"A chief among you take notes, And, faith, he'll regret it."  
Any subscriber who fails to receive the REPORTER AND POST every week is requested to report the failure. We want to see where the fault is.

Flux is somewhat prevalent.  
John King is back from Oak Ridge Institute.

June 21st (Thursday) will be the longest of the year.

We had frost in this section last year as late as June 11th.

The passenger train is now running through to Mt. Airy.

There is a prospect of a most bountiful crop of blackberries.

The peculiar fragrance of new mown hay will soon be wafting on the breezes.

It is not often that there comes a good season for planting as we have had this year.

Grain is generally looking well, the exception being generally confined to late wheat and oats.

Mr. Atry is distant 66 miles from Greensboro by the railway, and 38 miles from Walnut Cove.

Fearless Harness Oil is the best leather dressing for sale only by Ashcraft & Owens, Druggists, Winston, N. C.

There are in jail one white and two colored men serving out sentences; and two white men and one colored for trial.

Messrs. King, Stack, Dalton, and Spot Tylor went to the Democratic State Convention at Raleigh last week.

If you are tired of a shoulder brace go to Ashcraft & Owens, Druggists, Winston, N. C.; they guarantee a fit or no charge.

The clear weather this week has been taken advantage of in earnest by our farmers who had become behind in their work on the crops.

There are three male prisoners serving out sentences in jail, one white and two colored; two males white and one male colored for trial.

We do not know who would be exaggerating were we to say that the preparation for the tobacco crop this season is greater than any hitherto.

"The long wet season" which began two weeks ago held up last Saturday, since which time we have not been visited with rain excepting from a passing cloud on Sunday.

The most goods for the least money. If this is what you want read what Thornton & Co. say in another place in this paper and if in need of anything go and see them or send in your order.

The Dan River bridge for the Madison branch of the C. F. & Y. V. Railway is now being built at Summersville. Grading on his has— which is only 11 miles in length—will be completed in about six weeks.

\$160.00 will now buy the Farmers Saw Mill, \$100.00 the Dixie Planer, \$275.00 the 6x24 inch Tar Heel Planer and Masher. Manufactured by the Salem Iron Works, Salem, N. C. Write for full descriptive circulars.

A number of persons throughout the county have been robbing their bees within the last ten days generally with good results. The last two years were failures for our bee keeper, but the prospect this season is good. Those who desire to base their bees provided for beyond the uncertainty of wild blossoms should sow buckwheat.

The Madison Leader is the name of a paper recently launched into the current of weekly journalism. Its editor, Mr. Phil A. Peartree is familiarly known to our citizens, he was formerly on the REPORTER. It is sprightly and neatly printed, and we hope its proprietors will secure that patronage which should be extended to it, as that section of Rockingham county will soon possess the opportunities for development that railway communication furnishes.

When you go to Greensboro don't fail to see Eshbates' mammoth stock of ready-made clothing, said to be the largest in the State, there too you will find a large assortment of hats and furnishing goods. If you want to be assured of the low prices they ask for goods, you have only to stop and judge from the crowd of customers and busy clerks. Now that we are getting such a close neighbor to Greensboro, hundreds of our readers will be going downmost weekly and they must remember the place to buy the most goods for the least money. Many of our country merchants might do well to see the Eshbates stock.

There is no reason why anybody should go naked this summer. Sample S. Brown's One Price Hoses, Greensboro, sells a seagrucker coat and vest for \$1.25, a pair of cottonade pants for 60 cents, a pair of tennis shoes for 75 cents, checked shirt for 25 cents and malaga hat 15 cents,—all men's sizes,—making only \$3.00 for the entire outfit. What is the use of complaining about hard times when a little money goes so far!

The Bulletin of the N. C. Board of Health is a report published monthly at the Secretary of the Board, at Wilmington, N. C. It is devoted to a review of the health of the State for the previous month, summary of reports from county superintendents and correspondents. We note that in its last report, Stokes is among the counties from which no report had been received. How does it come that Stokes is among those counties from which no report has been received, when two physicians live at the county seat where the jail is located, and one of whom is the attendant at the poor house, when a postal card would contain all the information requested.

