TO DELINQUENTS.

After the first day of December we will commence cutting off delinquent subscribers. It is true that every man who feels any interest in his county should have patriotism enough to take his local paper, but a subscriber who will take a paper year after year and year after year without contributing one cent towards keeping it up, is of no advantage to the publisher nor to the advertiser; for if such a man reads his advertisement, and sees goods and wares advertised, and can by any means get them on a credit he will never pay for them. This is not intended for the subscriber who pays occasionally, but there are a few deadheads on our list who have never paid us a dollar since our office, press, books and everything else that belonged to the office were burned in 1876. Those who wish their paper continued will signify it by sending us a little part of their subscription. We will send all such a receipt for the amount, and cost of registering the money when sent by mail.

FORSYTH court continues yet, and is doing much toward completing the C. F. & Y. V. R. R. by furnishing hands to do the work. Up to Monday it had assigned about eight, so we are informed.

A NOTE from State Superintendent Scarborough to the county Supt. of Stokes states that the amount of the States apportionment to our schools will be about 16 ts to each child. The county fund will afford about \$1.00 a head.

Ohio platform: "A tariff for revenue limited to the necessities of the Government economically administered, and so adjusted in its application as to prevent unequal burdens, to encourage productive industries at home, afford a just compensation to labor, but not to create or foster monopolies." That is likely to be a plank in the Presidential platform next year.

There is no right thinking man in the North or South who does not view with gratification the evidence of Southern progress in industrial development and wealth, as well as in mere population. It is simply a part of our marvelous national growth. The whole can be no more or no less than the sum of all the parts. The greater, richer and stronger each State and section of the Union, is the greater, richer and stronger will be the nation itself.

THE business men of Raleigh N. C., held a meeting recently to arrange for the entertainment of some Northern visitors expected soon in our State. It was resolved at this meeting to hold a state Exposition at Raleigh in 1884—in the Fall. A resolution was adopted as follows: Resolved, "That we request the people of each and every county of North Carolina to join us in assisting the State Agricultural Society and the Department of Agriculture in making a grand Exposition in the city of Raleigh next Fall, and that a committee of twenty-one be appointed to take all the steps necessary to secure a magnificent display of products of the State."

THAT everlasting bone of contention, the Internal Revenue office in this district, is likely to cause the Republicans more trouble. A Greensboro letter to the Raleigh Chronicle says all is not smooth sailing with Dr. W. H. Wheeler, collector. It is represented that President Arthur is not so favorably impressed with him, that his subordinate officers are dissatisfied because they are paid very irregularly, and that special agents have been looking closely into the condition of things. The correspondent says further that Everett's friends are not asleep, but will make an effort to have the Senate refuse to confirm Wheeler's appointment, this winter, and then offer the name of H. X. Dwire, formerly of Statesville and later Everett's chief clerk, for the succession.

We take pleasure in recommending Hall's Hair Renewer to our readers. It restores gray hair to its youthful color, prevents baldness, makes the hair soft and glossy, does not stain the skin, and is altogether the best known remedy for all hair and scalp diseases.

NEWS OF THE WEEK.

CAREFULLY COLLATED AND CONDENSED FROM THE REPORTER AND POST'S EXCHANGES.

State News.

F. L. Moore, merchant of Winston, has made an assignment.

North Carolina has sixty-four cotton factories, big and little.

A woman 93 years of age has been jailed in Charlotte for stealing a chicken.

Dr. J. B. Mercer, of Wilson county, has lost 132 hogs from cholera in three weeks.

It is stated that Mr. J. H. Mills will soon retire from the management of the Oxford Orphan Asylum.

"Big Jim Jones," of Goldsboro, the largest man in the State, died last week. He weighed over 500 pounds.

The Enterprise says Mr. Samuel Jarrett dug out of his patch in Newtow a sweet potato which weighed 14 lbs. and 11 oz.

Dr. Howard, the worm medicine man, was retched-egged while bargaining a crowd in the streets of Charlotte last Saturday night.

The Aurora says Cleveland county has fifty paupers in its poor house—more than any other county in the State. They cost, each, \$3 per month.

Claude Saunders, a young man of promise, was struck by a bat and instantly killed while engaged in a game of base-ball at Hertford week before last.

The eleventh annual session of the North Carolina State Grange, Patrons of Husbandry, will be held in Weldon, beginning Tuesday, the 4th of December.

