacco alone to pay all their expenses.

**Unquestionable**

The Herald, Detroit, Mich., says of Warner's Safe Liver and Kidney Cure; "Its efficacy in kidney, liver, and urinary diseases is so fully acknowledged that it is not worth the questioning. Bona fide testimonials from well-known citizens in public and private life are evidences strong enough to convince the most stubborn doubter."—May 13, '80.
