Attention Farmers!

WILL YOU USE FERTILIZER FOR YOUR TOBACCOCROP THIS YEAR? IF YOU DO THE

BEE HIVE

Is on hand with Anti-Trust and Anti-Combine Flag, carrying an assortment of High Grade Tobacco Fertilizer manufactured by men who make no deal with any man or set of men to force the prices of their productions above an honest, legitimate price; and you all know that when it gets into the hands of the BEE HIVE force it will be sold at the VERY LOWEST LIVING PROFIT. We will carry in stock the following brands:

OLD DOMINION SOLUBLE, FARMERS FRIEND AND PIEDMONT.

The first is found, by the best analysis, to rank high in the essentials for Tobacco, and it brings a new grade. It is reasonable to suppose that the manufacturers will lose nothing by making it out of the best, when they assure us they will do. Farmers, we confidently recommend OLD DOMINION SOLUBLE to you as a top fertilizer, and we will say that it is our honest opinion, after careful inquiry, that it is a higher grade goods than any sold in this market at 30 cents per bag more.

The second, FARMERS FRIEND, was formerly sold here by Messrs. Hodge & Sullivan, and we have seen no one who used it but that they pronounced its trial perfectly satisfactory. To all those wishing to use FARMERS FRIEND, we promise to give you the right price.

The third, PIEDMONT, was sold, for a number of years, by Capt. J. E. Gilmer, and perhaps there has never been a fertilizer sold here that gave as good satisfaction to everybody, as PIEDMONT. Our price on it will be 1 cent more than many brands of inferior goods. We will also sell, for Oats and Corn, the same goods we sold last fall for Wheat.

ROYSTER'S HIGH GRADE ACID PHOSPHATE

Ask your friends, who bought it, how they like it. They all tell us that it is doing better than other and higher priced goods. Our price will only be \$1.80 per bag, while the same class of goods, sold by other parties last fall, at from \$1.90 to \$2.00, is now \$2.15 to \$2.25. Our terms will be Strictly Cash. We don't feel like selling it to our friends on time when it would cost them about 20 per cent, interest. Beware of those who pose as your friends, by offering to sell you on time. The credit system is only a cunning device, used by some fertilizer companies to make something out of nothing. You had better borrow the money at 6 or 8 per cent., and pay cash for fertilizer, than to buy on time at 20 per

Be sure to see us; it is to our interest to give you good goods; we cannot afford to sell you any thing that we believe to be worthless—it would injure us. We believe, candidly, that we offer a line of goods as good as anybody's costing from 10 to 40 cents per bag more. See your friends, club together and buy the ton.

Yours Anxious to Please,

W. D. BAITY & SONS.

DANBURY

REAL ESTATE AGENCY.

It has occurred to me in looking over this and adjoining counties that one of the chief needs of the section is a central point where those who desire to sell or purchase land may find what they want without traveling over this country. To meet this want I have concluded to open a real estate agency at Danbury, which I hope to make of real advantage to both buyer and seller of either lands in fee or only timber rights. to if you want to buy or sell

Farming Lands, Timber Lands, Mineral Lands, or Mineral Rights, Timber Rights, Town Lots, or Real Estate in any shape put us in position to sell for you. You will pass no title until you get the money agreeable to contract.

If you have any

IRON PROPERTY TO SELL

Either in fee or only the mineral rights, come and see me. If your property has real merit it is now sold with your consent. I will be at the office of Pepper & Sons store, Danbury, N. C., on Saturday, and Monday of each week. I can now offer you on reasonable terms then following lands in lots to suit purchasers:

- 1000 Acres of land lying on both sides of the Sauratown Mountain.
800 Acres of land lying between Moore's Knob and the Hanging Rock, and on south side of the mountain.
150 Acres of land one mile South from Piedmont Springs well adapted to truck farming.
178 Acres 1 1/2 miles South from Danbury, good farming lands.
640 Acres near the Quaker Gap on the North side of the mountain, here is a heavy bed of Hematite iron.
20 to 50 lots within 200 yds. to 600 yds of the Danbury Court House.
400 Acres two miles south from Danbury.
1 store house and two lots, on East side of Court House square in Danbury.
60 lots at Gamaca, or the "City in the woods." These lots are one fourth, to half mile from the celebrated Piedmont Springs. Peppers' Alum springs South Chaybeat Springs, and other mineral springs.
3 town lots, east end of Danbury.
88 Acres of land half a mile South from Danbury.
8 valuable coal properties on Town Fork.
5 manganese properties five to six miles South from Danbury.
1 Gra phite property five miles north from Germantown.
10 Mica properties (more or less developed) six to ten miles north, and north-east from Danbury.
All of the above properties will be sold at low prices on reasonable terms.

Address by mail, or come and see

VAUGHN & PEPPERS OLD STAND

Winston, N. C.

Fine Tobacco!

Each succeeding year shows more and more the importance of growing only the finer grades of Tobacco which in all markets command the highest prices. No section of the world grows better Tobacco than the section tributary to the Winston market. Low grades and common Tobacco can be grown almost anywhere and never pay any profit to any one. The selection and preparation of the land for fine tobacco is of the greatest importance and the selection of a fertilizer especially suited to the land, climate, length of season, adapted to the growth maturity, and curing of tobacco, is very nearly of equal importance. Parties using

STAR BRAND

Last year did not get their Tobacco frost bitten because it ripened early, and was cut and cured before the frost came. When a man goes to buy a horse he is governed by his age, size and condition and especially his adaptation to the particular work to be performed, thus recognizing that there is a difference in horses. Not so with some men

WHO BUY FERTILIZERS.

which are no more alike than horses, yet with them a fertilizer is a fertilizer and all they ask is the price and if low enough they buy, the result generally is poor quality of tobacco, low prices, complaint of hard times, consplot against the Tobacco Warehouse, tobacco buyers and the fertilizers. The same parties will in all probability next season look "around" and buy a new brand of cheap fertilizer and thus continue from year to year, and as they change the brands of fertilizers change to suit the prices they want. THIS IS NOT TRUE a large majority of the best farmers who year after year use

Old Thoroughly Tested and Reliable

STAR BRAND FERTILIZERS

which have outlived their would be competitors and today stand without an equal or rival. There has been more fine tobacco grown by the use of

STAR BRAND SPECIAL TOBACCO MANURE

in N. C., than all other fertilizers combined. Although there has been an advance in fertilizer materials, we have KEPT THE PRICE BY SELLING ONLY FOR CASH and giving our customers with the farmers. The high grade is absolutely guaranteed by the manufacturer. For sale in Winston, Kernersville, Stokesdale, Belova Creek, Germantown, Dalton, Pinnacle, Pilot Mountain, Ararat and other places on the C. F. & Y. V. R. R.

If you desire to make fine yellow tobacco you cannot do better than use ALLISON & ADDISON'S STAR BRAND SPECIAL TOBACCO MANURES.

Very Respectfully

HINSHAW & MEDEARIS.

Winston, N. C., April 8th, 1889.