A letter from Grantville to the Asheville Citizen states that on Little Ivy, on the 31st of October, one G. F. Moss shot fatally two brothers of the name of Sneath. Moss escaped.

A parcel of colored people, say the Wilmington Review, were gathered in a hall at Laurinburg when first the floor and afterwards the walls fell in. There was a wild scene. Eight were injured, two of whom may die.

The Asheville Citizen says that last Monday the town of Hendersonville voted favorably on a proposition to issue \$40,000 in town bonds, for the purpose of erecting a magnificent hotel with all the modern improvements and comforts, and to construct water-works.

The Army and Navy Register says a United States recruiting station will probably be established at Charlotte. Capt. E. M. Hayes, who commanded the cavalry escort of the President in his trip to Yellowstone Park, will be in charge of the station. His wife is a North Carolinian.

The Lenoir Topic says: Mr. Clarence M. Buel, "Old North," late superintendent Elk Knob Copper Mine Company, now manager Portis Gold Mine, Franklin county, dropped into our office Saturday. He says that the exposition at Boston has sent the Old North State one century ahead. Five gentlemen from Boston came into the State with him and invested \$1,000,000.

General News. There are 80,000 beggars in Chicago. Boston exhibits a cheese weighing two and three quarter tons. Twins were born last Sunday week in a St. Louis street car.

Kansas is said to be noticeable for having youths as railroad conductors. Senator Coke astonishes Waco, Texas, by building a \$15,000 mansion there.

Senator Plumb of Kansas, subscribes regularly for as many as two hundred newspapers. Mr. John Gray Bynum, of Morganton will be a candidate for postmaster of the next House of Representatives.

Colored people edit and control at least twelve periodical publications in the United States. Tobacco is made into snuff by being fermented for six months and then steamed at 240 degrees F.

Chronic acid, according to an English physician, is good for warts—or, rather it is bad for the warts. A widow in Vicksburg, Miss., has received \$12,500 from the different orders of which her husband was a member. The New York Herald sustains a loss of nearly \$1,000 a day in profits on account of its reduction from 3 to 2 cents. It is given out by the agricultural department at Washington that the corn crop will be fifty millions of bushels short.

Despite exaggerated reports to the contrary, the Danville (Va.) Register, after a thorough investigation, places the number of colored persons killed in the recent riot there at three, and the wounded at six, the latter of whom are either already well or are getting well.

Moses, the husband of the fat woman who died in Baltimore a few weeks ago, sold her body to Dr. Hill, of that city, last week, for \$46, because he was poor and needed money.

At Pittsburg, Pa., Pat O'Brien, the Irish giant, married Annie Durr, the German giantess. Pat is seven feet eleven inches high and weighs over 300 pounds. Annie is nineteen, is nearly as tall and fully as heavy.

Samuel Mackey, of New South Wales sheared 1,500,00 sheep last year, and this year he expects to have 2,500,000. His lands run 700 miles in one direction, and comprise 5,000,000 acres, and have been nearly all reclaimed from the desert.

Alexander Ross, of Philadelphia, was separated from his wife some months ago. He has been in low spirits since that time and he went to her window a night or two ago and asked for a reconciliation. This she refused, whereupon he shot himself fatally.

George Washington, the first President of the United States, never saw a steamboat. John Adams, the second President of the United States, never saw a railroad. Andrew Jackson, the seventh President, knew nothing about the telegraph. Abraham Lincoln, the sixteenth President, never dreamed of such a thing as the telephone.

A Special from Richmond, Mo., recounts an attempted assassination of Charlie Ford, one of Jesse James's slayers, at his father's home, near that city. The shooting was done by persons concealed in tall weeds, while Ford was out walking after supper. Seven shots were fired, none of which took effect. Ford returned the fire without effect. The assailants rode away on horses.

Carmel, a small village in New York, has had a shameful tragedy in its county jail. The jailor, last Wednesday week, became intoxicated himself, and gave so much liquor to the eight prisoners confined in the jail that they became drunk and noisy, too. Then the jailor went in and beat one man dreadfully on the head and finally shot another one in the left breast. The latter is not expected to recover.

Political Points. The Morganton Mountaineer says Burke is for Bennett for Governor.

The latest Republican ticket is Arthur and Mahone.

The leading Democratic paper in Ohio, the Cincinnati Enquirer, is for "the old ticket," and says it will be nominated.

Out of one hundred and fifty-five members of the Mississippi Legislature only twenty-five answer to the call of Republican or Independent. All the rest are Democrats.

