CONGRESSIONAL SUMMARY.

TUESDAY, MAY, 22.

In the Senate yesterday a number of bills of local interest were passed, and amendments to the River and Harbor bill were reported; a large number of bills were introduced in the House, and the bill was passed creating the Department of Agriculture and transferring thereto the weather service of the Signal Service Bureau; the Consular and Diplomatic Appropriation bill was also passed.

WEDNESDAY, MAY, 23.

The Senate decided not to consider the Fisheries treaty in open session. Democratic members of the House Committee on Rivers and Harbors are dissatisfied at the changes made by the Senate committee; items for the New England States have been largely increased, while those for the Southern States have been slaughtered.

THURSDAY, MAY, 24.

No business was done in open session of the Senate yesterday, an adjournment taking place soon after assembling in order to allow members an opportunity to attend the funeral services of the wife of Senator Sawyer; in the House the Post Office Appropriation bill was considered.

A favorable report has been made on the bill for the establishment of a Department of Agriculture, but that portion was stricken out transferring the Weather Bureau to the new Department.

FRIDAY, MAY, 25.

The question of reducing to a simple majority the vote necessary to override a Presidential veto was discussed in the Senate yesterday by Mr. Stewart, and the conference report on the Pension appropriation bill was passed; in the House the Post Office appropriation bill, the Marine Conference bill and several other bills were passed.

SATURDAY, MAY, 26.

In the Senate Mr. Blair introduced a joint resolution proposing an amendment to the constitution, and the bill increasing the appropriation for the expenses of collecting customs revenues was passed; the House proceedings were unimportant.

In secret session of the Senate the Fisheries treaty was indirectly discussed, but was not formally taken up.

SUNDAY, MAY, 27.

Nothing of special interest was done in Congress yesterday.

A COMMON SENSE TALK.

KIND READER.—We do not desire to mislead any one, neither do we want to deceive or take advantage in any manner. Please read carefully what we have to say from time to time in this column. Digest the facts, and if an unbeliever, meditate, and if our remarks are not reasonable in your mind pass them by. If you are favorably impressed, give us a trial. Allow us a chance to prove to you, your satisfaction that what we preach is gospel truth. Appeals to your judgment, common sense are the only arguments we are soliciting your trade. It is for our interest, we deal honestly with you. Confidence is the very essence of the contract between the merchant and the customer, and how can confidence exist between buyer and seller when one of them intends to treat the other wrongfully. We do not intend to be unjust to our customers, because injustice is always sure to meet its proper end.

Now a few words as to what we are doing. We have been here only one month, but in that time we have built up a tremendous trade, our sales running as high as \$400 per day. From the very beginning we have had a larger trade than many houses of years standing, and it is conceded by all fair-minded persons that we are having a decidedly the largest trade of any new house that ever opened here, and what is the meaning of all this? It means that merit will always win, that right will conquer wrong, that the Cash System, close attention to business and economy is bound to force to the wall the inflexible credit system, with its twin brother, high prices. Our low prices have caused a vast amount of distress from some of our competitors. We have seen some articles drop 25 cents on the dollar when it was declared that they were being sold as low as could be afforded before. In many things we have lowered the price down from 5 to 25 per cent. Please give us credit for what we deserve, nothing more. Understand us that we do not claim to be better or smarter merchants than many others, but we do claim that we can afford to sell goods from 5 to 25 per cent cheaper than firms who buy and sell on time. The firms that buy and sell on time besides having to pay more for their goods, and losing the discounts, always loses more or less by bad debts, and besides an honest profit they have to put on an extra profit to cover their losses from that source, and you and every other paying person has to pay it. Not so at the Bee Hive. Here you buy everything at a close, quick profit, and do not have to pay what we lose by dishonest people's rascality.

We are just in receipt of a big stock of Farmer's Supplies, and are offering special inducements in that line. Glance at the following prices: Combs from what you have been paying, and then think of the little fortune you will throw away in a lifetime unless you come direct to headquarters. We are offering:

- Ames' Steel Spades at 85 cents. " " shovels at 75. Rowland's steel spades at 50 cts. " " shovels at 52. Steel bay forks at 37 cents. Large size handled hoes at 18 cts. Trape chains at 42 cts. " " heavy, at 37 cts. " " very heavy, at 42 cts. Disk and Farmer Friend Plow Points at 75. Big bargains in grain and grass scythes, cutlery, &c., &c.

We make a specialty of shoes and call your special attention to our line of BEE HIVE SHOES. Our low prices carry them off with a rush. We have already bought our third stock. We have sold as high as 90 to 100 pairs a day. We call your special attention to our line of Bee Hive Shoes. Every pair warranted, and if they do not prove as represented we will make a reasonable allowance.

HATS! HATS!! HATS!!! HATS!!!! Men's fur hats at 69, 88 and 99 cents, worth double.

TO THE LADIES! In dry goods and notions we are offering unheard of prices. We are offering a line of colored silks at 38 and 40 cts. worth double. All the latest styles in dress gingham at 7 to 9 cents sold by other houses at 8 to 10. We have the nicest line of white dress goods ever shown in Winston, at prices from 62 to 18 cts. An elegant line of Bree Mixtures, Cashmeres, Chambrays &c., &c. In conclusion we oblige ourselves to try by all honorable means to save you some money, and if we cannot do it we don't ask your patronage. You will find us ever fighting against the old rotten credit system, against big prices, for money, for reputation and for the best interest of our customers.

Yours anxious to please, W. D. Baity & Sons.
