Occurrences In and Around Danbury, and County Matters Briefly Told.

"A child's among you take'n notice, And, faith, he'll rent it."

Any subscriber who fails to receive the REPORTER AND POST every week is requested to report the failure. We want to see where 'the fault is.

Superior Court is in session this week, Judge Graves presiding.

Stewart, Va., is on a boom, so much for the narrow-gauge railroad.

A number of our people went to Davis' Chapel to preaching last Sunday.

It is probable that a daily mail will be established between this place and Stuart, Va.

Mrs. C. Prather, with Mr. J. H. Prather and family, are visiting relatives in Danbury.

This paper is mostly the work of the little devils the foreman being somewhat indisposed.

The Lawn party and ball at Piedmont last Monday night is said to have been quite an enjoyable affair.

Deputy collector Waugh is in town. He has so far taken bonds from forty seven brady distillers.

Mr. James W. Reid, the Old Fifth gallant representative in Congress, is in town, on professional business.

Rev. J. R. Scroggs preached to the Danbury people Sunday night. His sermon was much complimented.

Work will commence as soon as court is over putting up buildings at Camaca. The Co. are selling lots almost every day.

Rev. C. M. Pepper of Leesville, N. C., and Dr. W. K. Pepper, of Christiansburg, Va., are visiting relatives in this place.

We regret to learn that several children of Mr. Wm Shepperd, of this county are dangerously sick of scarlet fever.

We learn that a joint stock co. will probably be formed this fall for the purpose of manufacturing tobacco in Danbury.

The general complaint among farmers here this week is, that the corn and tobacco crops are better than ever known.

It is said that there are 75 summer visitors at one of our hotels, 50 or 60 at the other and considerably over 100 at the Springs cabins.

The crowd continues to come in to the springs. It is now estimated that the crowd of health and pleasure seekers in and around Danbury will number more than 250.

We understand that a farmer of this county was relieved of several dollars Monday night, trying to fathom the mysteries of old sledge. Yes he is a sadder, and we trust a wiser man.

We are glad to see our young friend Frank Dymun, back from Mitchell Dakota, looking hale and hearty hope he may have a pleasant stay among his old friends in Stokes.

Why dont you tell your neighbor that the REPORTER & POST, is working for his interest, the interest of his county and section, and it is not only his duty but to his interest to help support it.

We have heard persons who listened to the Hon. Jake June's discussion of the tariff last week, compliment it very highly. The fool killer has never visited in Jake's neighborhood if he had, there would have been one less nigger.

We learn that a boat has been placed on the river at Seven Island ford, which is so arranged that it can be drawn by means of a rope running on pulleys, from one bank to the other. This is a great convenience, and we think that the commissioners should have similar boats put on at every ford on the river.

Thanks to those subscribers who called around this week and paid their subscription, and it gives us pleasure to say that of all those who paid up in full or part but one man, ordered his paper discontinued, shows that our subscribers believe that we are giving them the worth of the money asked for the paper.

ANOTHER USE FOR MICA.—We learn that a large manufacturer of tobacco in this state is working all his tobacco with windows made of mica in the sides of his boxes, which enables him to show the tobacco without opening the boxes. It is said that smoking tobacco shows splendidly through the mica. Mica being very flexible and elastic can be used to show many goods without opening the package.

Send us the news from your neighborhood.

Now is the time to sow your turnip seed don't you forget it but sow plentifully.

Rattle Snakes are only worth \$2.50 per dozen in Danbury if the buyer does the catching.

WANTED—50,000 good heart pine shingles delivered at "Camaca" 2 1/2 miles West from Danbury—see N. M. & W. R. Pepper.

The Camaca company have made arrangements with a building company who will commence at once erecting a saw-mill, &c., on Indian creek, near Camaca, and work on buildings in the town within a few weeks.

GARDEN SEEDS.—Just received at Dr. V. O. Thompson's drug store, a large variety of fresh garden and flower seeds, consisting of Landroth's, Buist's, Perry's and Sibley's. All orders for seeds can be filled.

The County Board of Education will meet in Danbury on the first Monday in September to elect committeemen for the several school districts of Stokes, and all interested will meet the Board on that day with recommendations, &c.

It is rumored on the streets to-day that Hon. J. C. Buxton has purchased the Piedmont Springs property, and at an early day begin the erection of a hotel. We do not vouch for the above, but if true we congratulate Mr. Buxton and also the people who wish to visit the above springs.

It seems more than strange, to us that this section with all its natural productions, has never produced a man with energy and enterprise equal to the task of bringing to the notice of the outside world her vast undeveloped resources.

Taking minerals, the day will come when Stokes county will stand at, or near the head of the list on Iron and Mica, her coal is fine and no doubt but future developments will prove the supply inexhaustible, while every mineral with but few exceptions, found in the State, or as to that, in any other state, are found here. As to timber, water power, scenery, healthfulness, mildness of climate as cold and heat, all can witness to, who have ever spent any time in the county.

But as to a health giving section, this Sauratown country stands prominent, and as to mineral springs, the chalybeate water is as fine probably, as any in the state, while others possessing other medicinal properties, will give relief to all the ill's the flesh is heir to, and the day is not far distant when this will be the leading section in N. C. for health, pleasure, and enjoyment generally.

A woman's safeguard is to keep a man's hands off her. If you need his assistance on walking take his arm instead of his taking yours. Just tell him in plain English to keep his hands off. He may not like it at first but he will respect you ten fold more. Men will do just what the women allow them to do. Men will not do to trust. Give a man your arm and you will find him very confidential, and he will take a great many privileges he would not take if he was not permitted to do so. He will give your arm many loving sly twists and squeezes that he could have no opportunity of doing, an opportunity is just what he is after. A few more words of advice and I will close. Keep your girls off the street, except when they have business. Teach them it is unnecessary to go to the postoffice every time they go out. Your girls can go home alone just as well as your boys. If possible instill into their very nature that they are safer in their own hands than they are in the hands of any man—preachers not excepted.

How to Buy Books.

A well known author recently recommended the following rules to be observed by youthful readers who are beginning a collection of books.

First—Set apart a fixed sum, weekly or monthly as the case may be, in proportion to your income, and spend that and no more for books.

Second—Always devote a portion of your money to acquiring books of reference.

Third—Never buy a worthless work or edition.

Fourth—Take care not to buy too many books of one class.

Fifth—Do not, at least until you have a fair show of books, be deluded into buying sets of an author.

Sixth—Do not spend too much on magazines.

Seventh—Be particular as to the binding of your books.

Eighth—Keep a catalogue of your books, entering in pencil inside each the date of purchase and the cost, and in the catalogue all particulars as to loans.

Ninth—Take care to read what you buy, and buy only what you will read.

A. J. BOYD, J. W. REID, F. B. JOHNSTON, JULIUS JOHNSTON, BOYD, REID & JOHNSON, Attorneys-at-Law, WESTWORTH, N. C.