The politicians of Indiana are hard at work making tickets for 1884. Democrats are for the old ticket or for McDonald and Hewitt; Republicans for Arthur, Greham or Sherman.

The Boston Herald states that Gov. Bultr said a member of his council, on the 7th, that he should again run for the office of Governor next fall. The compliment of 150,000 votes leads him to think he will be successful.

Returns from all the counties in Virginia show that the new Legislature will stand politically as follows: Senate—Democrats, 25; Mahonites, 12; vacancies, 3. House—Democrats; 65; Mahonites, 35.

Col. C. W. Moulton, a brother-in-law of Senator John Sherman, says President Arthur has shocked the people of Ohio beyond measure by his treatment of Garfield's old and tried friends, not one of whom is now in office, and that if President Arthur is re-nominated the Ohio Republicans will not support him.

Senator Colquitt, of Georgia, who has just returned from New York, says he is satisfied, from his own observation and from conversation with gentlemen from all parts of the country, that the only thing for the Democrats to do is to renominate the old ticket of Tilden and Hendricks. He says the opinion on this point was almost literally unanimous, and he thinks the late elections make the nomination of Mr. Tilden an imperative necessity.

Col. John A. Martin, Secretary of the national Republican committee, has sent out a call for a meeting of the committee to be held at the Arlington Hotel, in Washington, December 12 next, at noon for the purpose of deciding upon the date and place for holding the next national Republican convention. The committee will also elect a chairman, vice Marshall Jewell, deceased.

Ayer's Sarsaparilla thoroughly cleanses the blood, stimulates the vital functions, and restores the health and strength. No one whose blood is impure can feel well. There is a weary, languid feeling, and often a sense of discouragement and despondency. Persons having this feeling should take Ayer's Sarsaparilla to purify and vitalize the blood.

We are now receiving our fall and winter goods, and will in a short time have the best assortment to be found in the place. And now listen: we do not intend to be undersold by any one. PEPPER & MARTIN.

A WORD TO MOTHERS.—Mothers should remember it is most important duty at this season to look after the health of their families and cleanse the malaria and impurities from their systems, and that nothing will tone up the stomach and liver, regulate the bowels and purify the blood so perfectly as Parker's Ginger Tonic advertised in our columns.—Post. See other column.

A MARVELOUS STORY TOLD IN TWO LETTERS.

FROM THE SON: "32 Cedar St. New York, Oct. 25, 1883. "Dear Mother: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the enclosed letter will tell you what a marvelous effort

Ayer's Sarsaparilla has had in his case. I think his blood must be a poison. I commenced the use of the Sarsaparilla in April last, and have used it regularly since that time. My condition began to improve at once. The sores have healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 37 years of age. Many inquire what has cured such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1883. Yours gratefully, HIRSH PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Eruptions, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.

LAND SALE. By virtue of a decree of the Probate court of Stokes county, we will sell at public auction on the premises on a credit of 6 months, on Saturday the 22nd day of December, 1883, at 1 o'clock, P. M., a certain tract or parcel of land in Quaker Gap township, Stokes county, containing 30 acres more or less, adjoining the lands of George Pearce, L. Bohannon and others, on the waters of North Double Creek, being the lands of William Pearce, dec'd. This the 5th day of November, 1883.

PRESLEY PEARCE, WILLIAM PEARCE, Executors of Wm. Pearce dec'd.

SCHOOL NOTICE. The County Board of Education will meet in Danbury on Tuesday the 4th day of December, 1883, to appoint School Committees for the several districts for two years.

TO THE PUBLIC. The firms of N. M. Pepper & Co. and Pepper, Neal & Co., having been dissolved by mutual consent, all debts now due by the said firms will be paid by N. M. Pepper, and all those indebted to either of the said firms will make payments to the said N. M. Pepper, who is duly authorized to collect and receipt for the same.

N. M. PEPPER, J. W. PEPPER, Danbury, N. C., Oct. 22, 1883.

TO THE PUBLIC. The firms of N. M. Pepper & Co., and Pepper, Neal & Co., having been dissolved by mutual consent, I will continue business at their old stand under the firm name of Pepper & Sons, where I hope to meet the friends of the old firms and in a short time will exhibit for their inspection the best assorted stock of goods ever offered in this market, which all who know me, know that I will sell at bottom prices. My motto in the future, as it has ever been, will be quick sales and short profits; and not to be undersold by any one who will give 10 ounces for a pound and one hundred cents for a dollar.