The following are the buying prices of produce in Danbury: oats 45 to 50 cents, wheat 75 cents to \$1, rye 75c, corn 50 to 65, peas 60, cherries, blackberries 8, raspberries 12, damsons 6, 4 unpeeled peaches 3, bright peeled peaches 4, unpeeled peaches 2, fancy peaches 10, 4 apples 21, bright sliced apples 4, fancy sliced apples 5, honey 10, beeswax 18; chickens 10 to 15, butter 10 to 15, eggs 12, chestnuts \$1, gubers (peanuts) \$2, vinegar 25 to 40 (scarcely), rabbit skins 15 cents, possum skins 8 cents, coon skins 10 to 25 cents, otter skins 75 to \$1, beaver skins (cleaned of fat) 75 cents per pound, green hides 5 and dry hide 10 cents, tallow in cakes 41 cts, and goose feathers 50 cents.

**Tax Listing.**  
The tax listers will meet at the following places and times: Danbury, June 4th, and 5th; Wilson's Store, June 6th and 7th; Germantown, June 8th and 9th. The tax payers should be ready to give in their lists.

**MARRIAGE LICENSES.**  
The following marriage licenses were returned to the Register of Deeds since our last report:  
John Franklin Duncan and Nannie P. Joyce; Francis Marion Davidson and Eliza Townsen Dotson; William Dodson and Elizabeth Morefield; Wm. G. Shuff and Flora Tucker, old; Wm. Stanley and Cora Slate.

**The Mt. Airy Celebration.**  
At a meeting of the citizens of the town of Mt. Airy, the 20th of June was finally appointed as the day to celebrate the completion of the Cape Fear & Yadkin Valley Railroad to this point. A grand German will be given at night. Music by Kessnick Band of Richmond. All the citizens of North Carolina and surrounding states are cordially invited to attend.  
Geo. W. Spangler, Sec'y.  
Mt. Airy, N. C., May, 19, 1888.

**Fertilizer and Tobacco.**  
The roads are bad, very bad, but one could hardly expect any thing else for it seems our people have quit working them and gone to hauling fertilizers. We are told that it is no uncommon sight to see fifty or sixty wagons the same day at Walnut Cove, most of them for fertilizer. These with the large number going through to Winston, must make bad roads, considering the abundance of rail that has fallen of late. We are fearful that our people will overdo the thing on tobacco and fertilizer again this year. Better try and work your little corn patch as much as one time anyway.

**At the Mines.**  
We were on the ground this week where Capt. Shelly, the mining engineer is developing the iron. He says he is taking out some as fine iron ore as he ever saw. That is saying much when we consider that he is an expert miner and has been through many mines in this and other countries, and has been in the business fifty or sixty years. The Capt. says he will get all the ore wanted, every mine so far developed having proved satisfactory, more indeed than was claimed for them. It seems that nature fixed this for a great manufacturing section, iron, manganese, lime, fire clay and timber within a radius of a few miles, in a country probably as healthy as any, with hundreds of sites for machinery on bold never failing streams.

**Ephoid, Scarlet and Yellow Fevers, Measles, Diphtheria, Small-pox, Cholera, etc.**  
Darby's Prophylactic Fluid will destroy the infection of all fevers and all contagious and infectious diseases. Will keep the atmosphere of any sick-room pure and wholesome, absorbing and destroying unhealthiness and contagion. Will naturalize any bad smell whatever, not by disguising it, but by destroying it. Use Darby's Propylactic Fluid in every sick room.

At Brown's Drug Store, Winston, N. C., you can get special prices in oils, varnishes, paints &c.  
When passing Walnut Cove remember that you will be well cared for by stopping at the Walnut Cove Hotel, kept by Mr. L. W. Lewis. A. 11 3m

Prudence is a commendable virtue, but it is never seen in such beauty as when a mother provides herself with a bottle of Dr. Flint's Cough Syrup for cases of emergency. For sale everywhere.

