There was a light frost on branch bottoms yesterday morning.

The Register of Deeds has issued no marriage license since our last issue.

The shower last Monday morning has had a very freshening effect on vegetation.

Don't forget the stockholders meeting of the C. F. & Y. V. Railroad Thursday May 6th.

There were thirteen prisoners in jail Monday, some awaiting trial others for coats and fines.

Two hundred and fifty more hands have been hired to be put on the Mt. Airy end of the road.

Married, by Magistrate John C. Clark on Easter Day, Wm. S. Crouse to Miss Annlys Batesman—both of Stokes county.

Passengers can now come from Greensboro to Walnut Cove by Railroad where private conveyance can be had to Danbury.

The fishing question on the Dan is being tackled these days both by trap and hook though the result has been but light so far.

Railroad racket is uppermost among the visitors at the hotels this week. There are two factions the Greensboro and the Winston.

The State medical board of examination at Charlotte has granted license to assist to Dr. J. William Neal of Meadows, this county.

The ginger pop, cider, lemonade, blackberry wine, cake and pie business has not been as fully represented at this court as at the last.

The trial of Spaisse for the killing of Harding James is down for this week. On the trial at the last court in November the jury disagreed.

The thermometer which indicated 80 degrees in the shade at noon the latter part of last week stood at 38 degrees at 8 o'clock yesterday morning.

The efficient way in which this court is being conducted is shown by the number of cases that have been tried or disposed of up to the time we go to press.

If you want a first class sewing machine for less money than you can buy it at any other place in the State, go to Pepper & Sons and tell them what machine you want.

We notice the presence of Messrs. Grogan from Winston, Haymore from Mt. Airy, and B. Reed from Wentworth in addition to the lawyers we have noted as attending court here.

It is expected that the number of visitors here this summer will be larger than any heretofore. The C. F. & Y. V. Railroad will likely issue round trip tickets to Walnut Cove.

A Reidsville warehouse man was here Monday drumming for his warehouse. He offers to furnish tarres free along the C. F. & Y. V. R. R. to Stokes county farmers who will ship tobacco to his house.

The list of magistrates published in our last issue as having been appointed by the late Legislature is official, and differs from the list published by the Germanon Times and the Salem and Winston papers.

Salvation Oil, is what you want. It kills pain and cures the worst case of rheumatism, neuralgia, sore throat, hoarseness, and headache. Take no "just as good." Price twenty-five cents a bottle.

It would take 1720 rails, 860,000 pounds, to iron the road from Walnut Cove to Danbury, 10 miles. The rails used by the C. F. & Y. V. Railroad measure 30 feet and weigh 500 pounds each.

The cost of a marriage license has been reduced from \$3 to \$2.50—the late Legislature having taken 50cts off the State license. It is likely that the county Commissioners will make the same reduction on the county license at its June meeting.

An exchange says: "Man's average life is 33 years." Dr. Bull's Cough Syrup will always live.

Just bear it in mind that you can save money, time and annoyance by buying what Hardware, Crochery, and Glass Ware you want of S. E. Allen, cor. Main and 3rd street, Winston, N. C. Goods as low as any first class house can sell them.

Mess J. A. White & Sons, Winston, N. C., have patented their little "Tar Heel Road Cart," and are receiving large numbers of orders from all over the country. It is the best thing out for doctors, lawyers, and officers.

The State Medical Society met at Charlotte last week. The \$50 prize for the best paper presented to the Society was awarded to Dr. Francis Duffie of New Bern. It was on "Alimentation in Continued Fevers." Dr. Duffie in accepting the prize returned it to the society to be awarded for the best paper on "Hemorrhagic Malarial Fever," to be read at the meeting of the society next year.

Many iron furnaces in Pennsylvania have been using freely of ore from other States notably from the Lake Superior region. The increased freights brought about by the long haul clause of the Inter-State law has so much increased the cost that many furnaces are again using ore mined in Pennsylvania. The working of this law will limit the shipment of ore over long distances and materially increase the production of iron in mining districts. As we have already suggested the iron ore of Stokes should be worked in the county and not shipped.

Commissioner Jones of the State bureau of labor statistics from information received so far, finds that the condition of farmers and farm laborers to be not now so good as it was three years ago. He says: "There is generally speaking a stringency in the affairs of these classes. The farmers are not very successful and are therefore unable to advance or even maintain the wages of farm laborers though their general condition compares favorably with the farming classes of other states and is better than that of the farming classes in other countries."

An act of insubordination at the State Penitentiary occurred last Saturday. The following are the facts as stated by the telegraph: "It began by the insubordination of one prisoner who drew a knife and refused to obey orders. He was knocked down by the guards and taken to the hospital. Most of the convicts then refused to go into their cells. The city police force and Governor's Guard went to the aid of the Penitentiary authorities. At 9 o'clock the disturbance had not been quelled, some thirty or forty convicts still remaining in the corridors. The management is firm and wise, however, and will doubtless secure order without loss of life."

Superior Court convened last Monday, Judge Boykin presiding. Quite a crowd of people was in town, as is usual on the first two days of court. His Honor strikes us as being a good, practical judge, eminently qualified for dispatching business. In addition to the resident lawyers we noticed the presence of the following named from elsewhere: Solicitor Settle, Messrs. Boyden, Carter, Dearman, Wm. and Robert Glenn, Kerner, Mebane, Morehead, Patterson, Phillips, Scott, and Watson. The weather is just delightfully cool and bracing. The hotels are filled as usual during court time. We do not know whether the merchants have had as lively a trade as usual during court week. The business of the court has been well expedited thus far.

We have never seen the people of our county making greater efforts to repair their losses than they seem to be making now. They are ploughing and hauling and ditching and taking in waste places and using less of the worthless manure than ever before. Thousands of loads of manure are being hauled every day. The result will be gratifying in the fall. There was gloom and sorrow and disappointment last fall, but now all is energy and hope.—Smithfield Herald.