N. M. PEPPER.

A WOMAN'S EXPERIENCE.—"Moth's and Daughters should feel alarmed when weariness constantly oppresses them. 'I am fretful from exhaustion of vital powers and the color is fading from my face, Parker's Ginger Tonic, gives quick relief. It builds me up and drives away pain with wonderful certainty.'—Buffalobolady

SIMMONS' LIVER REGULATOR

For Dyspepsia, Costiveness, Sick Headache, Chronic Diarrhoea, Jaundice, Impurity of the Blood, Fever and Ague, Malaria, and all Diseases caused by Derangement of Liver, Bowels and Kidneys.

SYMPTOMS OF A DISEASED LIVER. Bad Breath; Pain in the Side, sometimes the pain is felt under the Shoulder-blade, mistaken for Rheumatism; general loss of appetite; Bowels generally constive, sometimes alternating with lax; the head is troubled with pain, is dull and heavy with considerable loss of memory, accompanied with a painful sensation of leaving undone something which ought to have been done; a slight, dry cough and flushed face is sometimes an attendant, often mistaken for consumption; the patient complains of weakness and debility; nervous, easily startled, but cold or burning, sometimes a prickly sensation of the skin exists; spirits are low and despondent, and, although satisfied that exercise would be beneficial, yet one can hardly summon up fortitude to try it. In fact, unless the patient is induced to try it, the above symptoms attend the disease, but cases have occurred when but few of them existed, yet examination after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the above symptoms appear.

Persons Traveling or Living in Unhealthy Localities, by taking a dose occasionally to keep the Liver in healthy action, will avoid all Malaria, Bilious attacks, Diarrhoea, Nausea, Drowsiness, Depression of Spirits, etc. It will invigorate the glass of wine, but is not intoxicating beverage.

If you have eaten anything hard of digestion, or fed your horse meat, or slept at night, take a dose, and will be relieved.

Time and Doctors' Bills will be saved by Always Keeping the Regulator in the House!

For whatever the ailment may be, a thoroughly safe purgative, alternative, and tonic can never be out of place. The remedy is harmless and does not interfere with business or pleasure.

IT IS PURELY VEGETABLE. And has all the power and efficacy of Castor or Quinine, without any of the injurious after effects.

A Governor's Testimony. Simmons' Liver Regulator has been in use in my family for some time, and I am satisfied it is a valuable addition to the medical science.

Hon. Alexander H. Stephens, of Ga., says: "I have derived some benefit from the use of Simmons' Liver Regulator, and will be glad to give it a further trial."

The only Thing that never fails to relieve.—I have used your Regulator for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me so much as your Simmons' Liver Regulator has. I sent from Minnesota to Georgia for it, and would send further for such a medicine, and would advise all who are similarly afflicted to give it a trial as it seems the only thing that never fails to relieve me.

F. M. JANNEY, Minneapolis, Minn.

Dr. T. W. Mason says: "From actual experience in the use of Simmons' Liver Regulator in my practice I have been and am satisfied to use and prescribe it as a purgative medicine."

THE NEW YORK WEEKLY
is undoubtedly THE BEST LITERARY PAPER PUBLISHED.

It is universally appreciated, as its immense circulation affords incontrovertible proof. The New York Weekly is in every new and entertaining FAMILY PAPER, and in each household where a copy is taken every member of the family reads it, and the contents are discussed and criticized while the readers are scattered around the cheerful fireside.

The great success and unexampled prosperity of The New York Weekly is due to the excellence of its stories, its numerous entertaining features, and its fresh and varied attractions; but not the least among its recommendations is the fact that unusual care is exercised in revising the contents, that all objectionable words and phrases may be avoided.

Heads of families are aware that we never permit in our columns any word or expression likely to offend even the most fastidious guardian of youth.

The New York Weekly contains the BEST STORIES, the most poems, the most entertaining sketches, as well as a variety of extremely interesting matter, and is therefore popularly conceded to be the BEST STORY AND SKETCH PAPER.

The New York Weekly regularly presents, in the "Ladies' World," plain and sensible suggestions regarding the making of garments and the choice of materials, all of which are invaluable to every frugal housewife.

The New York Weekly also publishes DOMESTIC RECIPES, tested and approved by experts.

THE NEW YORK WEEKLY, each week, presents a number of fresh and sparkling humorous paragraphs, in the column of "PLEASANT PARAGRAPHS."

THE NEW YORK WEEKLY is constantly presenting the works of new contributors.