**COMMISSIONERS MEETING**  
The Board of County Commissioners met in regular session last Monday, C. M. Lasley, chairman, Caleb Hill and A. M. Boyles present.  
Ordered that paper claims amounting in the aggregate to \$147.50 be paid.

Ordered that the following promissuous claims be paid; to J. D. Hicks for 3,000 shingles and timber for the poor-house \$9.25; W. H. Shelton burial expenses of Nelson Shelton pauper \$9.92, E. P. Pfaff for building bridge across Little Yadkin near Dalton to bear interest at 6 per cent. till paid \$325, balance \$174; C. M. Lasley co. com. 6 days and 96 miles \$16.80; A. M. Boyles, 6 days and 192 miles \$21.60; C. Hill, 3 days and 51 miles \$8.55; D. V. Carroll, clerk of the Board of county commissioners, stationery, making purchase taxes, etc. \$84.50. S. T. Edwards 1-8 claim 83 cents; C. W. Glidewell keeping poor house from May 1st to June 1st 1888 \$40.50.

Ordered that the following releases be granted; John Bennett from poll tax for 1887, \$2; Fair & Waddell tax on personal property, error on listing \$28.80.  
Ordered that E. W. Culler repair bridge across Gladden's creek near Sander's mill and present itemized account to the Board.

N. O. Petree Clerk of the Superior Court submitted his report of fines and taxes collected since Feb. 6th 1888 amounting to \$126.35 which sum was approved and ordered to be filed.

**JUSTICES MEETING.**  
At a meeting of the Justices of the Peace of Stokes county held last Monday, the following were present, viz: David Poindexter, W. V. McAnless, Lewis Taylor, A. J. Pringle, John N. T. Martin, William T. Campbell, E. W. Culler, P. D. Watkins, A. J. Wall, Joel F. Hill, J. E. Crews, C. R. Lawson, A. M. Boyles, James W. Davis, S. B. Taylor, John C. Clark, P. H. Mabe, Z. S. Alley, M. T. Mitchell, present 22, whole number in the county 84.  
C. M. Lasley acted as chairman, and D. V. Carroll secretary.

The following levy of taxes made for 1888: For State taxes 20 cents on \$100 valuation, 60 cents on poll; schools 12 1/2 on \$100 valuation, 37 1/2 on poll; poor 5 on \$100 valuation, 15 on poll; county 25 1/2 on \$100 valuation, 87 1/2 on poll. County levy under schedule B & C the same as the State levy, except on retailers license which is only one half of State levy.  
An election for County Commissioners for ensuing term was next in order and resulted as follows:

- C. M. Lasley 18
- C. Hill 16
- A. J. Brown 15
- H. C. Lackey 4
- B. F. Bynum 4
- D. F. Tillotson 3
- M. T. Simmons 2
- H. A. Brown 1
- A. M. Tillotson 1
- William Hylton 1

The first three names were declared elected.  
For County Superintendent of public schools:  
A. M. Stack 17  
Dr. Abe Martin 3  
C. R. Lawson 2  
J. F. Craven 1  
A. M. Stack was declared elected.  
S. B. Taylor, M. T. Mitchell and Joel F. Hill were elected a Board of Education.  
An election for a finance committee resulted in the election of Green F. Daniel, J. A. Leak and J. Y. Phillips.

**STATE CLEANING.**  
Greensboro Workman: The man, Houston, who on Monday last, in Winston, shot and killed the woman, Kate Cosby, was brought to trial on Thursday before Judge Clark and found guilty of murder in the first degree. We understand that the Judge insisted upon this early trial in justice to the county and State to avoid needless expenses. And he is to be commended for the act.—  
The C. F. & Y. V. Railway, reaching from Mt. Airy, Surry county, to Bennettsville, S. C., a distance of 225 miles, is already a big thing. How much more when in addition to its branches to Millboro on the south and Madison on the north it finds its true water outlet at Wilmington. It will then cover about 325 miles with its cross ties and rails. A big thing.

Winston Sentinel: (Pilot Mt. correspondence.) By the way, I was at Danbury the first Monday and there was a very good turnout of the old Stokes citizens. Mr. Buxton would poll well with them and will make a good run. They are not in favor of being taxed for the R. & S. Railway, that is, the whole county, but they are very strong in favor of the road, provided a company will build it without its costing their anything.

Washington Progress: South Creek ships the first barrell of Irish potatoes from this section. The steamer Washington brought them up last week and they were shipped over the Railroad.

Wilmington Star: The shipment of watermelons North from Florida has commenced—car-loads passing through Wilmington daily.

**"Decoration Day."**

The years that have elapsed since the close of the civil war have served to obliterate all sectional feeling, and a united and prosperous nation joins in keeping green the graves of all its beloved dead. It is in this spirit that the publisher of the NEW YORK FAMILY STORY PAPER has had written a thrilling and pathetic romance, peculiarly appropriate to this national holiday, entitled "Faithful Lenore; or, His Grave Kept Green." In the same paper will also be found a weekly instalment of the "Life and Adventures as a Showman of P. T. Barnum," written by himself, and equally interesting to the young folks as well as heads of families. These are rare literary treats, and these of our readers who are not already enjoying them will do well to obtain No. 766 of the NEW YORK FAMILY STORY PAPER of their newsdealer or send direct to the publisher, Munro's Publishing House, Nos. 24 and 26 Vandewater Street, New York, and receive the paper four months for one dollar, postage free.

**Land Sale.**

By virtue of a Vendition Exponea to me directed and now in my hands, issued by N. O. Petree Clerk of the Superior Court of Stokes County on the 7th day of May 1888, I will expose to sale to the highest bidder ready money on the 1st Monday in July 1888 (being the 2nd day of said month), at the court house door in the town of Danbury, the following described tracts of land lying and being in the county of Stokes: Three lots in the town of Danbury adjoining the lands—Pepper and others containing one half acre each, one other in the town of Danbury known as Smith's hugg-house lot containing one half acre, also four other tracts of land viz: One tract known as the tan yard tract containing three hundred acres, adjoining the lands of W. W. McCausles and W. A. Estes, one tract known as the mill tract containing eight and a half acres, adjoining the lands of James Rierson, Sr., on the waters of Flat Shoals Creek, one tract known as the Watkins tract or lot in Danbury, adjoining the lands of J. A. Pepper and R. L. Datto, containing one half acre; one other tract of five acres bought of Wagner adjoining McCausles and Pepper in Danbury, which lands were levied on by the 23rd day of February 1888, under an execution issued by N. O. Petree Clerk of the Superior Court of Stokes county upon a judgment rendered in favor of R. W. George plaintiff against L. F. Smith defendant which judgment is docketed on the judgment docket of Stokes county, said lands levied on as the lands of said L. F. Smith and will be sold to satisfy the aforesaid judgment. June 2nd 1888.  
R. L. DALTON, Sheriff.

The REPORTER-POST should be a regular weekly visitor to every family in this county both for the good of the families and for our own sake, and for this one, among a number of reasons; we are endeavoring to do a good service by acquainting the people with the county's history and resources, thereby instructing our people in what they ought to know, and at the same time drawing the attention of individuals from abroad who may be induced to make investments here and introduce industries among us. And while we are working for the interest of the county, at large, we feel we ought to have its substantial support in the way of a liberal subscription list, for as Bradford who published the first Bible in America under the colonial government, at Philadelphia, said in his subscription prospectus "printing is costly," and when we say "printing is costly" we are not taking into account any remembrance for the preparation of the matter for the paper, and for conducting the business.

We furnish a paper which to say the least will not suffer in comparison with any county paper in the State; indeed there are original articles, covering a vast and varied range of subjects, regularly contributed to this paper which we consider would do credit to the more pretensions city dailies of the State. Much attention is given in its columns to matters of more than passing interest to the farmer, and the farming interest of this county affects every one of its inhabitants it is as yet paramount to every other interest in this county. The very latest general and state news is given on the columns set apart for that department; and its miscellaneous selections are carefully sifted from its sixty exchanges.

Send on your money as once and then talk to all your neighbors at afterwards and try to get them to subscribe.

A COMMON SENSE TALK.

**KIND READER.**—We do not desire to mislead any one, neither do we want to deceive or take advantage in any manner. Please read carefully what we have to say from time to time in this column. Digest the facts, and if an unbeliever, meditate, and if our remarks are not reasonable in your mind pass them by. If you are favorably impressed, give us a trial. Allow us a chance to prove to your entire satisfaction that what we preach is gospel truth. Appeals to your judgment and common sense are the only argument we use in settling your trade. It is for our interest we deal honestly with you. Confidence in the very essence of the contract between the merchant and the customer, and how can confidence exist between buyer and seller when one of them intends to treat the other wrongfully. We cannot afford to be unjust to our customers, because injustice is always sure to meet its proper desert.

Now a few words as to what we are doing. We have been here only one month, but in that time we have built up a tremendous trade, our sales running as high as \$400 per day. From the very beginning we have had a larger trade than many houses of years standing, and it is conceded by all fair-minded persons that we are having decidedly the largest trade of any new house that ever opened here, and what is the meaning of all this? It means that merit will always win, that right will conquer wrong, that the Cash System, close attention to business and economy is bound to force to the wall the infernal credit system, with its twin brother, high prices. Our low prices have caused a vail of distress from some of our competitors. We have seen some articles drop 25 cents on the dollar when it was declared that they were being sold as low as could be afforded before. In many things we have forced the price down from 5 to 25 per cent. Please give us credit for what we deserve, nothing more. Understand us that we do not claim to be better or smarter merchants than many others, but we do claim that we can afford to sell goods from 5 to 25 per cent. cheaper than firms who buy and sell on time. The firms that buy and sell on time besides having to pay more for their goods, and losing the discounts, always lose more or less by bad debts, and besides an honest profit they have to put on an extra profit to cover their losses from that source, and you and every other paying person has to pay it. Not so at the Bee Hive. Here you buy everything at a close, quick profit, and do not have to pay what we lose by dishonest people's rascality. We are just in receipt of a big stock of Farmer's Supplies, and are offering special inducements in that line. Glance at the following prices. Compare them with what you have been paying, and then think of the little fortune you will throw away in a life time unless you come direct to headquarters. We are offering:  
Ames' Steel Spades at 85 cents.  
" " shovels at 75.  
Korland's steel spades at 50 cts.  
" " shovels at 52 "  
Steel fork forks at 37 cents.  
Large size handled hoes at 18 cts.  
" " heavy, at 37 cts.  
" " very heavy, at 42 cts.  
Dixie and Farmer Friend Plow Points at 75.  
The bargains in grain and grass scythes, cutlery, etc., etc.

We make a specialty of shoes and call your special attention to our line of BEE HIVE SHOES. Our low prices carry them off with a rush. We have already bought our third stock. We have sold as high as 90 to 100 pairs a day. We call your special attention to our line of Bee Hive Shoes. Every pair warranted, and if they do not prove as represented we will make a reasonable allowance.  
**HATS! HATS!!! HATS!!! HATS!!!!**  
Men's fur hats at 69, 88 and 99 cents, worth double.

**TO THE LADIES!**  
Fine goods and notions we are offering unboundedly of price. We are offering a line of watered silk at 25 and 40 cts. worth double. All the latest styles in dress gingham at 7 1/2 to 9 cents sold by other houses at 8 to 10. We have the latest line of white dress goods ever shown in Winston, at prices from 6 1/2 to 18 cts. An elegant line of large Mixtures, Cashmeres, Clamburys, etc., etc.  
In conclusion, we pledge ourselves to try by all honorable means to save you some money, and if we cannot do it we don't ask your patronage. You will find us ever fighting against the old rotten credit system, against big prices, for money, for reputation and for the best interest of our customers.

Yours anxious to please,
